The difference in the physique of the clubs was very marked. FACING THE BALL.

The ball was faced for under a blazing hot sun at 2 p.m., and a rattling game began. The Kingston first played the rubber, but Napanee got it sharply up mechanics and merchants was very fine. the field, and began to think that they had a really soft game with those "boys." as they were described at first sight. But though several of the "boys" were novices, and none of them were yet in practice for the season, they displayed an aptitude at getting away with the ball that made their opponents play desperately. The local disagreement made victory very desirable for the Napanees. The disappointment was, therefore, great when the first game was taken by Kingston in six minutes, on a very neat throw by Cauningham. Time, 6 minutes.

HOTLY CONTESTED GAMES. The second game was hotly contest. ed. The checking was sharp and severe, and the opportunities for any kind of deliberate play were few. The game was evenly balanced for a quarter of an hour, and then the want of practice and light weight of the Kingstons began to tell, as well as the loss of one player (James) with a broken nose, Napanee finally won in a scuffle at the goal. Time,

The third game was not well in motion before W. Callaghan was laid up with a sprained ankle, leaving the Kingstons' home field thoroughly disorganized, for Greaza and Lindsay were partially used up by rough play. The defence made against Napanee's strong game was a fine one, Mills' goal keeping and Bissonette's play being especially good. For young players Brabant and Corrigan showed fine mettle, while Greaza and the older hands all came up well without exception. The loss of the third and fourth games was a foregone conclusion, and Napanee won in five and a half and six minutes respectively.

VERY ROUGH PLAY. Rarely have we seen such close, wearing play on both sides. The victory was well earned and decrly tost. The used up condition of the visitors was rather strong evidence of rough play against them, but this is inceparable from lacrosse when the stronger men find the temptation great to make use of it. The game was most friendly through out-cordial in fact compared with matches generally. The Kingstonians deserve credit for gentlemanly conduct throughout the trip, and hope before a couple of months pass to make a record

for themselves. The city was reached in good order about 3 a.m. At the same time a foot ball match, under association rules, was being play ed between Belleville and Napance High

Schools, but not completed. NAPANEE BY ELECTRIC LIGHT. In the ovening the horticultural grounds were lit up by four electric lamps. The evening's amusement consisted of a lacrosse match on the grounds by the "Maple Leafs" and "Young Maples," under the glare of the electric light. The match was not very successful as the lights were not sufficient to play under. Prof. Hand was also "on hand" and gave a display of fireworks on a magnificent scale. Sev eral paper balloons were sent up. 10:30 the proceedings were brought to a close. The tickets handed in showed

that 10,000 persons had been on the GATHERING UP THE CRUMBS. Fights were frequent and a few of Kingston's young men were leaders in several scrimmages. They were prompt ly arrested by Chief of Police Allen and his staff. Thomas McKee and W. Cobourn were placed behind the bars. The streets were sprinkled with drankards.

The three lacrosse clubs of this city left here at 6 o'clock and arrived at Na. pance about 9:30 o'clock. They went in two band waggons and a bus. The parties arrived home this morning.

## GANANOQUE V. MAPLE LEAFS. The Leafs Win Three Straight Games-An

Sports are evidently encouraged by the Kingston public, judging by the number who witnessed the lacrosse match in the cricket field on Saturday atternoon. The contesting teams were Gananoque v. Maple Leafs. The Gananoque nien, stout, dressed in brown and white, faced the Maple Leafs, costuned in blue, at 2:30 o'clock. Thos. Parkin, a veteran player, was chosen referee, and R. J. Erlbeck and M. Tichbeurne, Gananoque, umpires. The ball was centred and at once went towards the Gananoque goal. Considerable skirmishing ensued and several good throws for goal were mads. splendid long throw. M. Elliott caught

it and sent it whizzing between flags.

The third game was somewhat lengthy, but the Maple Leafs prolonged it for the pleasure of the company, and gave a good exhibition. Walker, Elmer and G. Little "kidded" the visitors and tickled the onlookers. The exhibition lasted 27 minutes and then Wal ker scored a victory.

The Gananoque men are strong athletic fellows and promise well, but at present they are not experts in hand ling the sticks or in dodging and throw ing. The Leafs play well together but they must practice to maintain their Saturday's work was as good a wo

At the conclusion of the game th band escorted both clubs to Elmer's restaurant, where they were entertain The band, however, belonging to the Blue Ribbon Society, did not share in

## HONORING THE QUEEN. A Dull Day in the City. The Steamers Filled

With Excursionists. The city had a funereal appearance yesterday. Everybody was away pleasure-hunting. In the afternoon the str. Hero left for the Thousand Islands with 500 persons on board. About 800 more remained on the wharf. These desired to go but could not be accommodated. The trip was much enjoyed. An hour was spent at Clayton and a half hour at the Thousand Island Park. Kingston was reached again at 8 o'clock. The addition of a candy'stand on the steam shows that the proprietor is anxious to meet the needs of excursionists.

The steamer Mand left the ferry wharf at 2 o'clock with about 400 passengers. The steamer made her regular trip to Cape Vincent. For upwards of an hour the excursionists viewed the improvements at the Cape and came away satisfied. The Mand was in port again at 8:20 o'clock.

After the return of the people to the city the streets, especially Princess St., assumed a gay aspect. The city was aglow with fireworks, set off by enthusiastic juveniles.
