CURE SICK HEADACHE. Sick Headache and relieve all the troubles incident to a bilious state of the system...

ACHE. Is the lane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

USE THE IZDAHL BRAND OF PURE NORWEGIAN COD LIVER OIL.

THE GREAT STANDARD REMEDY for all weaknesses and Diseases of the Lungs, Impaired Nutrition, etc. This oil is pure, fresh, nearly tasteless, and there are most reliable for delicate digestion.

W. H. Pearson, jr., superintendent of the Consumers' Gas Company, was united in marriage at St. Philip's Church last night with Annie, the eldest daughter of Mr. James Smith of Chestnut Lodge.

Mr. Deloge, a hotelkeeper at Verden, is a victim of a confidence game to the extent of \$25.

Joseph Wright, an English workman 57 years old, living at 36 Robillard-street, was going home alongside the Canadian Pacific track and crossed the metals just as a train came along and was felled by the engine.

The idiot who rides on the street cars still takes a seeming pride in exhibiting his hogishness. If he has a lady with him and a gentleman arises and gives her his seat, the idiot always neglects to acknowledge the courtesy.

When baby was sick, we gave her Castoria. When she was a child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had children, she gave them Castoria.

Voting would increase the intelligence of women, and be a powerful stimulus to female education. It would enable women to protect their own industrial, social, moral and educational rights.

With Increased Knowledge. Of the laws governing health and the treatment of disease, resort to the physicians is less often made than formerly.

To hold one's ground at times requires more courage, more heroic patience and fortitude, than any other effort we can make. Soldiers can charge against any odds better than they can simply and coolly stand their stand.

Is now quite the rage, but Dyer's Jelly of Cucumber and Roses has no equal for making the hands soft and white. Drug gists keep it. W. A. Dyer & Co., Montreal.

One of the large churches in Manchester, N.H., has a lady as assistant pastor. Her duties are to make pastoral calls, visit the sick, and such general work as will relieve the pastor. One of the prosperous churches of Concord is considering the question of adopting the same plan.

Temperance is a duty of the individual, prohibition a duty of the state.

FOUND IN TORONTO BAY.

PARTIAL LIGHT THROWN ON A MYSTERIOUS DISAPPEARANCE.

Seymour Porter Drowned but Whether by Accident or Design is not Known—Other Toronto Topics.

TORONTO, April 10.—Toronto Bay gave up another of its victims yesterday in the body of Seymour Porter who disappeared last New Year's night, but how he met his death is a mystery and will probably remain one. Deceased was head bookkeeper for the hardware firm of Rice Lewis & Son with whom he had been connected for 23 years, was widely known in business and financial circles.

At least a thousand ladies belonging to all parts of the Dominion assembled in the St. James' Square Presbyterian Church yesterday morning to take part in the thirtieth annual meeting of the Presbyterian Women's Foreign Missionary Society.

Owing to the small attendance at the annual meeting of the Fire Insurance Agents' Association of Ontario, called for yesterday, the meeting was adjourned to a date next summer to be named by the executive.

Charlie Wright, the 3-year-old son of William Wright, 95 Pearl-street, while playing on a raft at the Credit Valley Wharf yesterday morning fell into the bay and was drowned. The body was recovered at 7 o'clock last night.

The \$577,587 waterworks bylaw was voted upon in the city yesterday and was carried by 327 majority. The new ward of St. Alban's was the only division that gave a majority against the bylaw, that majority being but 2.

W. H. Pearson, jr., superintendent of the Consumers' Gas Company, was united in marriage at St. Philip's Church last night with Annie, the eldest daughter of Mr. James Smith of Chestnut Lodge. Rev. Dr. J. F. Sweeney officiated.

MAINVILLE IS SCORE.

The Montreal Manufacturer Suffers From His Flogging.

MONTREAL, April 9.—Andre Mainville is in the jail hospital, his back being very much swollen from his flogging yesterday. "He will be all right in a couple of days," said Deputy Sheriff Dubreuil. "He is such a strong fellow."

Prayer and womanly influence, are doing so much for God by indirect methods, how shall it be when that electric force is brought to bear through the battery of the ballot box?

In purchasing medicines, don't try experiments; the first and only consideration should be genuineness. Ayer's Sarsaparilla has stood the test of forty years, and to-day it is in greater demand than ever—a triumphant proof of popular approval.

Complaints are easy, cheap; anybody can find fault putting his finger on real flaws; cheer, hope, work are the things needed, and these mark the true reformer a thousand times more surely than do the other.

"Ayer's Hair Vigor is a most excellent preparation for the hair. I speak of it from experience. It use promotes the growth of new hair, and makes it glossy and soft. The Vigor is a sure cure for dandruff."—J. W. Bowen, Editor Enquirer, McArthur, Ohio.

