THE DAILY WHIG.

GIVE THEM UP.

The Scottish American charges to anti-British feeling and the dynamite influence in congress the prevented adoption of a treaty looking to the better extradition of criminals. Canadians, however, are nevertheless determined to protect themselves against associating with such rascals as from time to time take refuge here.

Mr. A. Horn, chairman of the Central school committee, occupied the chair, and introduced the programme with a brief address. The choruses were simply exquisite, the "Bee Song" and the "Swinging Song" being, if possible, the best.

The additions to our criminal population, as they are now made, cannot be tolerated, and there is a limit to imposition. Those who are exiled from decent society in the United States are not likely to become good citizens of Canada.

INDIRECT RESPONSIBILITY.

It is pointed out that "under the American system the members of the cabinet do not require to be elected to their places. Holding no seats in congress they are under no direct responsibility to the people."

Such a system is not in accordance with the popular idea of responsible government. The president himself is not really the choice of the majority of the electors.

And so the cabinet is really not the choice of the people, directly or indirectly, and is sometimes composed of men who, though able and possessed of many excellencies, are not in touch with the people.

It cannot be otherwise as the political system of the United States now stands, but the day seems near at hand when the president may have to elect his colleagues in the administration from the elect of the people.

FEMALE TEACHERS.

The fitness of women for the teaching profession, is, singular enough, the subject of warm discussion in educational circles on the other side. This discussion is made the warmer in consequence of the attitude assumed by such men as Mr. Sheppard.

"It is, in my opinion, a mistake to put a woman in charge of a school. Not that I would cast any reflection upon those who now hold such positions, for their duties are performed as well as they can be by a woman, but in the very nature of things a man would be better qualified to hold the position and to bring up the pupils in the way they should go, not only from an educational point of view, but from a moral one as well."

Mr. Sheppard does not do the women the honour which is their due. He does not think that as principals of schools they are as capable in their discipline and management as the men; he does not say so in as many words, but he means it just the same.

In Kingston the female principals have shown marked executive ability. They have been industrious, painstaking, careful in the inculcation of principles and morals, and

successful in the intellectual development of the pupils. If, indeed, there is a profession in which the women and men meet on grounds of equality it is the teaching profession, and to show preferences—outside of those suggested by the ability of each—is to do the women an injustice which circumstances do not justify.

By co-education, in truth, outside of tuition in medicine—the experiment in which has not been satisfactory in Kingston—are the young people stimulated to do their best, and in pursuance of this system is the best progress made in our public and high schools.

A SUCCESSFUL CONCERT.

The City Hall Packed—Hundreds Turned Away—A Repetition Requested.

"Nothing succeeds like success." Last year the pupils of the Central school gave a good concert; the audience was not large, but every one went away delighted. This year they announced a better programme and the result surprised the most sanguine.

Mr. A. Horn, chairman of the Central school committee, occupied the chair, and introduced the programme with a brief address. The choruses were simply exquisite, the "Bee Song" and the "Swinging Song" being, if possible, the best.

MARCH WINDS.

Troubles and Bronchial Affections. There is probably no season of the year when Cold in the Head and Catarrh is more prevalent, and Cold in the head, speedily relieving and ultimately curing the most virulent forms of Catarrh. On the principal that an ounce of prevention is worth a pound of cure, every home in the land should be provided with NASAL BALM at this trying season, and its use should be freely resorted to on the very first symptoms of Cold in the Head or Catarrh. It is the only genuine remedy and certain cure for these troubles, and its claims are backed by thousands of the strongest testimonials, a few of which we append below:

W.M. SAWYER, Toronto, says: I had a bad attack of catarrh last winter, and like many other foolish people, thought it would wear away. But it did not; instead it was wearing me away, and at last I made up my mind to try something. I got a prescription made up, a powder, and sniffed it up and up until I grew weary, but got no benefit. I then looked over the papers and saw your advertisement in the Whig. I seemed to have confidence in it right away and got a bottle of Nasal Balm, and I can honestly say it was the best investment I ever made, and I strongly recommend it to all sufferers from catarrh and cold in the head. It helped me from the first, and has thoroughly cured me. Every sufferer from catarrh should use Nasal Balm, and leave snuff powders and douches alone.

MR. M. RAY, CANSO, N. S., states: I have used Nasal Balm on several occasions with the children for cold in the head, and always find it effects a rapid cure.

