She liked Radford for his worth The night of the husking came at last. The silver crescent of the new moon hung in the west. The air was just string of twinkling lanterns hung across

The anti-Jewish predjudices of central Europe are still strong in the Balkans, where an idea is entertained that ties of ceremonial and even of theological kinship. They are, therefore, shame- | For Spring Suits and Overcoats, of the Latest Designs and | fully, persecuted. Prince Alexander, however, not only protects them, but recently accepted the services of a whole battalion of 500 men, composed exclusively of Jews-an incident without a precedent, we believe, in the history of

The Jews thus honored showed most determined courage; and in the battle of Slivnitza and the following engagement lost one-half their number—200 being killed on the field, besides many wounded. The prince accordingly gave the commandant, Lieut. Misrachi, the gold medal for valor, and publicly thanked the battalion as "worthy descendants of the Maccabees." The Jews of Europe, whose natural foible it is to crave for the distinctions so long refused, will not forget that striking incident.-London Spectator.

Lithography Used in Newspaper Work. The invention of steam presses made lithography applicable to newspaper work. The Graphic has its pictorial pages printed from stone. The cartoons in The Judge and Puck are made by the same process. The extent of the system is not as great as that of type and cut-printing, but its perfection is quite as great in the mechanical sense. In lithographic printing, however, the high speed of the type-press can never be attained.—Cincinnati Enquirer.

Iron and the Precious Metals. The value of the pig-iron produced in this country in 1885 was \$73,000,000. or nearly as much as the combined val ues of the gold and silver products.
