A November Sketch.

All the golden red is gone,
Tinge of brown
And the final leaves on the lawn
Lonely turn
Tell me that the summer's fled,
And the instruction are fixed,
And the tennis days are sped.
Tiny time.

Chill November's dreary skies,
Cold and cruel,
Soon in rain decked carpets lie
Thread dun.
And the sobbing of the brook
In the fo' de do de nook,
Brings the tea le, le, le crook
To the ear.

But the dying sunset's glow
In the west,
Lifts the veil de veil to show
The fair crest,
By the hill-top touched with gold,
Rain clouds float down in splendor rolled,
Tal lal in glory fold,
Of the cloud.

When life's Summer is spent,
Here below,
And its form is torn in blast,
Ho, ho, ho!
When what fal lal lal lal clear
For to la, on the, is gone,
And the rose no more appear
Soft and low.

SHE LOVED THE CONVICT.

Belvidere, N.J., Nov. 19.—Small and the other prisoners who escaped from gaol have not yet been captured. Miss Bowers (gaoler's daughter) was in love with Small and aided him to escape.

FINISHED IN FIVE YEARS.

London, Nov. 19.—M. de Lesseps, speaking at Manchester, said that he had received from the engineers of the Panama Canal assurances that the canal would be open in five years.

SCAB IN WESTERN SHEEP.

Montreal, Nov. 19.—One thousand sheep brought from Western Ontario by Dunn Bros., for shipment, have been detained by the Government, as fourteen in the flock were found to be affected with scab.

NAVIGATION OBSTRUCTED.

Utica, Nov. 19.—The boat, A. P. Downer, loaded with corn, sunk crosswise in the canal five miles west of Utica this morning. The boat was broken across the middle and wrecked. The Canal is completely blocked. It will probably take a couple of days to clear away the wreck.

KILLED AND INJURED.

Boston, Nov. 19.—Returns from the Boston & Albany, Boston & Lowell, Boston & Maine, Boston & Providence, Eastern New York & New England, New York, New Haven & Hartford, and the Old Colony railroads, for the year ending September, show 221 killed, against 216 the year before; 435 were injured, against 493. Eighty of the killed and 353 of the injured were employes.

A PRIZE FIGHT.

Ottawa, Nov. 21.—The village of Manotick was on Friday last the scene of a prize fight. The contestants were B. C. Clark, of the village, and W. L. Beaudry, of Chicago. The stakes were fifty dollars a side. Quite a large number witnessed the disgraceful exhibition. After the eighth round Beaudry with a fearful blow broke his opponent's right arm near the shoulder. Clark was attended by Dr. Smith. The authorities will seek to capture the offenders. Beaudry has returned to Chicago.

JOHN L. SULLIVAN'S ULTIMATUM.

Chicago, Nov. 22.—"I am not going to be East for four months," said John L. Sullivan. "But I will meet Paddy Ryan in San Francisco any time in December or January for four rounds. Margain of Queensberry rules, on three conditions: To give him 20 per cent. of the profits, whether he stays four rounds or not, or if he wishes to make the match that I cannot knock him out in four rounds I will go for him for everything or for nothing. At present I have decided to fight no more knockle contests. I am willing to fight Ryan in San Francisco on the terms I have mentioned and pay all his expenses. Now let him put up or shut up."

A SHOCKING TRAGEDY.

Madoc, Nov. 19.—A terrible accident occurred about four miles from here on Saturday which alarmed the neighbors for many miles around when the news of the revolting tragedy became known. A son of the late James Moore was playing in his mother's house with a neighbor's child. A loaded shot gun was taken down by them to see if it was loaded. They examined the barrel for some time. Finally young Moore put the end of the barrel in his mouth and began to blow when his companion lighted a match and applied it to the nipple. The result was a shocking spectacle—the young lad lying on the floor with his brains blown out. Death was almost instantaneous.

HANLAN'S PROGRAMME.

