Montreal, June 26. - Business to-day wa slow and the tone rather weak. A few sales were made at 74 to 71c but the latter figure could only be realized for perfect goods Ingersell, Woodstock, Listowell and Brock tille the offerings have been heavy and the sales noticeably small. This indicates that at present prices there is little disposition to wade in on the part of buyers, who are all i w afflicted with bearish tendencies. The small quantity sold also indicates that factorymen have adopted a holding policy. The question, then, is whether buyers or sellers shall yield first. If Liverpool is to have any voice in the matter the advantage lies with that several hundred people assembled | the buyer.
