TO THE SECTION ...

Mills-The Central Ontario Railway Brighton and the Murray Bay Canal-Preduction.

stonians though over half a century has passed since the limestone city was to them the seat of trade, law, loyalty and looked upon as its dutitul and respectful children. Therefore a late visit to the towns of Trenton and Brighton was full of interest, because of the signs of steady travel set in and robbed the post towns of the life that encircled the village hotel and market, they looked trustfully to the water carrying trade as a basis for future prosperity. But this even then, as with us to day, was a decaying the places named just, as with kingston and enterprise reached a dead level, and destiny became a problem. More people, indeed, predicted retrogression Fair women in their twenties-don't you see? | than held out the beacon light of hope. But as communities begin to reflect upon and feel the undeveloped power they themselves possess their enterprise and prosperity grow apace. I'renton after resting far too long upon dreams of a Trent Valley canal detected the illusion, and put its own best foot forward, with gratifying results. To-day The rain kept off splendidly, so that it is a lively growing town, with a conthe Midland Central Fair was a success. ple of hundred new houses and a score last year was 50,000,000 feet, but this yesterday, moving about in mud in of new stores occupied and not one idle. year the mill was started late, and clos- from afar by huge banks of sand, and C.
