MADCAP

The Mysterious Workings of Justice and Retribution.

CHAPTER I.

of those azure trails across her lips, realized, as she had never done before, the lesson of happiness that the flowers teach us year by year.

to you; and so will joy, but you must wait for it, as we have waited long, but struggled into the light at last." And to the heart that can feel this outward influence, there is no death possible; it will rejoice where religion would bid mourn, and in worshiping its Creator's

works, will forget itself. found elements of grandeur in Martha's much serving when he again joined the home circle, as he must have seen with clearer eyes Martha's beauty and helplessness), Madcap, in the vigorous rebound from a crushing blow, had sprung to a keeness of content in her every-day existence that made precious the commonest incident of every-day home life, where all was her own, not stolen from another woman's store of happiness, or snatched at with a sense that hunger impended over the next moment, yet so vividly new that her husband's step thrilled her as when he had been first her lover, and her children's voice sounded sweet in her ears as when they first faltered her name.

She heard herself softly called by one of them at that very moment, and looking round, saw Dody peeping at her from behind a tree, coaxing her with a small forefinger to approach. "Us is going a-maying, mummy," he

said in a whisper; "will 'oo come too?" "To a maying, my sweetheart?" she "It's too late for a maying." "O! no, mother," said Doune, who they've got lilac and things instead of may, and it's just as pretty. I heard Josephine tell the black lady so vester-

Madcap started up, and forgetting that she had promised not to leave that corner of the garden on which Mr. Eyre's study gave (for he could not write, he said, if on looking up now and little brothers from their father, and putting an arm round each, asked them. between the kisses that even in her hurry she could not forget—
"What black lady, and where did you

"S'pose she thought it was grandpa's funeral every day," said Doune, practically. "We met her in the copse, mother, and she is as fond of kissing Dody "And her ky-and ky," said Dodg, shaking his head sadly. "Sink dat's

"No, no!" cried Madcap, passionate-"And were you kind to her, Dody?" added, taking the child's lovely flushed face between her hands. "O! yes," he said, nodding; "me told her not to ky, and kissed her; but me 250 00 is mummy," and he patted her face

250 00 gate, and daddy's gone to sleep," said 1250 00 Doune, taking his mother's hand to lead her away; and seized by a sudden impulse, for which her youth perhaps was 250 00 accountable, Madcap went away with them across the garden to where the

Mr. Eyre had laid no commands on her going out, or coming in, nor had he enforced her promise with regard to Hester; he had simply rendered any meeting between the two women impossible by never letting his wife out of his sight. But to-day the strange octable, the result, probably of those waking nights that had lately fallen to his lot.

French face were permitted by its owner to express deceit—but she answered composedly enough that the maying was a mile beyond the village, and then waited for the children to be given over

dull enough refuge to return to, and she permitted herself to be dragged through the gate that opened on the copse (the only egress from the house save through er length of it, till suddenly, all flushed to the very spot where she had kneeled
