

## BABY ONE SOLID SORE.

Tried Everything Without Relief. No Rest Night or Day. Cure by Cuticura Remedies.

My baby, when two months old, had a breaking sore on his nose, arms, feet, and hands were each one solid sore. I tried everything, but neither the doctors nor the nurses could find out what was the matter. We could do no rest day or night with him. He would cry all day long, and it was no good. I tried the Cuticura Remedies, but I couldn't get him to eat. I had never seen them before. To my great surprise he began to eat again after beginning to use the Cuticura Remedies, the first time he had ever taken the Cuticura Remedies for a little while, and now she is as fit as any baby would be if I had not tried Cuticura Remedies. I write this that every mother may know that there is a medicine that will cure - worst sores and skin diseases.
