ADVICE TO TRAVELLERS.

It seems agreed all round that a man owes it to travel, no matter where, should fate waive any duty, whose leisure has loved ease, to read for the mind, good, bad or indifferent. I have pondered for some time on the reasons for this universal impression, and all the arguments to make my wife a personal and permanent one, but I have not discovered any provision for Rest in mine. I cannot, therefore, say that I have ever enjoyed that delightful sensation of repose which is supposed to follow the unpacking of the trunks in a quiet room, and I consider that the only way to protect one's self from the ennui of travelling is to be constantly reading. What a luxury it would be to start on your journey (—) and while the train is whirling you rapidly to the metropolis, to be immersed in the toil of men who have only you to look to, to care for and provide for them! To attend, therefore, to start with a clear conscience in the prospect, and on steamers, trains, &c., to bring to your help all the resources which will procure you the MOST WORRY ACCURED.

To secure $3,000 in case of death and $15 per week indemnity in case of non-fatal injury only costs 25 cents per day; apply to or address, $10 to 50 Front St. W. Toronto. Apply for tickets to

J. P. GILDERSLEEVE.

SAFE CURE

FOR THE

KIDNEYS, LIVER AND URINARY ORGANS

THE BEST BLOOD PURIFIER.

There is only one way by which any disease can be cured, and that is by removing the cause—whatever it may be. The great medical authorities of the day declare that nearly every disease is caused by deranged kidneys or liver. To restore these two organs to the only way to obtain health can be secured. Here is where WARNER'S SAFE CURE has achieved its great reputation. It acts directly upon the kidneys and liver and by placing them in a healthy condition drives disease and pain from the system. For all Kidney, Liver and Urinary Complaints, for the distressing disorders of women, and physical troubles generally, this great remedy has no equal. Beware of imitations, substitutes and concoctions said to be just as good.

For Diabetes ask for WARNER'S SAFE DIABETES CURE.

For sale by all dealers.

H. H. WARNER & CO.,

Toronto, Ont. Rochester, N.Y. London, Eng.

Health is Wealth

DR. E. C. BOARD OF EDUCATION.

THE ESTIMATES FOR THE ENSUING YEAR DULY PROPOSED A VERY LENGTH DISCUSSION.

Heating the Schools by Hot Water Investigations Talked of by the Hour—An Exchange of Compliments—Writing of the Pupils—A Sad Defect.

Last evening a special meeting of the School Board occurred in the Board Room. Present: G. R. Waldron, Chairman; Messrs. Dunlop, Fee, Robinson, Allen, Polson, Horsey, Shaw, Irving, and Savage.

The Finance Report was read. It recommended that the City Council be asked to provide $14,344 for the ensuing year's expenditure. The details are:

	Estimates 1882	Estimates 1883	Exp. 1882
Salaries of Teachers	$ 9,750	$	$
Salary of Inspector	1,200	12,450	11,250.00
Salary of Secretary	600		
Salaries of Caretak's	480		
Repairs, Insp. Cont's	1,000	1,150	1,228 14
Rent, Board Rooms	150		
Rent, Lecture Rooms	50		
Drawing Materials	25		
Rent of Williamsville	30		
Entrance Exam's	30	35	27 15
Election Expenses	60		
Library	50		
Contingencies	100		
Fuel	1,450	750	1,273 51
Water and Gas	125	150	146 63
Printing & Station'y	400	450	467 87
Mortgage Will vide bal	670		
	$16,355	$14,334	$14,389 30

Less $1,850 from Government and other sources.

A motion for the adoption of the report was presented.

The Committee on School Property presented a report recommending that $985 be placed in the estimates for heating apparatus for the Model School.

A HOT DISCUSSION.

There was a lively discussion over the way in which the report had been made out, but the Chairman gave it a quietus by stating that the subject had been fully ventilated by the members of the Committee. It was asserted that the Committee had not presented "a full report" as was asked for.

Mr. R. Shaw moved the adoption of the report and gave the figures upon which it was based. Enquiry had been made as to the cost of heating the school. It was found that 39,786 cubic feet of space had to be heated and that if wood were used it would cost $378.26. Regarding the heating by hot water he figured out that it would only require 18 tons of coal to make the building comfortable, and the cost would be $135.10. Regarding the $400 mortgage on Williamsville he'd it was suggested in order to save the payment of 7 per cent. money could be got for 4 or 5 per cent. If it was advisable to save money on interest why not save it in the heating of the school to the extent of 9 or 10 per cent. Touching a warranty the speaker declared that one firm would guarantee to make the heating apparatus work well before they received payment for it.

SOME SURPRISING INFORMATION.

Mr. Polson did not think the expenditure of the school last year was a fair estimate. The information was surprising and he had a better opinion of the heating apparatus now than ever before. The Board should become possessed of the whole facts before acting.

