THE CELEBRATED

COOK'S FRIEND BAKING POWDER
IS A PURE FRUIT ACID POWDER.

It contains neither alum, lime, nor ammonia
and may be used by the most delicate constitutions
with perfect safety. Its great success
arising from its being intrinsically THE BEST
VALUE IN THE MARKET, as well as its being
thoroughly adapted to the wants of the kitchen, has
excited envious imitations of its name and ap-
pearance. Beware of such.

ENTS IN THE VILLAGES.

Interesting to Very Many Families Who
Have Moved to the City And to Many
More Who Have Friends in These
Places.

LYNDBURST.

Jan. 16.—Yesterday Dr. Wetherell,
while going down to his boat house, attempt-
ed to walk across the bay on the ice. When
opposite Jonas street, the ice gave way,
precipitating him into 40 feet depth of
water. "Old Neddy" Morrison saw the
Dr. drop, gave the alarm, and ran quickly
down and succeeded in fishing "the un-
fortunate" out in a much exhausted condi-
tion. Great shock followed prostration
with excitement, but a few days rest will
make all straight again, and the worst will
be the ruination of a \$250 chronometer.

KINGSTON MILLS.

Jan. 16.—H. Doyle, of Winnipeg, was
visiting John Doyle last week.—Mrs. A.
Donaldson, of Brockville, is visiting Mrs.
John Anderson.—Extensive repairs are be-
ing made to our public school.—H. Doyle is
training a young horse that promises to be
fast.—Our young people are becoming ex-
pert dancers.—Mr. Germain unloaded a car
load of hay at Rideau station, purchased in
the east. Considerable business is being
done at this station.—The wires on the G.
T. R. have been repaired.—A large congrega-
tion assisted at divine service held in Cus-
hendall church on Sunday. After mass the
members of the congregation discussed the
advantages of completing the spire, and
making other improvements, but did not
decide.

ENTERPRISE.

Jan. 16.—Miss Jennie Wagar returned
on Saturday.—Miss Bella Wagar, of Rich-
mond, is visiting here.—Wilson Bell has
returned from New York state. He is about
purchasing E. C. Jackson's farm in Chippa-
wa.—Miss Josie Wellington has returned to
her music class in Sharbot Lake.—Reuben
Jackson is about selling his farm.—Mrs.
Reuben Wagar is gaining slowly.—Mrs.
David Burgess is very low.—Mrs. Well-
ington is very poorly.—Mr. Maybee, of Odessa,
has a valuable horse here last week.—R. H.
Peters is about opening business again.—
The Salvation army have rented the old
Methodist church, where they will hold ser-
vices. Major Woolley is expected on Thurs-
day evening to help in a jubilee meeting.—
Our young people's prayer meetings are
very poorly attended. We should have a
general turn out.—Caleb Raymond has been
elected superintendent for another term in
the Methodist Sabbath school.

WESTPORT.

Jan. 14.—Mrs. Peter Ewing, sr., who
died on the 9th inst., aged 83, was an old
resident, and highly respected, and leaves
a large circle of mourning friends.—The
storm on the 9th did no damage here, only
to blow down the B. & W. engine house.—
Good sleighing; wood is coming in plenti-
fully.—A. Moses & Co., Brockville, have
started a branch clothing store here, in Mr.
M. J. McCann's building, Main street.—
Charley Rodgers was very ill last week; is
now improving.—W. M. Fredenburg has an
expert overhauling his roller mill, and will
increase capacity.—A mischievous boy broke
a light of plate glass in H. W. Lockwood's
shop window.—Since Westport has become
an educational centre there is new life in all
the schools of the district. At the recent
entrance examination a large percentage of
our pupils passed; of the 18 who wrote 14
were successful. The percentage of success-
ful candidates in the various centres was:
Pictou, 36; Gananoque, 40; Kingston, 60;
Newboro 66; Westport 77; these figures
give our district first place and makes us
proud of our schools. Of the successful
candidates 4 were from the village public
school, 4 from the convent and one from St.
Edward's separate school.

BATTERSEA.

