Friends and customers surprised at the wonderful change made in the Old Store but not more so than at the Large Stock of New Spring Goods just arrived and opened There is no use for me to advertise prices, but just to state that our Goods are shown with pleasure and samples given. To hear our prices is to give an order.

Many who have never dealt with the old firm of Thos. Moore & Son imagine their prices were higher than other places. They will find by balling what a mistake they have made, and to buyers advantage to examine our goods before purchasing elsewhere Trade has already commenced to boom and we would advise our old and new cus-
