is not as great as in previous years. It is only one half of what it was last season, and it may not be moved. McLaren has all of last year's cut still in the market at Quebec. Other lumbermen are similarly situated. Their Dignity Touched.

The dignity of Kingston's "Big Four" (so named by this paper on the day after their election) has been assailed. The Toronto papers are calling the conspirators the "Big Four." We trust the Pollywog Club will give the subject attention and see that the patent rights of Kingston's Aldermen are respected.

The Aldermen will meet at the Coun-

cil Chamber at 1:30 o'clock to morrow and attend the funeral of Ex-Ald. Mc-Mahou in a body. A special meeting will also be held to-morow evening, when a by-law relating to license fees will be discussed. The regular mecting of the School Board occurs to morrow evening.

The Strike Ended.

The strike on the Bedford branch of the K. & P. RR. has now ended. The navvies, with eight or ten exceptions, have resumed work at the old rate of wages. Several of the disaffected ones have, in Kingston, enjoyed a glorious drunk. They have squandered their money and applied to the railway company for passes to the works.

A Little Too Fresh. The Brockville papers are howling

greatly about Kingston being on Lake Ontario, while the Oddfellows demonstration was named to be on the River St. Lawrence. Humph! If Kingston isn't on the river we'd like to know it; and we are nearer the islands than Brockville, and can, with greater ease, handle and accommodate excursionists. If the demonstration must be held on the River St. Lawrence Montreal should put in its claim. Through the Locomotive Works. On our visit to the Locomotive Works

yesterday we found dozens of machines.

months ago in active operation, standing idle. Some of the buildings have a deserted appearance. The works, however, could not be better equipped, and if business were brisk the Company could turn out six locomotives monthly. Several fine milling machines, a four spindled drill, and a new plate planer have recently been added to the works, but they are not yet set up. During the winter additions were made to the boile. shop. Already about half an acre of water front has been filled in, and as the ground becomes solid buildings will be erected. Christian Mission. The above is the name adopted by the ex-Sergeants of the Salvation Army.

There will be no Captains or Lieuten-

ants, but if the members are sent to other parts of Canada they will be called evangelists. The officers of the Society are: Mr. Bawden, Chief; Messrs. Abernethy and W. Shea, Secretaries; Messrs. Pigion, Harriman, Moore and Fowler, members of the Committee o Management. The Society will hold meetings in the City Hall on Sunday evenings. They are also trying to secure the Victoria Hall for meetings three nights a week during the summer. The converts at present number 21 and when there are 15 more they will have a parade. A public meeting will be held this evening in the Mission Hall. A Clever Performer. John Donnelly, of the firm of James Donnelly & Son, whelesale dry goods merchants, Montreal, is in the city, and his entertainments at the British Ame-

rican Hotel have been resumed. Mr. Donnelly is clever in legerdemain and | Montreal, who has retired owing to his he entered a hotel, laid down ten cents for a cigar, and before the box was returned to the shelf he had helped eight of his friends to the Havanas. The clerk considered the act very mysterious, and John can't approach the cigar box while the young man presides at the counter. Last evening, while entertaining his friends a Kingstonian, gray haired and very honest, saw his performance. He viewed it for a short time, and then hurriedly bid the company good night.

He told parties that he was afraid Mr.

Donnelly must in some way be related

their corset rooms are handsomely ar-

ranged, and will repay a visit. All are cordially invited. The young gentleman who asked some one to "meet me at five minutes past eight o'clock as I have something of interest to tell you," did not turn up on Monday night at the corner of Earl and King Streets as he promised. Had he

done so a hot reception awaited him.