Jan. 14.—The rain of last week caused
immense damage to trees in this section.—
The election contest last Monday was very
keen here; both parties worked zealously.
The fire water was much indulged in, and
many hard words resulted; more excite-
ment on an occasion of this kind never pre-
vailed. Many fistic combats were prevented
by cooler heads interfering. In one case, a
hot-headed youth challenged an "old man"
to measure their "John L." powers, but the
old man declined, remarking that he did not
play that game with children.—Washington
Vanvolkinburg broke through the ice on the
lake and narrowly escaped a watery grave.—
The ice was never in such a treacherous
condition as this winter.—The wisest weather
prophet that ever struck this village, came
last week in the shape of an "injun," for
when asked what sort of weather we were
going to have, he replied, "Oh, nuthin'."—
Miss Joyce, of Joyceville, has been engaged
to teach in No. 4 school section, and Miss
Cunningham for Milburn school.—Richard
George, of the North-West territory, after
an absence of twelve years, paid a visit here
last week.—Miss Maggie Eby, of Kingston,
is guest at Henry Knapp's.—Mrs. Davy, of
Millburn, is seriously ill.—The church choir
has been re-organized with James Hughes as
leader.—Rev. Mr. Laird, of Sunbury (Pres-
byterian), held meeting in the stone school
house on Monday night. He will continue
them monthly.—The pile of Watus that
comes to this office is great, compared with
those of other papers. The people, grit or
tory, generally like the best reading they
can get.

NEWBORO.

Jan. 15.—The annual meeting of the
Crosby agricultural society took place in
the town hall, Newboro, on Jan. 9th. The
elected officers were: President, R. H.
Preston, M.P.P.; vice-president, Thomas
Cannon; directors, F. C. Singleton, Wil-
liam Bass, Joseph H. Butler, Henry Free-
land, Edward Leech, Oliver McNally, Allan
Preston, J. H. Singleton and Edward Kerr;
auditors, J. T. Gallagher and D. H. Cole.
The secretary and treasurer will be appointed
at the first meeting of the new year. There
stands to the credit of the society \$117, and
the new officers will labour to make the ex-
hibition of 1889 surpass that of all former
years.—John R. Wight, Ottawa House, re-
ceived his new 'bus sleighs from D. Fisher,
Farmersville, last week. They are a fine
pair of bobs.—Division court at Newboro
to-morrow before Judge Reynolds.—J. A.
Shaver will shortly open up a provision
store.—W. Draffin paid Carleton Place a
visit last week.—The Haydn Quintette club,
of Brockville, are desirous of giving one of
these concerts here.—The parties who had
squatted on islands in Mud Lake met in Dr.
Preston's office last week to arrange to have
the islands surveyed and deeds obtained.
Walter Beatty, of Delta, has secured the
contract of surveying them and commences
duties at once. The name of Mud Lake is
an eye sore to the inhabitants here. It ought
to be called "The Lake of The Hundred
Islands," as it truly is.—Dr. Preston will
leave for Toronto next week to attend his
parliamentary duties.—Good dry hardwood
is selling here for \$3 per cord and soft wood
at \$1.75 per cord.—There will be no ser-
vices

in St. Mary's (Episcopal) church here next
Sunday, as the Rev. Mr. Wright will be
absent on missionary work in Hastings
county.

YARKER.

Jan. 15.—Miss Cora Moles, of Arnprior,
is in charge of Yarker public school. She
comes highly recommended.—Owing to
Yarker being easily situated in a hollow the
heavy storms have no effect on us.—George
Dier's barn near here was badly damaged
by the heavy wind.—Yarker has not ac-
commodation for all who wish to remove
here.—W. Gordon & Co. will again operate
the tannery here. The facilities for tanning
will be increased, thus creating a good mar-
ket for hides.—The C. M. choir has been
newly organized under the supervision of
Mrs. Shibley.—Andy Hill and his aides are
now engaged in getting out the stone for the
railway bridge here.—Alf. Connolly is a
partner in the foundry as well as the pump
factory. All is under the name of Connolly
& Bro.—Hay has declined in price here
owing to competition.—S. Winter will again
embark in the flour trade. Motto: Cash
sales, small profits.—The country is so full
of butter that merchants are sending theirs
to Montreal commission houses; thereby
losing about 3c. or 4c. per lb., and owing to
competition are forced to pay 20c. per lb.,
and some of it only fit for axle grease; but
they must not complain, or a customer will
be offended.—The country merchants should
in each township form an association as city
grocers are doing to protect themselves. In
the matter of a repetition of debt running
as has been shown by the Kingston grocers
they are losers, as parties have a habit of
getting into debt in every store in the coun-
try. Regulation is needed regarding biscuit
and confectionery manufacturers selling to
consumers.

ODESSA.

