BOARD OF HEALTH.

THE SUBJECT OF DRAINAGE

Convocation Hall was fairly filled last of Asiatic Cholera-Doctor's Point Out the Origin of Diseases-A Patent Filter Approved of-Advice to the Pcople.

A meeting of the Board of Health was afternoon. There were present: The Mayor, who presided, ex-Mayor Carson, F. Shaw, R. T. Walkem, Q.C., J. McKay, Mixed No. 1 leaves Kingston 9:20 a.m., arrives Prof. Harris, Ald. Irwin and the city the under-graduates in the gallery. Vo don't be been occurred.

AN OFFER FROM OTTAWA.

The mayor read a communication sent Mrs. A. F. Lyster, of the mortuary department, Ottawa. The communica tion asked that the mortuary statistics or the city be sent to Ottawa yearly, and No. 6 by way of compensation for much labor the department offered \$135.32, which city, on Onterio Street, opposite the Tete du | could go towards paying the salary of a Pembroke and Palace Sleepers on Canada | medical health officer. The mayor explained that the statistics would consist the deaths yearly, what the ailments were and their origin, the names of persons, sex, age, religion, etc. He did not know what saultary men thought the prespects were for Assatic cholera reaching the country next summer, but be firmly believed that the board health should take some action and rement of a health officer.

A HEALTH OFFICER NEEDED. Mr. R. T. Walkem moved, seconded by Ald. Irwin, that the board recommend to the council the necessity of a medical health officer and sanitary in-

Ald. Irwin said the time had arrived when the city of Kingston should have a medical health officer. During the past sity. vear and a half there had been diptheria and typhoid fever. These diseases were generally brought on by bad water. visiting patients suffering from typhoid | as she is, and pointed to continental exfever he found that their water-closets ample in support of his arguments. were in close preximity to their bouses. This could be prevented if the city had a health officer.

spector. - Carried.

the Mayor was of the opinion that before taking action on the communication from Mrs. Lyster that lady should be written to, and particulars asked for in regard to the mortuary statistics. His opinion was also endorsed by the

THE DAY FOR MEETING APPOINTED. discussion then arose relative to the the board should hold their meetings during the year. It was decided to meet on the first Wednesday in each month at four o'clock, and on such other days as the mayor thought necessary to summon them. The clerk was entrusted to write for

copies of the Board of Health Act. IMPORTANT COMMITTEE APPOINTED Messrs. R. T. Walkem, Prof. Harris

and Dr. Irwin were appointed a committee to prepare a report, stating the measures thought necessary in the interest of the public bealth. R. T. Walkem remarked that a new system of drainage should be adopted, and all drains built according to that system. AN EFFICIENT FILTER.

Mr. Brokenshire, at this juncture, was given a chance to exhibit his handiwork. out of the well, cannot get up the vacuum of the pump without passing through the filter and being purified. The box is so put on the bottom of the pump that it can be detached at any time and cleanse t. The filter had been shown to several medical gentlemen, and they had
