To-day's Probabilities. Moderate to fresh southeast to south-west winds, fine very warm weather.

Nearly Run Down.

An old man, who is deaf, was nearly run over by an incoming train this morning on the K. & P. R.R. track, near the swing bridge. He was pulled off by a boy named Leadbeater, at the signal and command of Capt. Gaskin, as the train was upon him.

Last evening about 7:30 Mr. J. Swift, who lives in the lodge on the west side of the penitentiary, died suddenly. He had been out for a short walk with his wife, and on returning sat down and so passed peacefully away. Mr. Swift was in the employ of the government for over forty-five years.

An accident occurred on the Ontario & Quebec R.R. at Arden. Several cars became detached and, rushing down an incline, collided with another train on the track. The results were disastrous, not only to the cars but to their contents, goods for Manitoba. The conductor was seriously injured.

Electing by the Synod. Hon. G. A. Kirkpatrick and Rural Deas-Kirkpatrick have been elected members of the mission board of the diocese of Ontario, and Rev. Mr. Kirkpatrick, Rev. W. B. Carey, Dr. Henderson, Hon. G. A. Kirkpatrick, R. T. Walker, R. V. Rogers and Dr. Wilson (medical) delegates to the provincial synod.

On July 8th the pupils of the Christian Brothers' school will hold a picnic at Dawson's Grove. Some of the principal features of it will be a lacrosse tournament, and an election as to the most popular man, Old Sam or Tim Doonan. The winners of the election will be presented with a model of the British ship 'Victory,' now in England and for several years employed for the special accommodation of the Royal family.

The Maple Leaf Lacrosse Club have withdrawn from the tournament at Brockville on the 10th inst. In the match between Peterboro and Montreal a 640 cap is to be competed for, and a \$5 badge given to the losing team. In the match between Kingston and Cornwall a \$300 cap only was offered. This difference could not be appreciated. The Kingston Club will play an exhibition game in the evening.

Partis captured two boys on Saturday in the act of stealing from his store. He tried to hold them until the police arrived, but the kids, by their screams and cries, attracted people for blocks. Finally a few men interfered and the boys escaped only to laugh at their rescuers. They had only feigned distress. A Pictonian drew off his coat and made the same more ludicrous by declaring his ability to whip the "persons" who had anything to say about his maker.

The Christian Guardian, the Methodist organ, thanks daily papers for excellent reports of their doings at the Conference. It says the attention that has been paid latterly by the secular press to the doings of ecclesiastical assemblies is a gratifying sign of the progress of the times. A few years ago those assemblies were despised in a few lines, but now the leading journals vie with one another as to which shall give the better and more complete report. Evidently the interest of the public in what Christian men and women are doing to ameliorate the condition of the world is not upon the wane.

A Little Girl's Presentation. In the hurried clearing given to his lordship Bishop Cleary, at St. Mary's of the Lake on Friday last, we involuntarily omitted one of the most pleasing incidents which took place during the reading of the select programme, viz., the presentation of a magnificent and very costly bouquet by Miss Victoria Murphy, a little one of four years of age. The graceful and pleasing manner with which the child presented the handsome gift was quite remarkable.

INCIDENTS OF THE DAY.

Little Things That Engage the People's Attention-Notes by Our Local Correspondent.

A telephone has been placed in R. Boyd's (cabin) house. A week ago J. McCann had two sheep worried by dogs. Major Coombs was expected here yesterday but did not arrive.

The Christian Mission have commenced operations at Gananoque. A wedding next week will create excitement among Salvation Army people. The Maple Leafs received a dozen new lacrosse sticks from Tuscarora on Saturday.

A Kingstonian, who misbehaved at Gananoque on Wednesday, was fined \$2 and costs. Federal Bank bills taken at 1 per cent. premium in exchange for dry goods, at Waldron's.

The Telgman family will perform at the Thousand Island Park the second week in August. Daisy Johnson, of Ottawa, a niece of A. P. Knight, aged 15, was drowned on Thursday last week.

