FOOT BALL IN THE RAIN.

A Game on the Cricket Field—After a Hot Struggle Queen's Defeats the R.M.C. Team.

The football contest between the clubs of the Royal Military College and that of Queen's University occurred on Saturday afternoon on the Cricket Field. This match was arranged by the Ontario Rugby Union and had to be played on or before the 14th.

The match was arranged by the Ontario Rugby Union and had to be played on or before the 14th. It was imperative, therefore, that the match should proceed. At 2.30 o'clock a heavy rain was falling, but notwithstanding this the players entered the field and took their places.

The ball was fished shortly after the hour before announced, the teams being the same as those already published. Queen's kicked towards Barris Street. The grounds were damp and slippery.

Queen's slowly drove the ball down to the cadets goal, then it was returned. The scorings were numerous. Queen's however, played against time and kept the ball from entering their grounds.

All individual play was not extremely brilliant. Carey, Van Iffland and Warner did well for the R. M. C. and Messrs. J. Roston, Gordon, Booth and Hamilton for Queen's. J. Roston distinguished himself. He made the entire eleven points for Queen's.

This is the first occasion on which the Cadets have been defeated in Kingston. The University team will meet the Ottawa team on Saturday in the Cricket Field. The college boys are confident of success.
