DOMINION DAY. A MEETING OF THE CELEBRATION COMMITTEE—SUGGESTED PROGRAMME FOR WEDNESDAY—NOT ADOPTED—A SUGGESTION.

A Military Display notwithstanding the departure of the 14th—Showing Up a Ship in the Harbour—Lancers Men Make a Proposition—The Yachtmen and Firemen Make Their Requests Known—A Secretary of Funds.

A meeting of the citizens interested in the Dominion Day celebration occurred in the city council chamber last evening. There were present: Messrs J. Power, J. Strang, J. Crawford, J. McKay, Jr., L. M. Wood, W. R. Dalton, C. Livingston, G. Croghan, P. M. Langhain, T. Mills, M. O'Brien, J. Jackson, Capt. Willis, S. Oberlander, J. Beaugre, S. Thornton, G. Little, W. Little, M. Bateson, W. Pressall, Dr. Curtis, H. Crothers.

J. Crawford was appointed chairman, and L. M. Wood, Secretary-Treasurer. A FIRMEN'S TOURNAMENT. Mr. Bateson was asked how much money would be necessary to meet the expenses of a firmen's demonstration in which four or five companies could be invited to participate.

Mr. Bateson could not give any estimate at once. If firmen were invited from a distance the entertainment of them would cost \$250 a head. DR. CURTIS MAKES AN APPEAL. Dr. Curtis wanted to know if the celebration committee would allow members of the yacht club to assist in canvassing the city for subscriptions to wards a yacht race, not to be held on Dominion Day, but on some other date, say Aug. 2. There were some people who would not subscribe except to a yacht race. He did not want the races to be held on Dominion Day, as there would be sufficient attractions of another kind. The yacht club wanted \$250 or \$300.

C. Livingston—There are some people in the city who do not care about a yacht race. Mr. Curtis—Two of the most beautiful sights are a woman in full dress and a ship in full sail, and anyone who does not admire those things is not fit to be called a man.

A MARKED MILITARY DISPLAY. Mr. Croghan suggested a military display, as there would be several corps in camp on Dominion Day. Mr. C. P. Paine advocated a two day celebration, so that business men, occupied on July 1st, could have a chance to enjoy themselves. He thought a military display could be arranged for the second day.

Mr. John McKay opposed a second day celebration. Mr. O'Brien was in favor of the second day's struggle. Mr. Mills moved, seconded by J. McKay, that the following be a committee to decide on a programme for two days: M. O'Brien, H. Crothers, J. Jackson, S. Thornton, C. Livingston, J. McKay and L. M. Wood.—Carried.

After a short time in consultation in the police court room, the committee brought in the following: PROGRAMME IN DETAIL. July 1—Firemen's procession, base ball match, band tournament, lacrosse match, pyrotechnical display.

July 2—Bicycle race, half mile race, quarter-mile race, 100 yards' race, quoit matches, physiog procession, blowing up of a ship, military parade. The programme for two days did not meet the approval of the meeting, and it was decided that another meeting of the general committee be called for Monday night when the programme committee will then report.

Messrs Croghan, O'Brien, J. McKay, S. Oberlander and Dr. Curtis, were appointed to arrange for the military parade and blowing up of a ship in the harbor. This committee will also report on Monday night.

A NEW CLOSING REMARK. R. Elliott, on behalf of the Maple Leaf Lacrosse Club, said that a tournament could not be gotten up for Dominion Day short of \$200, and the city clubs had decided not to attempt the undertaking for \$30. As far as the Maple Leafs were concerned, however, they were willing to help the celebration committee and play for the \$50 allotment.

A NOTE OF BILL POSTING. Mr. O'Brien stated that the matter of bill posting would have to be looked after carefully, as it was essential to the success of the celebration. Bills announcing the celebration should be sent by mail and a man employed by the committee to look after the distribution. He recommended Mr. Allan as a good man.

FIRMEN ASK REPARATION. Chief Bateson said the firmen would not turn out for \$50. He thought they should be allowed as much money as the committee had allotted to any other bill. He said that a tournament would cost them more than \$40. On one occasion their flowers cost \$30. Besides it would cost each member \$2.50 or \$3 to get his uniform overhauled.

Mr. H. Crothers said he recollected when the firmen turned out for less than \$50. The committee respected the firmen and simply offered the \$50 as a grant towards their funds.

Mr. McKay said there was not one man in the room who would go back on the firmen. They would be offered more money if it could be spared. The meeting then adjourned.

Kingston Street Railway Company. A special meeting of the shareholders of this company was held last evening at the office of W. R. McLean, & Co. The directors were authorized to mortgage the real estate, stock and plant of the company for \$18,800, and the members of the syndicate were empowered to run the road in future.

This morning four cars were put in motion, and ran the entire length of the line for the accommodation of those who desired to get to market from the outer sections of the city. The cars will not be running the first three days of next week while necessary repairs are being made to the track and plant.

EPH'S COMBINATION AND COMFORT. By a thorough knowledge of the natural laws which govern the operation of digestion and nutrition, and by careful application of the fine properties of this selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctor's bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle poisons are finding their way into our blood, and remaining there to do their worst unless speedily dislodged by a powerful purgative. Such articles of diet as this are a weak point. We may escape many a fatal ailment by keeping ourselves well fortified with pure blood and a properly nourished frame. BOTTLED AND SOLD EVERYWHERE. Solely in packets and tins (1lb. and 5lb.) by G. E. Epps, Ltd., London, and J. W. Wilson, Kingston, Ont.