The Orange and Leeds county have finally decided to hold their 12th July celebration at Gananoque. During summer at least service will be held on Sabbath evenings at 7 p.m., instead of 6:30 as heretofore.

Saturday, 29th day of June, was the forty-sixth anniversary of the coronation of Her Majesty the Queen. A lot of emigrants arrived on Saturday and remained in the city on Sunday. They found places to-day.

Look out for Boves & Bionetto's great cheap sale of 500 pairs white wool blankets. It commences next Thursday.

It is now discovered that the death of so many shad in the lakes is due to a fungus known as saprolegnia which grows in the flesh. Some thief stole a quarter of lamb from G. Medley on Saturday. The market was crowded with people, but no person saw the thief.

Sig. Landmann, of Ottawa, formerly of G. M. Weber & Co.'s establishment, has arrived on a visit to his friends. He is at the Burnett House. The steamer John Thorn will arrive here at 10:30 a.m. to-morrow with an excursion from Alexandria Bay and other ports down the river.

The str. Hero's excursion among the Thousand Islands on Saturday was well attended. Steward Moorhead received great praise for the speed provided. On Saturday three soldiers—T. Reynolds, sr., T. Reynolds, jr., and J. Malia—were captured out of a skiff opposite Point Frederick. They swam ashore.

J. C. Hulson, of New York, has purchased Anthony's Point, below Alexandria Bay, and will erect a \$5,000 cottage. The price paid for the Point was \$6,000. Federal Bank bills at a premium. For every \$5 worth you buy at Golden Lion Grocery, providing you pay for them in Federal Bank bills, you will get 5c extra.

The Christian Mission opened a Newburg station last evening. The meeting was well attended and was led by Messrs. Moore and Bawden. Gananoque will be next attacked. The Globe of Saturday was the largest paper ever issued in Canada, and it contained the greatest quantity of advertisements ever published by any Canadian paper.

Dr. Henderson, W. Coons and F. Allen, while rowing across Calabogie lake in a skiff on Tuesday, had a narrow escape from being rushed down the rapids leading to the Clyde river. The members of the Governor-General's Foot Guards passed yesterday morning en route to Toronto to take part in to-morrow's demonstration. They occupied nine special cars.

The bank room spread on Saturday. One old lady presented a Bank of Montreal note at this office and asked if it was any good. When assured that it was she left feeling quite happy. On Saturday noon two painters quarrelled. Murphy shied a paint brush at Martin, the handle of which being very sharp, struck him on the back of the hand and pierced it clear through.

The Maple Leafs will play in Brockville on July 11th. They will compete with the Brockville and Cornwall clubs. The prize given to the winning club will consist of thirteen silver medals. Last evening Mrs. Lamoureux and her son went for a drive. A. G. T. R. crossing the horse was frightened and became unmanageable. Mrs. Lamoureux was thrown out and sustained slight injuries.

On August 16 No. 41 Lodge of Foresters, Ottawa, will have an excursion to Kingston. The Foresters' Grand Lodge will be in session a week here at that time, and it is expected that 250 members will be present. A Pictonian was in the city on Saturday, and he solemnly declares that he will oppose and defeat Hon. G. A. Kirkpatrick at the next election. "I told George I'd lick him," he went on, "and I can. I have given him enough warning."

HIGH SCHOOL CLOSING.

Spending a Very Happy Hour—A Series of Presentations—Very Flattering Speeches.

There is nothing which characterizes the spirit of a community better than the attention shown to educational affairs. The very scene of progress belongs to the High Schools and Collegiate Institutes of our province. It was, then, with confidence in the present and hope for the future that we surveyed the plethoric throng of boys, pupils and their friends, that assembled this morning in the Collegiate Institute assembly room.

The Rector, Mr. Knight, calling the company to order, presented the following programs, which was excellently rendered, although, being, as we are informed, not gotten up for the occasion but a simple or ordinary effort: Trio—The Misses Irving, Chambers and Fowler.

Reading—A. Fenwick. Song—Miss Bamford. Reading—H. Lovell. A duet—Misses McCloskey and Spencer. Reading—Willie Grant. Music—Alice Chambers. Recitation—Gertie Parody.