St. Louis, Nov. 19.—James A. St. John, President of the Mississippi Valley Amateur Rowing Association, went to Chicago to give Edward Hanlan a send-off. Hanlan and George Lee will remain in San Francisco several weeks and then depart for Australia, to be absent about a year. Hanlan will be under his own management, will train himself and put up his own money in such races as he may enter.

It is certain that Laycock, Beach and Trickett will want a slice at him. In fact it was pretty well understood that their friends would back them for £1,000 a side before Hanlan left. George Lee proposed making some matches on the Pacific coast and will remain there some time, returning via St. Louis, where he will be matched with either Gaudaur or Parker.

VERY SEVERE GALES.

St. Johns, N.F., Nov. 19.—A cable from St. Pierre announces that there was a furious snow storm on Friday and Saturday, probably attended with vast destruction to life and property. The ship Fleetwood, fourteen days, bound for Liverpool, was totally wrecked at Paveyard Point. The crew is supposed to be lost. The schooner Jeannette was wrecked at St. Pierre Roads. The brigantines Annie and Olan, laden with cod fish, bound for France, were driven upon the reefs and wrecked. Several vessels were driven from their anchorage and partly wrecked at Tregassey. Several bodies were washed ashore at St. Shots. All are mutilated, heads, arms and legs being severed from the body. A large vessel was driven past St. Shots and dismasted. It looked as if she had been abandoned. Fifteen to twenty vessels were in sight off Tregassey during the height of the storm. Seamen think they could not survive the gale.

A MOTHER'S PRAYER.

A Letter Found on a Young Man Arrested for Robbing—A Very Pathetic Appeal.

On Saturday last John McKellar, a purchaser of hides for a Hamilton firm, who had been stopping at the McKellar House, Glencoe, hung his coat in the hall. Subsequently, on putting the garment on again, he discovered that a $100 bill had been stolen from his pocket. Suspicion was at once directed upon a young lad from St. Thomas, formerly a news agent on the G.W.R., who had been working as a hostler at the hotel for his board. He was brought back from Alvinston, whither he had gone, and charged with the theft, the owner of the money consenting to allow him to go if he would make restitution. The following letter was found in the youth's pocket:

St. Thomas, Oct. 26.

My Dear Boy,—It is nearly two months since I received your last letter, and dear Georgie, you do not know how grieved I have been that you did not write. If you knew how it made my heart ache you would never neglect me. I have not heard one word from the News Company. I am very sorry you have left newselling and gone into business with any detective. Your father says get out of that as soon as possible. I am afraid, George, you will do something dishonest yet, and have to suffer the penalty of the law. Oh, George, for your poor mother's sake, never do anything dishonest. I think it would kill me to hear of this. Do try now and get into something respectable, and do stick to it and not be travelling from one place to another. My dear boy, have I not always been a mother to you? I have just as much love and feeling for you as a mother could have for her child, and now try and take my advice. You do not know how I feel about your being away from home. Do you remember the little purse you sold to —— on the train? She gave it to me. It is all I have to remember you. I want you, George, to keep out of hotels as much as possible. Never try to get a job around a tavern; strike for something higher than that. I beg of you, George, never touch liquor, is the prayer of your Poor Mother.

TRIBUTE TO AN OLD FRIEND.

The Late Timothy Donovan—An Industrious and Successful Farmer Passes Away.

Another of the old landmarks of the Township of Kingston has passed away in the person of Timothy Donovan. The deceased was a native of the County Cork and came to this country with his widowed mother and brother when very young. The family settled on the lake shore, a short distance west of Portsmouth. Being very industrious they made money and then bought a farm near Jackson's Mill, where they have remained ever since. When the writer first knew them they were possessed of a large share of property, which has continued with them. The brothers were twins and lived on the most affectionate terms. Daniel died very suddenly about 18 years ago and, being a bachelor, the whole of his property went to Timothy. The latter was a man of sterling integrity and like so many of his countrymen had an almost inexhaustible fund of humour. He was possessed of incomparable shrewdness, has an intuitive perception of a man's character. Thus a smart man with horses he would send to the plough; if another was handy with an axe he was sent to the woods; if another was good with a flail he was sent to the barn, and if another was used to cattle he was sent to drive the oxen. He always knew a man's capabilities and never was guilty of the blunder of putting a square peg in a round hole. He was a very obliging neighbour and took great pleasure in giving a helping hand to those not so well endowed with this world's goods as himself. He left his large family amply provided for and when his work in this world was done he passed suddenly and quietly to his rest. Peace to his ashes.—Cor.