Mr. Allen thought the apparatus in the Model School could be improved and another expenditure of $800 saved.

Mr. Horsey believed the present apparatus could be arranged to give sufficient heat for all the rooms. They could heat the upper rooms with the present apparatus and the rooms below with stoves.

Mr. Irving was not wedded to the hot water system. He was surprised, however, at the position taken by many members of the Board. When Mr. Allen was Chairman of the Model School he urged the adoption of the system he now opposed.

Mr. Allen—I rise to a point of order. I repudiate the statement in toto. I recommended that Louise School be heated by hot water.

Mr. Irving—No, the Model School.

Mr. Horsey said the motion was in regard to a test in one of the principal schools.

Mr. Irving declared that there was no other school in which a test could be tried. He spoke of the conclusiveness of the facts presented, and advocated the trial of the new system.

AN ECONOMICAL SYSTEM.

Mr. Dunlop said the Committee would not have asked for the introduction of the new system had it not been proven to be an economical one. He did not want to pay more taxes, but he felt that the change was the best yet suggested. Stoves were dangerous and besides a heating apparatus would result in a reduction in the cost of insurance.

Mr. Horsey claimed that stoves could be properly placed and that they were more healthful than the recommended apparatus.

Mr. Shaw would like to see a stove that could be used to burn wood and coal-air. It would be an invention out of which a great deal of money could be made by the inventor.

A little tilt occurred between Mr. Horsey and Mr. Shaw, which was stopped by the Chairman, and the motion voted upon as follows:

Yeas—Messrs. Dunlop, Irving, Savage, Shaw and Waldron.—5.

Nays—Messrs. Allen, Fee, Horsey, Polson and Robinson.—5.

Dr. Fee declared the motion lost, others said it was carried. There was in consequence some lively cross-fire. Dr. Fee snapped at R. Shaw, "We're not in the Police Court now." Mr. Shaw taunted Dr. Fee with ignorance until the doctor pronounced Mr. Shaw "the height of vulgarity."

POSITION OF THE CHAIRMAN.

The Chairman said he did not like deciding the vote. He did not like to have the onus of an expenditure placed upon him.

Mr. Irving made a short speech in which he declared that the onus wouldn't rest upon him, that it was shared by all the Board.

There was a little discussion regarding the way in which the absent members would probably vote.

The Chairman was asked to give his vote and he did so, voting "yea." The report was carried.

Mr. Irving said that before any decided arrangement was made the matter would come again before the Board.

The discussion was continued anent the manner in which the matter was decided and the Committee was requested to move very cautiously. Mr. Allen said that the Collegiate Institute was often not properly heated but Mr. Irving said the hot water system was being successfully adopted and was generally considered the best.

PASSAGE OF REPORTS.

The Finance Committee's report was adopted. All voted for the motion except R. R. Horsey.

The Finance Committee recommended the payment to J. Taylor of $7 40 Collegiate Institute, $26.25.—Carried.

SCHOOL MANAGEMENT REPORT.

The report on School Management recommended that the offer of Sergt.-Major Lyndon be accepted, drill to take place at such an hour as the Inspector agreed to; that the Chairman sign a cheque for $30 for night school; that a writing master be advertised for, his salary not to exceed $300 per annum, and his services to commence after the midsummer holidays; that $30 be placed to the credit of the Inspector and Chairman of the School Management for the purchase of prizes; that Miss J. McIntyre be appointed Principal of Louise School during Miss Holmes illness. The report was taken up clause by clause.

The night school was largely attended and very successful. Unfortunately towards the end the Salvation Army proved a greater attraction. The class opened on January 4th and closed in March. The teacher was absent a number of times when visited. The Inspector replied to the question. Has any good been accomplished by it? He thought on the whole that its classes were beneficial, but he could not speak as to the advancement made by those attending them.

NEED OF A WRITING MASTER.

Mr. Polson said the Committee had no serious intention of appointing a writing master. The recommendation was only presented in order to get an opinion of the Board.

The Inspector stated that writing was better checked in the junior than senior classes. He made a similar statement to that published in the Wins of Wednesday. The children from other places were often behind the pupils of our schools in the matter of writing.

Mr. Allen said boys who desired to secure positions in leading houses were judged more by their writing than any thing else.

Mr. Irving concurred in the last remark. He said he wanted such a boy the other day and he found a good mathematician, but "his writing spoiled the whole business." Writing should be an important consideration in the promotion examinations.

The Inspector thought a teaching master was necessary. It would be the only way of making good writers in the schools. He could govern the writing of junior pupils, but in the senior classes he had no jurisdiction. There was no subject he talked more about in the schools than writing.

The clause passed.

The other clauses passed and the report was adopted and the Board adjourned.

PARKER SCRAPS

The first Spring weather set in on Her Majesty's birthday. Sowing is not completed yet and the planting of potatoes and corn has been hardly commenced.

