ANXIOUS TO DO YOU GOOD. I do not 'elieve that kindness is ever wholly lost; slighted at the time yet memory in other days brings it back into remembrance, sometimes to the softening of bard hearts and the bringing to repentance of evil lives. More especially is this true when the one who showed us kindness is gone from us, and we can never make amends to him in this world for our thanklessness. If to any of you belong such saddened memories of your warden there is some pussible comfort in this thought. The word of Christ Himself assures us that "there is joy in the presence of the angels of God over one sinner that repenteth." gladness you failed to bring in this world to the heart of your earthly friend you can yet bring to the hearts of angels round the throne. The proposition simply means that the government shall turn the loan of last session into a bonus upon condition receiving back the company's unsold lands and the stilement would show a cash balance due to the company, and this is what has come of the great things that the Canadian Pacific syndicate were going to do in the way colonizing and settling our North West.