MISS CLARA MACDONALD, Little Metis, Ont., says: I have used two bottles of your Nasal Balm for catarrh with the most beneficial results. To anyone suffering from this most disagreeable disease I can heartily recommend it as a radical cure. I cheerfully give you permission to use this if you desire it.

MR. W. A. MALLORY, Mallorytown, Ont., says: My daughter suffered for years from a most distressing and annoying catarrh. Her case was under the treatment of eminent physicians in the United States and Canada. Two months' use of Nasal Balm has had more beneficial effects than all former treatments combined.

COLD IN HEAD MARCH WINDS CATARRH

The March winds peculiar to our climate, as they sweep over the country, are a terror to even the most robust constitutions as they greatly increase the liability to Colds, Catarrh and Bronchial Affections. There is probably no season of the year when Cold in the Head and Catarrh is more prevalent, and Cold in the head, speedily relieving and ultimately curing the most virulent forms of Catarrh. On the principal that an ounce of prevention is worth a pound of cure, every home in the land should be provided with NASAL BALM at this trying season, and its use should be freely resorted to on the very first symptoms of Cold in the Head or Catarrh. It is the only genuine remedy and certain cure for these troubles, and its claims are backed by thousands of the strongest testimonials, a few of which we append below:

MR. S. E. CHASE, Port Arthur, Ont., says: I have been using your Nasal Balm for catarrh and find myself cured with only one bottle. To call it the best preparation made for catarrh is scarcely strong enough.

MR. J. D. KENNEDY, G. T. R. agent at Brockville, says: "A short treatment with Nasal Balm radically removed all symptoms of my catarrh. The preparation is pleasant and easy to use, and gives immediate and permanent relief."

MR. T. G. TORRELL, mail clerk on the C.P.R., says: "Nasal Balm is a boon to all suffering from cold in the head. It gives relief rapidly and never fails to effect a speedy cure."

MR. J. D. KENNEDY, G. T. R. agent at Brockville, says: "A short treatment with Nasal Balm radically removed all symptoms of my catarrh. The preparation is pleasant and easy to use, and gives immediate and permanent relief."

MR. J. D. KENNEDY, G. T. R. agent at Brockville, says: "A short treatment with Nasal Balm radically removed all symptoms of my catarrh. The preparation is pleasant and easy to use, and gives immediate and permanent relief."

SAMUEL BULTON, Caldwell Mill's Ont., writes: It gives me great pleasure to testify to the great merit of Nasal Balm. I tried other remedies but got no relief. The disease had brought on partial deafness. Yet two applications of Nasal Balm gave me great relief and before the bottle was finished I was completely cured.

P. B. MACNAMARA, merchant tailor, Brockville, Ont., says: As an instant relief for Cold in the Head and Catarrh, Nasal Balm is unequalled. The effect is noticed as soon as it is used.

MR. JOHN BROWN, Kawarong, Algoma District, writes: I have used your Nasal Balm and have no hesitation in saying that it is the best remedy on earth for catarrh. I have only used one half bottle, and it has fully cured my catarrh. I have no hesitation in giving my name as an endorsement of NASAL BALM as the greatest remedy yet discovered for catarrh and cold in the head.

LEWIS ROBERTS, Wyvale, Ont., says: "I recommend Nasal Balm highly to all who suffer from catarrh."

MR. S. E. CHASE, Port Arthur, Ont., says: "I have been using your Nasal Balm for catarrh and find myself cured with only one bottle. To call it the best preparation made for catarrh is scarcely strong enough."

T. H. MUNRO, Parry Sound, says: "Nasal Balm has no equal as a remedy for cold in the head. It is both speedy and effective in its results."

W. H. GABEL, Brevie, Ont., says: "I feel it my duty to write to you and report the result of my using Nasal Balm. I have been a severe sufferer from that loathsome disease, catarrh, and tried several remedies, but got no relief till I purchased a bottle of Nasal Balm. I used it according to directions and it has completely cured me. I take great pleasure in recommending it to all suffering from catarrh."

BEWARE OF IMITATIONS similar only in name and appearance. Ask for NASAL BALM and take no substitute recommended as "just as good." If you cannot get NASAL BALM from your dealer it will be sent post-paid on receipt of price—50 cents and \$1—by addressing FULFORD & CO., Brockville, Ont. Send for pamphlet "Gems of Wisdom."