On Tuesday there was hail in the neighbourhood of Petworth. The growing crops look well and the trees are in blossom.

The villagers are improving the fronts of their property by erecting paling fences and planting trees. Messrs. A. McArthur, Arthur Baxter, Dr. Cannon, W. Drury and Samuel A. Rotlan are leading.

A concert and fruit festival was held in the Canada Methodist Church on Tuesday evening with a large attendance. Mr. Joseph Connolly occupied the chair. The musical and literary part was furnished by local talent, very satisfactorily. The proceeds ($23) go to purchase books for the Sunday School library.

The village band is improving under the leadership of Mr. Marsales. It will give a concert on Dominion Day.

A wealthy farmer, living on the road between Petworth and Moscow, has turned his aged mother on to the road. She found shelter with a farmer named Perry during those cold rainy days. She is 93 years of age. Councillor Baker and neighbours are taking steps to have the man brought to justice. So much for parents giving their property to their children!

SYDENHAM NEWS.

The Township Clerk has the measles!

On Monday last Mrs. F. S. Barnett left for Burtle, Manitoba, where her husband located about a year ago.

Fine specimens of pike have been taken out of the lake this early.

J. Smith & Co. are getting their phosphate brought to Kingston.

A. C. Barnett and wife, of Farmersville, are visiting friends here.

A Popular Recommendation.

The report of the Committee on Church Polity regarding the overtures for Presbyterians, was adopted by the Synod of the Reformed Presbyterian Church at Saratoga. Among the most important items were that Dominion ministers be admitted without a year's probation.

The Sting Within.

It is said there is a rankling thorn in every heart, and yet that none would exchange their own for that of another. Be that as it may, the sting arising from the heart of a corn is real enough, and in this land of tight boots a very common complaint also. Perrin's Painless Corn Extractor is a never failing remedy for this kind of heartache, as you can easily prove Sold by druggists. Cheap, safe, painless. Try the genuine and use no other. N. C. Polson & Co., Kingston, props.

What 10 Cents Will Do.

A 10 cent bottle of Polson's Nerveline will cure toothache or headache. A 25c bottle of Nerveline will cure toothache or headache. A 10 cent sample bottle of Nerveline is sufficient to cure colds, diarrhœa, cramps, dysentery, &c. Nerveline is just the thing to cure all pains whether internal or external. Buy at Polson's Drug Store a 10 cent sample of Nerveline "the great pain cure." Safe, prompt, and always effectual. Large bottles at any drug store, only 25 cents.

Mr. C. F. Brown, Crown Land Agent, Sault Ste. Marie, writes: "Two or three of my friends and myself were recommended to try Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda, in preference to Compound Syrup of Hypophosphites. We prefer your Emulsion, and think it better for the system than the Syrup," &c.

Louis Riel, who made himself notorious by his capture of Fort Garry and the murder of Thomas Scott, and who was afterwards banished from Canada, was recently arrested near Benton, Mont., for complicity in election frauds in the territorial election last fall.

MONTREAL CONFERENCE.

Its Former Meeting in Ottawa—The Question of Union Chances in the Ministry.

It is six years since the Conference met in Ottawa, and therefore the first time since 1877. Many important changes have taken place. Several who were then engaged in the active work of the Ministry have gone to their reward; a few have been superannuated; a few have been transferred to other Conferences. The cause of Methodism has prospered within the bounds of the Conference during the past six years, and there has been added an increase both in the numbers of ministers and in the membership of the Church, quite an advance in all the lands of the Church.

The newly elected President is a son of the late Rev. W. H. Williams, and is one of our most efficient ministers. For some time he has been a rising man in the Conference. He possesses all the necessary qualifications for a good presiding officer. Mr. Williams has been a warm advocate of Methodist Union since the very commencement of the agitation, and has been a consistent advocate of the movement from the time the first Union meeting was held within the boundaries of his district until the present.

THE PROCEEDINGS OF YESTERDAY

Yesterday the question with regard to the probationers was resumed and the recommendations of the district meeting in reference to their continuance were adopted by the Conference.

Rev. A. Campbell moved, seconded by Rev. S. Bond, that the question of Methodist Union be the order of the day for next Monday afternoon.—Carried.

The President called for the reading of resolutions and memorials which had been recommended by the different districts with regard to the sale of Church property, Methodist Union, &c., which were referred to the different Committees.

A resolution favourable to Union was read from the Brockville District book, one from the Stanstead, and also one from the Waterloo District in opposition to the proposed basis of Methodist Union. All of which were referred to the Committee on Memorials.

A telegram was read announcing the death of the Rev Nathan Austin.

NEW APPLICANTS—THE DEAD.

