PAYING THE VOLUNTEERS.

The Services of the Citizen Soldiers to be Recognized—Paid According to Rank.

The services of the city Volunteers are at last to be properly recognized. The men will be paid for the labor they perform. On Thursday night Hon. Mr. Caron introduced resolutions to the House of Commons respecting the pay of officers and men of the active force. The change was intended to apply to the city corps only, as since 1868 the rural corps had been receiving pay while adrill. Up to the present the militia men in cities had received no pay for the expenditure of time and money which they had incurred in keeping up the efficiency of the force, and it was felt by the department that they should not be asked to do so any longer. The pay proposed to be paid was the same as that paid by the British Government to the army, and he thought it was not at all extravagant.

THE OFFICERS' PAY

It was proposed that officers should be paid for each day's drill of three hours as follows:

Lieutenant-Colonel	$4 87
Major	3 90
Paymaster	3 90
Adjutant with rank of Lieutenant	2 44
Adjutant with rank of 2nd Lieutenant	1 13
Surgeon	3 65
Assistant Surgeon	2 43
Quartermaster	1 94
Captain	2 92
Lieutenant	1 34
Second Lieutenant	1 21

NON-COMMISSIONED OFFICERS AND MEN.

Sergeant Major	$1 10
Quartermaster Sergeant	70
Paymaster's Clerk	70
Orderly room Clerk	70
Hospital Sergeant	90
Pay Sergeant	90
Sergeant	75
Corporal	60
Bugler	50
Private	50

For each horse taking part in such drill 1 00

The pay of the Quartermaster General at head quarters will be at the rate of $2.00 per annum. This officer will only be appointed when the needs of the service demand it. The changes will involve an expenditure of from $10,000 to $12,000, to be paid out of the Consolidated Revenue Fund after the appropriation has been made by Parliament, and it was proposed to require a detailed account of all moneys so expended to be laid before Parliament at its next session.

OTHER MILITARY MATTERS.

Hon. M. Caron says one of the Infantry Schools will be located in the Maritime Provinces, one in Quebec and one in Ontario, probably at Toronto. A troop of cavalry will be divided between "A" and "F" Batteries. So far as Kingston is concerned the horses will be stalled for the purposes of instruction at the Royal Military College.

Mr. Ross proposed that the Government should appoint a member of the active militia of Canada as Major General. This would be a prize for Canadian militiamen to aspire to. The suggestion was deprecated because it would introduce politics into the Militia Department.

FULL LENGTH PANTS.

Men have a great deal of worry over the fashion of their trousers. They show as much concern for the regulation cut as it is possible for women to exhibit in the arrangement of the most elaborate toilet. The continual variation of styles in the most minute details of difference proves an alert anxiety to promise the appearance of unfinished appearance. A style is often set by the caprice of a nobody, or by the attempt of some one to conceal a personal defect; bow-legs and spindle shanks, as well as plump legs and shapely limbs, have had their influence upon the fashion. Indeed, the full length trousers came into vogue because a wealthy sport of Paris appealed to the famous Jonquille to furnish him a means of hiding a pair painfully attenuated calves. That was in the summer of 1804, so that the garment has no great antiquity. The first to be worn in this country hung like shapeless bags about the legs of Mr. Seth Green, a wealthy Boston gentleman, whose example was very extensively imitated. Pantaloons first were made to button up the sides and around the waist, suspenders not being invented until 1820. With the change of buttoning came a better regard for style, and tight garments that flared at the knees became popular. Then came those that fitted like sealskins, but had an enormous swell or spring at the bottom. These departures from the straight cut set the precedent for variety of styles, and low pantaloons have not been made since would be hard to say. The institution of to-day is very complete in all its belongings, and though just now there is a tendency to return to the exceedingly tight fit, there is more taste in the uniformity of proportion in relation to the leg encased than in the olden time.

FATAL FOOLISHNESS.

A Young Man Drinks Himself to Death in Order to Win a Wager—A Sad Affair.

