LETTERS TO THE EDITOR.

Scott Act on the Island. WOLFE ISLAND, Feb. 9. - (To the Editor): I notice in your issue a discussion by the county council concerning the Scott act. I was very much surprised at some of the remarks made by our island representatives, Messrs. Horne and Moore. The former said that the temperance people of the island did not patronize the temperance houses. I do not see how we can patronize what we have not got. There is not an hotel on the island owned by a man in favour of temperance. They would procure licenses if they could. Mr. Horne stated that he knew strong supporters of temperance who would not help support a temperance house but would sneak away and put their horses in some out-of-the-way place. Now I consider those remarks, to say the least, ungenerous and unjust. Some of his most ardent supporters were pronounced temperance men, and worked to elect him; and to represent those people to the county council as pernicious, mean, sneaking men, too stingy to pay their way, is certainly not the treatment they expected to receive at his hands. I think the temperance people patronize hotels just as well as the liquor men, although they do not patronize the bars. I know of several temperance men, also some not in favour of temperance, who have stables of their own at the village; and would they not be foolish to put their horses in the hotel stables and leave their own stables empty? I doubt very much whether Mr. Horne or Mr. Moore would be quite so liberal. Mr. Moore said hotel men could not live on wind. Neither can the farmer, mechanic, merchant or doctor. But they can live by their labours. If the hotel keepers cannot live on the patronage they receive there are plenty of pursuits in which they might engage. I am certain they could succeed if they worked as hard as they have been working for the repeal of the Scott act. I am sure also that if there was a temperance house owned and run by a temperance man, one whom the temperance people would have confidence in, it would be well patronized by the temperance people. ELMER WOODMAN.

Holloway's Pills. It is difficult to determine which is the more trying to the human constitution, the damp, cold days of autumn and winter, or the keen, dry, easterly winds of spring. Throughout the seasons good health may be maintained by occasional doses of Holloway's Pills, which purify the blood and act as wholesome stimulants to the skin, stomach, liver, bowels, and kidneys. This celebrated medicine needs but a fair trial to convince the ailing and desponding that it will restore and cheer them without danger, pain, or inconvenience. No family should be without a supply of Holloway's Pills and Ointment, as by a timely recourse to them the first erring function may be reclaimed, suffering may be spared, and life saved.

Dis-graceful Toadyism. Detroit Free Press. After all nowhere is a title more talked of and admired than in a republic. Florida "dearly loves a lord." The Duke of Sutherland has taken up his residence there, and the papers are full of him. It is "his grace" this and "his grace" that. His grace has bought a large property on the west coast and his grace has ever so many gardeners at work, and his grace spends his time in fishing and felling trees, and his grace has five boats on the lake and his grace is affable and everybody likes his grace, and his grace thinks Florida is the finest country in the world and naturally Florida thinks his grace is the finest kind of a gentleman, and to cap the climax a real estate dealer advertises that he has property to sell next to the estate of his grace, the Duke of Sutherland. It's grace before meat and grace after meat down in Florida just now.

He Was Sick. Had a far away look in his eyes, predicted all sorts of evil, short crops, low prices, a new rebellion in the North West. His skin was yellow, and a fever spot on each of his cheeks told of a torpid fever and poisoned blood. A box of Hamilton's Mandrake and Butternut Pills worked a wondrous change, for through their stimulating action on the liver all poisonous germs were removed from the true river of life - the blood. Crop prospects improved, prices were away up, and life at once became filled with new prospects and pleasures. Try Hamilton's pills at druggists and dealers in medicine.

The "Empire" Does Its Duty. TORONTO, Feb. 12. - The Empire editorially denounces the agitation in Ontario against the Jesuits' bill and warns Protestants not to be entrapped "by the same men who fomented the Keil agitation," and declares the Empire will not lend itself to such reckless attempts to arouse sectarian prejudices and array the dominant into two hostile camps, and in its refusal to do so it thinks it will be supported by every sensible Protestant in the dominion.

A Sure Remedy for Neuralgia. Neuralgia is one of the most common and painful affections incidental to this climate. Life to thousands is made miserable through its agency, and as it affects the nerves, only the most powerful and penetrating remedies can reach it. Nerviline has created wonder in the minds of those who have uselessly tried other remedies, since its action seems magical. To all suffering from any kind of nerve pain, internal or external, we suggest a trial of Nerviline. Sold by all dealers in medicine, 10 and 25 cents a bottle.

Advice To Mothers. Mrs. Winslow's Soothing Syrup, for children teething, is the prescription of one of the best female nurses and physicians in the United States, and has been used for forty years with never-failing success by millions of mothers for their children. During the process of teething its value is incalculable. It relieves the child from pain, cures dysentery and diarrhoea, griping in the bowels, and wind-colic. By giving health to the child it rests the mother. Price 25c a bottle.

The New York World says that an analysis of the song, "Come Thro' the Rye," shows the words to be senseless. It is the same with "Scotch Lassie Jean," but the melody is what lives.

A Boon and a Blessing. A boon and a blessing to mankind is Hagyard's Yellow Oil, the great pain destroyer and healing remedy for external and internal use. Yellow Oil cures all aches and pains, rheumatism, lame back, sore throat, croup, deafness, cramps, contracted cords and lameness. Procure it of your druggist.

George Keenan says that the convicts of Russia gamble with bed bugs. That's where they are ahead of the convicts of America. After the hotels and boarding houses are supplied there are no bugs left to play with.

Look Out for It. If you are troubled with a cold or cough however light the attack, look out for it, do not allow it to settle on the lungs; break up the cough by loosening the tough phlegm with Hagyard's Pectoral Balm.

For the restoration of faded and gray hair to its original colour and freshness Ayer's Hair Vigor remains unrivaled. This is the most popular and valuable toilet preparation in the world. All who use it are perfectly satisfied that it is the best. A dying wife at Covington owned up that she had gone through her husband's pockets regularly for twenty seven years, and that she had purloined about \$900 from him to use as pin money. A beautiful young lady became so sadly disfigured with pimples and blotches that it was feared she would die of grief. A friend recommended Ayer's Sarsaparilla, which she took and was perfectly cured. She is now one of the fairest of the fair.