The programme throughout was excellent, Miss Bamford's first song especially being thoroughly artistic. Miss Parody's recitation gives promise of much ability. During the programme three addresses were presented—one to the Rector and staff, one to the phonographic teacher, and one to Miss Sutherland.

Dear Sir.—We feel it our duty to express to you our entire satisfaction with the new departure which you have this year opened in connection with the Collegiate Institute work, and we avail ourselves of this opportunity to address you. We wish to let you know that we are thoroughly satisfied with the manner in which it has been carried on. The special attention given to book keeping, stenography and actual business practice is such as to qualify young men for any commercial situation to which they may attain. We lately heard, and were very glad to learn, that not only the High School Inspector but also the Minister of Education appreciated the efforts of the rector and teachers of the Kingston Collegiate Institute to supply a long-felt want in the province.

In conclusion we would say that, on the whole, we could not be better pleased with the working of the school. And as the staff of teachers is of very high order we are sure, and it is our anxious wish, that the school will be attended with the greatest prosperity in the future. Signed—J. Birmingham, R.S. Wright, W. Barrett, W. H. Kitto.

We, the undersigned pupils in behalf of the members of both your shortland classes in the Collegiate Institute, take this opportunity of expressing to you our heartfelt appreciation of your untiring and faithful efforts to assist us in making such progress as we have done since we began to study under your guidance. We have often, during our term of study, been greatly discouraged, and had it not been for your ever encouraging voice we should have been much inclined to give up the hope of ever attaining to proficiency in our work. There may have been times when our negligence in class duties dampened your zeal; but we trust that you will overlook any deficiency on our part in that respect, and should we not again be enabled to return to our work, we shall at all times, in whatsoever position we may be placed, remember the instructive hours we spent with you.

In conclusion we would beg of you to accept this offering, and if it may be but for carrying with it our best wishes for your future prosperity, and look upon it as a token of the high esteem in which you are held by us. Signed—J. Polley, D. Egan, W. Kitto, W. Hopkins, J. Birmingham, G. Strange.

Mr. Meak having a painful affection in the throat, could not reply, and asked Principal Grant to do so for him. The doctor acknowledged the evidence of class if it were said he was glad photography had been added to the curriculum, and that the teacher was one in whom the trustees and pupils might have confidence.

A handsome writing case accompanied the address to Miss Sutherland, who is about to leave for a higher sphere of occupation, having been selected as chief preceptor in the Ladies' Ottawa College. We are sorry to say that the address, which bestowed the sincere attachment of the pupils of the preparatory department, came too late for insertion.

SPEECHES OF SEVERAL GENTLEMEN. Mr. Knight addressed the audience and felt happy to say that the attendance was larger than any year since 1879. That there were 122 registered in all classes since January, 43 of those being from rural districts. The institute made up 11 pupils to the matriculation examination, and 33 will write at the coming term and 22 as "class teachers' examination." Mr. Knight being willing testimony to the thorough and efficient manner in which each of his colleagues has performed his duty during the past year. He attributes the rapid growth of the school during the past year to the reorganization of the staff made by the board last year.

In regard to the commercial department if limitation is the strongest form of battery than the trustees, teachers, and staff of the Kingston College Institute may well feel flattered, because not only has their action in starting a commercial department been approved by the Inspector and Minister, but other institutions and high schools are to be asked to imitate the example set by the Kingston school.

Dr. Grant was then called upon, and while commenting the new departures wished to lay special stress on the study of classics and mathematics for every boy and girl who meant to stand equal with their fellows in the future struggle. Dr. Grant laid the responsibility of maintaining the school in its efficiency upon the city, and desired the presence of little politicians, who watch with business eye every change in public opinion, ready to come in with the majority. Rather should the teachers support the action of the community. For the people will always be ready to follow with teachers.

CATARAQUI DRIVING PARK.

Opening Day—Officers of the Day—Trotters Traveling by Special Train.

