

REMEMBER.
The Whig Party is the only party that has the confidence of the people.

Mr. Bethune, Q.C., is taking steps to have Mr. A. H. Ross, M.P.F., disqualified for the bribery he practiced in connection with Sir John's election.

The House of Commons is today looking at the vote in London as well as Sir John's money in view that they stayed through the bribery election.

We have been asked since the Algona election how many supporters there are being illustrated by their latest agreement.

It is a most remarkable evidence of political recklessness and a want of confidence in the approval of the people that Sir John A. Macdonald has for a second time within a few years been attacked for the impurities of his election campaign.

What a sad commentary upon the character of Sir John and his supporters is afforded by this latest chapter in his bribing career.

The following are the names chosen to represent the Royal Military College and Queen's College in the football match which takes place on Saturday afternoon (3:30 p.m.) on the Cricket Field.