Jan. 16.—Turn the modern city editor
with his big, big shears loose in the country
correspondent's copy and he becomes a
veritable bull in a china shop. It's his
fiendish delight to nip a word here and
there to lop a bias hunk off both ends and
take a good sized tuck in the middle of the
sentence, making it appear like a three-
legged stool, and the paragraph to meander
like a dog with a game leg minus his tail
and the owner's tag. He eagerly asks for
news but wants that told in one line which
he himself requires a quarter of a column
for. We would much rather he'd recreate
among the 1,000 isles than slashing at an
otherwise newsworthy item understood by
the locality readers if not by himself. Boil it
down! Bah! Give the readers the meat of
a good thing as well as the bone.—The
Ernestown agricultural society officers for
1889 are: Archibald Caton, president; R.
W. Aylesworth, vice president; J. A. Tim-
merman, Sec.-treas.; directors, Wm. M.
Fraser, Henry Benjamin, Wm. Clark, John
W. Denyes and J. A. Timmerman.—Miss
Nellie Aylesworth is looking well after a
six months' visit with friends in the west.
She was welcomed to the old homestead by a
reunion of the family and many friends.
—Thomas Donoghue has returned to the
county town for six months.—P. S. Timmer-
man has been laid up with neuralgia.—Fred
and Frank Aylesworth are attending the
collegiate institute. Fred is missed from
the choir.—A load of saw logs arrived at
the mill this week.—Our school principal
has a beauty of a greyhound.—Once on a
time we're told Peter had faith and tried
to walk on the sea, but alas! he went
through. Some one else tried
the same identical trick on the ceiling of the
Methodist church, with this difference the
hole is there to prove it.—John Gardner,
who has been teaching very creditably a
school near Farmersville, is home on a visit.
—They had a lively time last week over the
trustee election at Victoria section. Fought
hard at the poll all day. The vote turned
up a tie, 24 and 24. Charles C. Snider,
chairman, decided in favour of Mr. James
Johnston.—The Church of England Sunday
school scholars, about thirty, at Thorp mis-
sion last week were entertained by Rev.
Mr. Quartermain. Each child was remem-
bered by the ladies of the Odessa congrega-
tion.—Miss Bertha Booth has returned to
Farmersville.—Cottage prayer meetings on
every Monday night are in vogue.—We
have no regular skating rink this winter but
there is splendid ice on the river.—Some of
the Scott act farmers and some store keepers
are dishing up cider with a spirit. They
should have a care as this plainly comes
under the Temperance act and might set
'em.

When baby was sick, we gave her Castoria,
When she was a child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had children, she gave them Cas'toria

The Hon. Charles R. Ingalls, of Troy, has
completed the twenty-fifth year of his ser-
vice on the supreme court bench of New
York.

A Cure For Deafness.

There have been many remarkable cures
of deafness made by the use of Hagyard's
yellow oil, the great household remedy for
pain, inflammation and soreness. Yellow
oil cures rheumatism, sore throat and croup,
and is useful internally and externally for
all pains and injuries.

A correspondent of the New York World
makes the discovery that the letter A ap-
pears in the name of every president the
country has had. It also figures in the
name of the president elect.

A Valuable Discovery.

F. P. Tanning, Neebing, Ont., says he
has not only found R.B.B. a sure cure for
dyspepsia, but he also found it to be the
best medicine for regulating and invigorat-
ing the system that he has ever taken.
R.B.B. is the great system regulator.

Portraits of the wives of four ex-presi-
dents adorn the walls of the White house,
and members of the Woman's national press
association are moving to have added one of
Mrs. Cleveland.

Broken Down.

"After suffering with dyspepsia, kidney
disease, loss of appetite and pain in the
head until discouraged, I heard of B.B.B.,
took two bottles and am happy to say I feel
as well as ever." Mrs. Rufus E. Merry,
New Albany, N.S.

The Vienna centenarian, Frau Made-
leine Ponza, has just celebrated her 113th
birthday anniversary in the best of health
and spirits. She received several distin-
guished visitors.

Ahead of All.

I have used Hagyard's pectoral balsam in
my family for years and have found it ahead
of any preparation of the kind in curing
colds, etc. I can especially recommend it
for children. Alex. Moffatt, Millbrook,
Ont.

There has just arrived at J. Campbell's
wood yard, Ontario street, the best stock
of sawed or unsawed maple, also the best
of dry slab wood.
