STANDARD TUBE

The Kingston Council adopts ... and asks the Corporation of the City to make changes.

Last evening at the City Council, resolution was introduced authorizing the Corporation of the City to make the time contract with the new standard which will be adopted on the 1st of T. R. on November 4th, and throughout Canada and the United States on November 15th.

The Kingston Council, in which the standard was adopted, is not a standard in the Province, and the Queen's Bench room, especially since the late and regretted death of the late Mr. Justice, who was engaged in the administration of justice. This law building work was completed about 1886, and was occupied for judicial purposes about 1887.

WHAT A STRANGER SAW

Before we had been open six months a stranger in the city, seeing the store literally packed with customers one Saturday evening, enquired of a merchant opposite if we were having an Auction, Were we selling off or What was the cause of such a great rush? He was told that it was nothing unusual but just the result of selling A GOOD ARTICLE AT A LOW PRICE.

A SURPRISE!
