Thoraton Of For Chicago - Notes From the Vicinity of Ompah. OMPAH, Nov. 30,-Alongo Thornton pass ed through here last week to say good-bye to his old friends. He is on his way to Chicago, where he has secured a good appointment with a large firm in his old line of business, viz.; the lumber and building trade. Mr. Thornton by his uprightness, strict integrity and ready courteousness made a nost of friends during his eight years sojourn amongst us. He did a large trade with his saw and planing mill and had he not unfortunately been burned out would have still been one of our most valued set-tlers. Mr. Thoroton has sold the residue of

his property, 400 acres, to W. L. Chandler, of Ogdensburg. This gentleman has also purchased the Sliter property and is still negotiating for other vacant farms in the vicinity. He will shortly put up a steam saw mill and will do a brisk lumber trade. Mr. Chandler has the reputation of being a good ushing business man. Just the sort of person we want here to stir us up. A court of revision of the voters' lists was

held at the Mississippi on Friday last, Judge Price presiding. Many names were found to have become non-residents and were placed in parts. His honor had the assistance of Dr. Eikington, who was constituted cierk of the peace. The late epidemic of fever has already disappeared, no new cases having arisen.