At the afternoon session the following young men were received as candidates for the Christian ministry: N. D. Grooves, H. Geology, T. S. Hams, Alfred Inwood, J. A. Mansell, E. J. Inwood, S. Quinn, C. A. Rodgraves, J. D. Kilts, A. A. Readly, C. D. Baldwin, R. Smith.

The following candidates were recommended by their respective districts to attend college for the ensuing year: W. Summerville, J. A. Mansell, F. G. Leta, J. Kilcott, R. C. Hornet, F. A. Reet and J. L. Maher. They were recommended to the consideration of the Educational Committee.

The solemn question was then taken up. Who have died during the year? Before the obituary notices were read the President gave out the 834th hymn, and the Rev. H. F. Bland and Dr. Elliott engaged in prayer. The names of the following were announced as having passed away: D. Connolly, J. C. Warren, Stephen Wilson, J. M. Moore, W. Creighton, A. Patterson, T. Catey, N. Austin and E. S. Ingalls. Nine in all had been called to their reward during the year, some young in years and others who were among the aged veterans and many years in the ministry. The Conference adjourned.

The Agony Over.

Pain banished as if by magic. Polson's Nerveline is a positive and almost instantaneous remedy for external, internal, or local pains. The most active remedy hitherto known falls far short of Nerveline for potent power in the relief of nerve pain. Good for external or internal use. Buy a 10 cent sample bottle at Polson's Drug Store. Large bottles 25c at all druggists.

A Fine Hit.

When the proprietors of Burdock Blood Bitters put this renowned medicine on the market they hit it exactly. They hit dyspepsia, indigestion, and liver and kidney complaints a hard blow from which they will never recover.

My Mother

Has been using your Burdock Blood Bitters as a liver remedy, and finds them very efficacious. Chas. L. Ainsworth, 41 Vance Block, Indianapolis, Ind.

A Host of Bodily Troubles are engendered by chronic indigestion. These, however, as well as their cause, disappear when the highly accredited invigorant and alterative, Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, in the agency employed for their removal. A regular habit of body, and a due secretion and flow of bile, inverably result from its persistent use. It cleanses the system from all irregularities and restores the weak and broken down constitution to health and strength.

Poisons of wealthy constitution derive from Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda a degree of vigor obtainable from no other source, and it has proved itself a most efficient protection to those troubled with hereditary tendency to consumption. Mr. Bird, Druggist of Westport, says: "I know a man whose case was considered hopeless, and by the use of three bottles of this Emulsion his weight was increased twenty pounds."

Mr. J. B. Seymour, Druggist, St. Catharines, writes that he finds an ever-increasing sale for Burdock Blood Bitters, and adds that he can, without hesitancy, recommend it. Burdock Blood Bitters is the grand specific for all diseases of the Blood, Liver and Kidneys.

We have a speedy and positive cure, for catarrh, diphtheria, canker mouth and headache, in Sanford's Catarrh Remedy. A nasal injector free with each bottle. Use it if you desire health and sweet breath. Price 50 cents. J. G. King, wholesale and retail agent.

Mothers Mrs recommend their patients to use Dr. Carson's Stomach Bitters. It is a mild, yet effectual laxative, freeing the Stomach and Bowels from all impurities, restores the appetite and aids digestion. In large 6 ounce bottles, 50 cents.

Samson lost his strength with his hair. Thousands of men and women lose their beauty with theirs, and very large numbers restore the ravages of time by using the famous Cingalese Hair Restorer. Sold at 50 cents per bottle by all druggists.

Consumption.—A name well known in connection with the Hair Renewer, which restores grey hair to its natural color by a few weeks use. Sold at 50 cents a bottle by all druggists.

Do not worry, run not headache a moment longer. It is not necessary. Carter's little Liver Pills will cure you. Don't, one little pill. All druggists sell them.

Failing!

That is what a great many people are doing. They don't just know what is the matter, but they have a combination of aches and pains, and each month they grow worse.

The only sure remedy yet found is SULPHUR AND IRON BITTERS, and that by rapid and thorough assimilation with the blood purifies and enriches it, and such, strong blood flowing to every part of the system repairs the wasted tissues, drives out disease and gives health and strength.

This is why SULPHUR AND IRON BITTERS will cure kidney and liver diseases, consumption, rheumatism, neuralgia, dyspepsia, biliousness, intermittent fevers &c.

Office of Liberal Hotel, Whitevale and Kingsdown, Ont. Hours and Lodgings a Moderate, Nov. 9th 1882.

I was a great sufferer from dyspepsia, and for several weeks could eat nothing and was growing weaker every day. I tried SULPHUR AND IRON BITTERS, and am happy to say I now have a good appetite and am much better in every way.

EDWARD ELLIOTT.

SULPHUR AND IRON BITTERS is not a drink and does not contain whisky. It is the only preparation of Iron that causes no injurious effects. Get the genuine. Sold by all dealers. Price $1.00.