The opening day of the Cataraqui Driving Park, under new auspices, was most favorable. There was a fair representation of the people on the ground and not a little money went up on the events of the day. The grand stand was comfortably filled. The following were the judges and other officials: Judges—C. Cole, S. Lewis, and G. Moody.

Time-keeper—F. A. Folger. FIRST RACE—2:35 CLASS. 2:35 Class—Purse \$300, 1st, \$100; 2nd, \$70; 3rd, \$30. Elsie Groff 1 1 1 Fuller 2 2 2 Halpin 3 3 3 Time, 2:35, 2:51, 2:51.

SECOND RACE—3 MT. CLASS. Three Minute Class—Purse \$300, 1st, \$130; 2nd, \$60; 3rd, \$30. Blue Bell 1 1 1 Stadacona 2 2 3 Maggie 3 3 3 Time, 2:46, 2:45, 2:45.

POINTS FROM BELLEVILLE EXCHANGE. "Elsie Groff" is the homebred horse on the field. At Council Bluffs in 1881 she made her record of 2:25. "Jennie" is a very compact little mare and one of the handiest breakers on record. She did the best scoring on the ground.

Geo. Julius, "Maggie May's" driver, who pulled her, was replaced by Joe Martin in the fourth heat. "Halfpenny" and "Stadacona" were the hand-drawn horses in the field. "Stadacona" is a thoroughbred and a good runner. A special train brought the trotters here from Belleville.

SERVICES AT ST. MARY'S.

Feast of St. Peter and St. Paul—The Apostles' Benediction. Yesterday was the feast of St. Peter and St. Paul, and the services in St. Mary's Cathedral were unusually solemn. High mass was celebrated at 10:30. Fr. Kelly was the celebrant; Fr. Hartigan, the deacon; and Fr. Callee, of Nebraska, sub-deacon. Revs. Frs. Lynch and Higgins assisted at the bishop's throne. The bishop presided, but before doing so returned thanks for the beautiful address presented to him, and the kindness of the reception committee, on Tuesday. He complimented Dr. Sullivan on the beauty and literary merit of the address. He then preached upon the words, "Then art Peter and upon this rock I shall build." His sermon was lengthy, extending over an hour and a half, and was very eloquent throughout. In the evening at 7:30 vespers was sung by Father Kelly, who also gave the benediction of the blessed sacrament, assisted by Father Twomey as deacon, and Father Hartigan as sub-deacon.

A TINY HAND SAVED IT.

A Living Infant Found in the Quarry—A Narrow Escape From Extinction. Yesterday morning one Harper, who lives on the hill near the quarry, heard his dog barking loudly. He proceeded to the edge of the precipice and looked over. He noticed a bundle of clothing before which the dog was acting wickedly. Picking up a stone he elevated his hand to fire at the bundle, when he saw a tiny bare arm "wave him off as it were." He was agitated at the sight, and called a neighbor, Newton. Together they looked at the bundle from the rocks above, but decided not to get nearer to it. Patrick Fallon, however, waded his way to the bundle and found that it contained a child. He alarmed his father, who picked the infant up and carried it home. It was a delicate little thing, probably a month old. It was wrapped up in dirty clothing and then a bag. The father was covered with vermin. Mrs. Fallon carefully dressed it. She will keep the child until the authorities decide what to do about it. There is no clue to the mother who heartlessly deserted it.

TO-MORROW'S CELEBRATION.

Preparations Complete for the Event—Much Talk About the War Ship Explosion.

The following is the programme, given on Saturday, and unchanged, in regard to the celebration to-morrow: 10 a.m.—Parade of firemen. 10 a.m.—Yacht race. 11 a.m.—Parade of troops in camp through the principal streets to the drill shed common.

11 a.m.—Baseball match in cricket field. 1:30 p.m.—Quoit match in cricket field. 1:30 p.m.—Bicycle races in city park. 2 p.m.—Horse races in Cataraqui Driving Park. 2:30 p.m.—Lacrosse match in cricket field. 2:30 p.m.—Athletic sports in city park. 3 p.m.—Bicycle races in city park. 8 p.m.—Explosion of fireballs in the harbor.