Great excitement has reigned in Quebec since the shocking circumstances surrounding the death of young Turgeon. Eight days ago Turgeon was dismissed from his employment for drunkenness. During the week his sorrowing father persuaded him, for the sake of his wife and young family, to take the pledge. On Tuesday his father again visited him to inform him that he had succeeded in obtaining another good situation for him, and joy once more reigned in the household. Shortly afterwards Turgeon left home, only to be carried back to an hour unconscious from strong drink. After leaving home he entered one of his old haunts, where he met a band of young fellows who were drinking at the bar. He stood up to drink with the party when he was told that he did not belong to the crowd and they would not pay for his glass. One of them named Lester, changing his mind, said if he would take a big drink he would pay for it, and Turgeon rejoined in the affirmative the glass was set up, filled with white whiskey, and drank by the unfortunate man. Three others of equal size were offered bits and drank also in quick succession, the parties present wagering, but depositing no money, that he would not be able to take them. After these it seems that the bets went on that he could not drink bigger glasses, whereupon he imbibed one after the other two soda water glasses full, the contents being in each case one half whiskey and one half beer and wine, when he succumbed and was carried home in a comatose state, never recovering consciousness until he died at 6.30 yesterday morning. One of the worst features of the shocking affair was the selfish and heartless conduct of the tavern keeper, who, it appears, on being remonstrated with by his bar keeper that it was dangerous to give the man any more liquor, is proved to have replied "to give the party all the drink they wanted as long as they had money." The inquest had been commenced until to-day, when a verdict is expected to be reached in the afternoon, based on the medical testimony which, it is understood, will establish that death was caused by apoplexy brought on by the excessive use of alcoholic drinks.

The Opinion of All

Who have tried Polson's Nervoline, the great pain remedy, is that it is never failing in pain of every description. Neuralgia, toothache, cramps, pain in the stomach, and kindred complaints are banished and all by magic. Rapid and certain in operation, pleasant to take. Nervoline stands at the very front rank of remedies of this class. A trial bottle may be purchased for 10 cents, a very small amount in any case, but the best expenditure you can make, if a sufferer from any kind of pain, is a 10 or 20 cent bottle of Nervoline at Polson's or King's Drug Stores.

Shiloh's Consumptive Cure.

This is beyond question the most successful cough medicine we have ever sold. A few doses is certainly cure the worst cases of cough, croup, bronchitis, while its wonderful success in the cure of consumption is without a parallel in the history of medicine. Since its first discovery it has been sold on a guarantee, a test which no other medicine can stand. If you have a cough, we earnestly ask you to try it. Price 10 cts., 50 cts. and $1. If your lungs are sore, chest or back lame, use Shiloh's Porous Plaster. J. G. King, wholesale and retail agent.

Personal, to Men Only.

The Voltaic Belt Co., Marshall, Mich., will send Dr. Dye's Celebrated Electro-Voltaic Belts and Electric Appliances on trial for thirty days to men (young or old) who are afflicted with nervous debility, lost vitality and manhood, and kindred troubles, guaranteeing speedy and complete restoration of health and manly vigor. Address as above. N.B.—No risk is incurred, as thirty days' trial is allowed.

Medical Testimony

Has proved that Puttner's Emulsion of Cod Liver Oil with Hypophosphites, &c., has produced more cures and given permanent relief in more cases of consumption than any other remedy. In diseases of women and children it is having remarkably good results. Puttner's Emulsion is sold by all druggists. Price 50c.

Our Children.

Why compel them to take those vile and nauseating medicines, when Puttner's Emulsion is so palpable and sure, and produces better results than any other. Most astonishing reports are daily received in favour of its cures where other preparations of the kind have failed, and then been cast aside in disgust.

Street Talk.

"How much better you look, Mr. S." "Yes, I have gained 32 pounds on Hall's Catarrh Cure. Have not felt so well in 20 years. It has made a complete cure and is worth $50 a bottle to any one that has the Catarrh."

In Answer to time, and do not allow what may appear to you as a simple back ache now, to run into a disease of the kidneys, which invariably proves fatal in the end. Dr. Van Buren's Kidney Cure will at once ease your pain and positively prevent those unfortunate results. Take it at once. Any druggist will have it.

John Myran, Druggist, Rothwell, says: I have a very large sale for Dr. Carson's Pillets. It is one of the best medicines that does all it is recommended to do. We use them as our "Family Medicine." My experience is that they will cure. Headache, Biliousness and Indigestion. For sale by all Druggists at 50 cents a bottle.

G. W. Myran, Parkdale, Toronto, writes: "My wife had several very severe attacks of cramps in the stomach. Hearing of Dr. Austin's Phosphatine and its pleasantness to take, I gave her two bottles, she has not had an attack since, and her health is much improved." For sale by all druggists.
