The theologians have their own this convention was favorable to the problems to grapple with, on which their question of woman suffrage, for in the energies might well be concentrated. influence of American women lies the hope of this party. And now it may be asked, What are the prospects of the prohibitionists in this coming campaign? Apart from

personal preference, and apart from the right or wrong of legislation in this direction, is there any hkelihood of St. John and Daniels becoming the rulers "New York Gab Company." It is bell at the railing of John Campbell's of this free (?) and enlightened republic? No, there is no possibility of any such thing. But one thing is sure, and that is this-if the prohibition sentiment grows as rapidly in the next few years as it has in the last five or six, the time is near when it will sweep the conntry, perhaps in 1888. I asked a gentleman of good education, Who are you going to vote for ? "St. John!" was his reply. And yet it was only in the last four years that he studied temperance politics at all. If the temperance do meerats of the south would combine with the temperance republicans of the north the result would be that Blaine would not have the distractions of the
