SECOND-HAND BOOKS

Her blood turned cold in her veins, but her heart grew stronger, and she determined to know the worst. She was not a refined or clever woman; but the depth of her trouble sharpened her wits, and she instinctively made use of her and she instinctively made use the man who she knew was under the spell of her beauty, whatever else he

was pale but her lips were smiling. Get down there where you were !" she continued, with tender imperionsness. He obeyed her, hardly daring to trust his senses. " Now put your hands between my hands," she said, still with that pale, singular smile, which filled him with unquiet transports, "and tell, me the truth, you bad boy!"

"The truth," with a beating of the heart which made his utterance thick, "the truth is, that you are the most glorious woman in the world, and that you will be mine to-morrow."

"Perhaps," she almost whispered. "But you must tell me something else I am afraid that you are a naughty boy and that you love me too much. I once told you that I had an enemy, and that I wanted somebody to punish him. Did you go and punish him for me-tell me

Her voice was soft and low and beguiling. She still smiled on him, leaving one hand in his, while she raised the forefinger of the other in coquettish ad. monition. The ruffian at her feet was inebriated with her beauty and her seductive playfulness. He thought she had divined his act-that she considered is a fine and heroic test of love to which she had subjected him. He did not hezitate an instant, but said : "Yes, my beauty, and I am ready to

a cross look." Now that she had gained the terrible truth, a sickening physical fear of the man came over her, and she felt herself growing faint. His voice sounded weak and distant as he said : "Now you will go with me, won't

do the same for anybody who gives you

She could make up answer. So he "Run and get your hat. Nothing else.

We can buy all you want. And hurr. They may come back any moment." She perceived a chance of escape and roused herself. She thought if she might save herself by flight or by out-

"Wait here,' she whispered, "and be He kissed his fingers to her without a word. She opened the door into the next room, which was the kitchen and dining-room of the family, and there not three feet from her, in the dim light, haggard and wan, bareheaded, his clothes in rags about him, she saw Sam

A LEAP FOR SOMEBODY'S LUFE. When Sleeny was led from the room of the police justice in the afternoon, he was plunged in a sort of stuper. He could not recover from the surprise and sense of outrage with which he had listened to Offitt's story. What was to happen to him he accepted with a despair which did not trouble itself about the ethics of the transaction. It was a disaster, as a stroke of lightning might be. It seemed to him the work had He could see no way out of it; in fact his respect for Offitt's intelligence was so great that he took it for granted Andy had made sure of his ruin. to prison; if Farnham died, he must be : hanged. He did not weary his mind in get out of prison, even if it were only for a few hours, and see Andy Offitt once more-he felt the blood tingling through all his veins at the thought. This roused him from his lethargy and made him observant and alert. He began to complain for him to twist his hands so as to start the blood in one or two places. He showed these quietly to the policemen, who sat with him m a small antercom leading to the portion of the city jail where he was to be confined for the night. He seemed so peaceable and quiet that they took of the irons, saying good-naturedly, "1 waiting for the warden of the jail to come and receive their prisoner. There at noonday, and began to grow dark at sunset with the shade of the high houses and the thick smoke of the quarter. The windows were open, as the room was in the third storey, and was therefore considered absolutely safe. Sleeny got up several times and walked first to one quick but searching glances at the street. and the walls. He saw that some five sleeny could not get that pipe out be no worse to die that way than to be Government Javas. hanged." He grew afraid to trust himsight of the window and the pipe;