The Walking Horse.

The horse that can walk fast, whether he be a saddle, driver or draft horse, always commands a better price than the one equally as good in other respects but a slow walker.

A correspondent in one of our contemporaries says: "The lowest, heaviest mare of her height I ever saw has this year and other years gained walking premiums, walking a mile in twelve minutes entirely untrained." This dispenses of the idea that a fast walker must be a long legged animal. It is the sprightly step, the lively action and the powers of endurance that make up the walking horse.—Detroit Free Press.

Dr. J. - Collis - Browne - Chlorodyne.

THE ORIGINAL AND ONLY GENUINE.

ADVICE TO INVALIDS—If you wish to obtain quiet, refreshing sleep, free from headache relief from pain and anguish to calm and assuage the weary achings of protracted disease, in vigorating the nervous media, and regulating the circulating systems of the body, you will provide yourself with that marvellous remedy discovered by Dr. J. Collis Browne (late Army Medical Staff) to which he gave the name of CHLOROXYNE, and which is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLOROXYNE is the best remedy known for Coughs, Consumption, Bronchitis and Asthma. CHLOROXYNE acts like a charm in Diarrhoea, and is the only specific in Cholera and Dysentery.

CHLOROXYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation and Spasms. CHLOROXYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Meningitis, &c.

From Symmes & Co., Pharmaceutical Chemists, Medical Hall, Simla, Jan. 5, 1880. To J. T. Davenport, Esq., 33 Great Russell Street, Bloomsbury, London. Dear Sir,—We embrace this opportunity of congratulating you upon the wide-spread reputation this justly esteemed medicine Dr. J. Collis Browne's Chlorodyne, has earned for itself, not only in Hindostan, but all over the East. As a remedy of general utility we must question whether a better is to be found in any country, and we shall be glad to hear of its finding a place in every Anglo-Indian home.

The other brands, we are happy to say, are now relegated to the native bazaars, and judging from their sale, we fancy that their sojourn there will be but evanescent. We could multiply instances "ad infinitum" of the extraordinary efficacy of Dr. Collis Browne's Chlorodyne in Diarrhoea and Dysentery, Spasms, Cramps, Neuralgia, the Vomiting of Pregnancy, and as a general sedative, that have occurred under our personal observation during many years. In Cholera, Diarrhoea, and even in the more terrible form of Cholera itself, we have witnessed its surprisingly controlling power. We have never used any other form of this medicine than Collis Browne's, from a firm conviction that it is decidedly the best, and also from a sense of duty towards the profession and the public, as we are of the opinion that the substitution of any other than Collis Browne's is a DELIBERATE BREACH OF FAITH ON THE PART OF THE CHEMIST, TO PRESCRIBE AND PATIENT ALIKE.

We are, Sir, faithfully yours, Symmes & Co., Members of the Pharmacy Society of Great Britain. His Excellency the Viceroy's Chemists.

CAUTION—Vice-Chancellor Sir Page Wood stated that Dr. J. COLLIS BROWNE was undoubtedly the inventor of CHLOROXYNE; that the story of the defendant Freeman was deliberately untrue, which, he regretted to say, had been sworn to.—See "Times," July 13, 1884.

Sold in bottles at 1s. 1d., 2s. 9d., 4s. 6d., and 11s. each. None is genuine without the words "DR. J. COLLIS BROWNE'S CHLOROXYNE" on the Government Stamp. Overwhelming medical testimonials accompany each bottle.

CAUTION—Beware of Piracy and Imitation. Sole Manufacturer, T. J. DAVENPORT 33 Great Russell Street, Bloomsbury, London, Eng.

"Shine 'Em Up"—How Boys Put Diamonds on Boots.

"Did it ever occur to you," said a chemist, "what a remarkable and unique process the blacking of boots is! You see we smear the boot with a preparation of tannic acid, which is entirely devoid of luster, and then by the friction of a dry brush make it shine like the sun. There is not another process like this anywhere in the arts, so far as I know, and I never read any where any scientific explanation of the process. I have a theory of my own, however, which I will give you for what it is worth. The key to the mystery lies in the fact that a diamond is nothing but crystallized carbon. The blacking is a little more than carbon paste, and the friction of a hairbrush being one of the most efficient methods of generating electricity, has the effect of crystallizing the carbon of the blacking. As soon as this is done the boot is covered with millions of infinitely small diamonds, and, of course, begins to shine as a mass of diamonds would. Of course, this is not a perfect explanation of the phenomenon. What part the other ingredients of the blacking play, and especially why it is that the blacking must be moistened, I cannot tell."
