

THE DAILY WHIG.

"Opifer per Orbem Dicor."

It doesn't sound well to hear a minister from the pulpit indulge in slang, however current or popular it may be. And yet some representatives of the cloth cannot resist the temptation to "get into the soup," even the great Joseph Cook referring to one of his critics as a "wall-eyed wizard," and to another as an "airy, misinformed."

The Montreal Star is not at all complimentary to the Orangemen. It notes their present restlessness, but says "it is their normal condition, and by this time Sir John has become used to it." Besides it intimates that the "bulk of the Orangemen are conservatives, and they cannot very well break from the party on account of the Jesuit bill."

We learn from the Ottawa Citizen that Mr. Wood, of Westmoreland, on the "question of the hour," unrestricted reciprocity, made a capital speech, "and in a masterly manner answered the principal arguments of the opposition." Let us see. Was it not Mr. Wood that coincided with the liberals on the question of exempting corn from duty, and arranged to vote for anti-exemption when the division occurred?

Speaking of Mr. Picard's refusal to say where he got the evidence that the late tory government in Quebec numerically bled the contractors for election expenses the Montreal Gazette asks: "Why should these slanderers desire to hide their names? Do they fear exposure? Are they thieves, or forgers, or both?"

Hon. John Macdonald has resigned the presidency of the Evangelical Alliance of the dominion because that body is, in his opinion, using its influence for political effect. On reflection it cannot be imagined to what Mr. Macdonald refers if not to the proposed appeal of the alliance to the privy council against the Jesuit Estates act.

When the legislature was discussing the question of ordering supplies for the public institutions the liberals pointed out that they followed the custom of the conservatives. One supporter of the government said that Sanford, of Hamilton, (senator), had supplied thousands of dollars worth of goods to the dominion government without a tender.

Mr. Meredith's motion, in the house the other day, called for the abrogation of the present mode of appointing police commissioners, and the placing of the selection in the hands of a body "more removed from the influence of partizanship, and more directly responsible to and under the control of the people."

It is reported that the officers of the Vermont Central railroad company have contracted with the Detroit dry dock company for the construction of three propellers to ply between Chicago and Ogdensburg. They are to cost \$140,000 each, and be out by the spring of next year.

Tribute to Sir Richard Cartwright. For the Whig. Thou art truly good and gifted, Nature's nobleman; Casting bread upon the waters, Nothing greater can Be the work of prince or statesman.

The local opposition, headed by Mr. Meredith, made a great ado in the legislature over the appointment of so many grits to the license boards. Mr. Mowat had promised to select conservatives as well as liberals for this special service, and he had not given office to quite as many persons of one political faith as of another.

Dr. Wm. Roberts, professor of medicine in the Owen's college, Manchester, England, in writing of Bright's disease, says: "The blood becomes speedily deteriorated, by the unnatural drain through the kidneys. It becomes more watery and poor in albumen, while urea, uric acid and the extractives are unduly accumulated in it."

Four of the fined were committed to gaol, and nine absconded. Mr. R. V. Rogers last night lectured in the Y.M.C.A. rooms on the early missionary work of the Jesuits in Canada. He said it was a failure, as most of their work was Mr. Rogers dealt entirely with the historical aspect of the question. He made no reference to political matters.

It is reported that the officers of the Vermont Central railroad company have contracted with the Detroit dry dock company for the construction of three propellers to ply between Chicago and Ogdensburg. They are to cost \$140,000 each, and be out by the spring of next year. The Frost, Haskell and Averell, of same line, were built at that shipyard, and have proved successful canallers.

MARCH WINDS.

Troubles and Bronchial Affections. There is probably no season of the year when Cold in the Head and Catarrh is more prevalent, and Cold in the head, speedily relieving and ultimately curing the most virulent forms of Catarrh. Oa the principal that an ounce of prevention is worth a pound of cure, every home in the land should be provided with NASAL BALM at this trying season, and its use should be freely resorted to on the very first symptoms of Cold in the Head or Catarrh. It is the only genuine remedy and certain cure for these troubles, and its claims are backed by thousands of the strongest testimonials, a few of which we append below:

W.M. SAWYER, Toronto, says: I had a bad attack of catarrh last winter, and like many other foolish people, I thought it would wear away. But it did not; instead it was wearing me away, and at last I made up my mind to try something. I got a prescription made up, a powder, and snuffed it up and up until I grew weary, but got no benefit. I then looked over the papers and saw your advertisement in the Mail. I seemed to have known you for a long time, and I got a bottle of Nasal Balm, and I can honestly say it was the best investment I ever made, and I strongly recommend it to all sufferers from catarrh and cold in the head. It helped me from the first, and has thoroughly cured me. Every sufferer from catarrh should use Nasal Balm, and leave snuff powders and douches alone.

MR. M. RAY, CANO, N. S. states: I have used Nasal Balm on several occasions with the children for cold in the head, and always find it effects a rapid cure.

MISS CLARA MACDONOR, Little Metis, Ont., says: "I have used two bottles of your Nasal Balm for catarrh with the most beneficial results. To anyone suffering from this most disagreeable disease I can heartily recommend it as a radical cure. I cheerfully give you permission to use this if you desire it."

MR. THOMAS ROCHFORD, Rochford, Ont., says: "I have suffered severely from catarrh and never got any relief until I used Nasal Balm. I never thought I could find so sure a cure. It is a pity all afflicted with catarrh do not know of and use this wonderful medicine."

MR. W. A. MALLORY, Mallorytown, Ont., says: My daughter suffered for years from a most distressing and annoying catarrh. Her case was under the treatment of eminent physicians in the United States and Canada. Two months use of Nasal Balm has had more beneficial effects than all former treatments combined.

BEWARE OF IMITATIONS similar in name and appearance. Ask for NASAL BALM and take no substitute recommended as "just as good." If you will be sent post-paid on receipt of price—50 cents and \$1—by addressing PULFORD & CO., Brockville, Ont. Send for pamphlet "Gems of Wisdom."

The March winds peculiar to our climate, as they sweep over the country, are a terror to even the most robust constitutions as they greatly increase the liability to Colds, Catarrh and it is at this time that NASAL BALM—nature's great remedy for these troubles—proves its magic powers by almost instantly curing them. It is worth a pound of cure, every home in the land should be provided with NASAL BALM at this trying season, and its use should be freely resorted to on the very first symptoms of Cold in the Head or Catarrh. It is the only genuine remedy and certain cure for these troubles, and its claims are backed by thousands of the strongest testimonials, a few of which we append below:

WHERE SHOULD THE CONSUMER BUY? In the ordinary course of trade the consumer buys his tea from the retailer, the retailer from the jobber, the jobber from the importer, the importer from the producer. This is commonly known as the regular channel of trade. This is necessary in most cases as many merchants, both wholesale and retail, have not sufficient trade to purchase from place of growth. STROUD BROS. Are one of the few firms who have built up a trade sufficient to enable them to purchase from first hands, and the benefit of such buying enables them to be the medium through which the consumer of tea can purchase that article without paying several profits. STROUD BROS' name has become a household word in this great Dominion, and their teas are noted for their PURITY, FRAGRANCE AND STRENGTH. STROUD BROS. strongly recommend the tea drinking public to try any of the following brands: BLACK MIXED OR GREEN at 30c. ASSAM (Specially Recommended) at 30c. This is an extraordinary tea for the money, also the 50c. prize tea. The quality of the tea and the prizes given with each pound is a wonder that such value can be given. Buying from first hands and selling at a small profit is the secret of our success. KINGSTON Address, 109 Princess Street. Montreal, Ottawa, Toronto and Belleville.