8:30 p.m.—Display of fireworks in front of city buildings. The bells of the churches will be rung at 6 o'clock. The military will reach the city shortly after 11 o'clock, and proceed from the bridge along Bagot Street to Princess St., thence to Bagot at the corner of which the firemen will have formed in line with the band. The military, after this little episode, will proceed to Barrie and Union Sts., and to the drill shed common, where the feu de joie will be fired. The return to Barriefield will be via Barrie and King Sts.

EXPLOSION IN THE EVENING. The barpo Lion, to be blown up in front of the show tower by Sergt.-Major Bertles, to-morrow evening, is now ready. Floating from the summit of her mainmast is a British man-of-war pennant. She has three masts and yards, and a showy smoke stack, painted red and black. The barge is painted black with white ports. She was built at Montreal 10 years ago and was given a thorough overhauling a few years since. Capt. Gaskin says there are many inferior barges afloat at present. Sergt. Major Bertles will conduct the explosion. Under her will be placed two kegs of powder, containing 250 lbs. each. A wire will run from the ship to an electric battery at the Military College and by this the firing will be done. It was thought that 200 lbs. of powder would be sufficient, but by inspecting the barge the military authorities held that being a substantial one. The boat will be manned with twelve "dummies," situated in the rigging.

Parties in small boats are requested to keep away from the barge when she is blown up. The Departing F.W.O. Bites. This evening at 8 o'clock stirring music will be heard on Princess St. The 14th Battalion will embark in seven G. T. R. cars and proceed to Toronto, there to take part in the demonstration in connection with the semi-centennial. The following are the staff and officers of the battalion: Commandant—Lieut.-Col. Kerr. Acting Major—Capt. Power. Adjutant—Capt. Calloway. Surgeon Major—John Bigman, M.D. Am's Surgeon—W. A. Hemmerson, M.D. Quartermaster—Capt. Spriggs. "A" Company—Capt. C. D. Kerr, Lt. Fowler. "B" Company—Capt. J. C. Macleod, Lt. Farwell. "C" Company—Capt. H. M. Mowat, Lieut. J. R. Shannon. "D" Company—Lieut. J. S. Skinner, Lieut. Hinds. "E" Company—Lieut. L. W. Shannon, Lieut. H. H. Gidderstone. "F" Company—Capt. J. Murray, jr., Lieut. Nicol. Sergt.-Major—C. Fields. Ambulance—Sergt. V. Smith. Foreman—Corp'l Cochrane. Band Sergeant—W. Jacobs. Bugle Band Sergeant—R. Baird.

It is expected that every man connected with the corps (250) will be in attendance. A freight car will carry the horses. Visiting L'Hotel Bites. On Friday afternoon Bishop Cleary, accompanied by Father Kelly, visited the Hotel Dieu. He first called on the sisters in the community room and for a short time conversed with them touching the state of the institution. Then a short visit was made to the sick wards. Each of the twenty-nine patients were spoken to and shaken by the hand. The visit to the orphanage where thirty-five little people live was very interesting. The room was neatly decorated, and as his lordship entered the children arose and greeted him, and one of the company presented him with a beautiful bouquet. Then a song of welcome was sung and Miss Frances Anderson approached his lordship, and in a neat little address, expressed pleasure at his return to Kingston. The bishop made a reply in language that could be understood by even the smallest in the room. After a short conversation regarding the little walls his lordship retired, but before he heard the sweet voices of the children in their parting song.

A. M. Padlock, F. S. Padlock and S. G. Brown, of the yacht Rets, are here from Nackett's Harbor. They will call part in the race to-morrow. FROTHING L'Hotel Bites. A recently returned from a tour to the States, F. A. Hemmerson, Am's Surgeon, has returned to Kingston. He is in possession of a new suit of clothes, and is in the city. Oct. 18.

I WILL GIVE written guarantee that my Mouthache Grover will produce heavy mouthsache inside 10 weeks, or money refunded. From \$1.00 to \$1.50. Address J. MURRAY MENDEL, London, Ont.
