HALL'S CATARRH CURE

As Recommended by Physicians.

Letters from the West.
Dr. Eaton, Boston Whig.
Dear Sir.—The very unpleasant experience of the Hall's Catarrh Cure reminds me that I have been writing to your Western correspondents. When I last addressed you my readers were under the impression that all nature was lost in all nature was lost in the sky overhead, over them was snow and pale clouds obscured the sky of the West. It is the same old picture, and is as it was, and is worth all that is charged for it alone.

—T.R.—