HOW THE MONEY PASSED.

An Incident of the West Middlesex Dominion Election.

Mr. Bethune, Q.C.—Do you know Mr. Fitzpatrick?

Mr. Richardson (Chairman of the Tory Election Committee)—Yes.

Mr. Bethune—Did you give him any money?

Witness—No.

Mr. Bethune—Did you know his wife?

Witness—Yes.

Mr. Bethune—Did you give her any money?

Witness—Yes.

Mr. Bethune—How was it?

Witness (blushing violently)—Just while shaking hands with her. (Laughter.)

Mr. Bethune—Did you talk to her about it?

Witness—No; I don't talk to the woman.

Mr. Bethune—What was the money for?

Witness—To induce her husband to vote for Mr. Johnston.

Mr. Bethune—Now, sir, you told us a while ago that you did not handle a cent. Are you not ashamed of yourself?

Witness—I forgot about the $5.

FRENANTICOSTI CANARD.

Montreal, Nov. 19.—Sir Chas. Tupper has denied, through the London Daily News, that there was any truth in the report sent from here by a correspondent of the New York Evening Post, that negotiations were proceeding for the sale of the Island of Anticosti.

Be Assured in time, and do not allow what may appear to you as a simple back ache now, to run into a disease of the kidneys, which invariably proves fatal in the end. As a result of the unprecedented cold weather in the North-West several of the great flouring mills in Minneapolis were compelled by ice to shut down.

At a meeting of the Cardwell Conservative Association on Saturday Mr. Hammill expressed his willingness to again become a candidate.

It was a pet monkey that struck a match and fired the British bark Marquito at Bayonne, N. J., laden with 1,373 barrels of naptha and 2,000 of petroleum.

A Philadelphia lawyer, too proud to allow his friends to suppose that he practices in the divorce Courts, advertises "Misfit marriages a specialty."

Novelist Howells thinks heaven will be a place of "unceasing and self-contributive activities with energies that are immortal." Does he mean sawing wood?

Rock Island, Ill., must be a queer place. A newsboy brute who kicked his wife to death could not find a single lawyer in the city to defend him, though he has $200 in cash.

"Are you going to follow the suggestion of the railway officials and adopt the mean time?" asked the watchmaker of Mr. Stubbins. "Mean time? No, indeed. My watch keeps mean time enough now."

Epps's Cocoa.—Grateful and Comforting.—"By a thorough knowledge of the natural laws which govern the operations of indigestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette. Made simply with boiling water or milk. A Little Behind Hand.

Sound people are always a little behind hand in all undertakings; delays are dangerous, and none more so than in neglecting what seems a trifling cold. Prudent people break up the ill effects by timely use of Hagyard's Pectoral Balsam, thus preventing serious long troubles.

What Does it Mean?

What is meant by "Secretions" in a medical sense? "The secretions" are the powers of certain glands and organs of the body to hold and distribute the healthful fluids of the system, such as bile from the liver, etc. Burdock Blood Bitters regulates all the organs of the secretions to make pure blood.

Now that there is a reliable remedy for kidney trouble half the terrors attached to these complaints have been removed. For this let all be thankful, and to Dr. Van Buren's Kidney Cure award all praise for having thus removed a hitherto considered fatal disease from our path. It was never known to fail. Sold by all druggists.

The Faith Cure

One who tried the faith cure declares she was cured—"cured of her faith"—Burdock Blood Bitters cures by works, not by faith alone. It is the grand specific for all diseases of Liver, Kidneys and Blood, purifying, regulating and strengthening the vitalbloods.

A Fortunate Escape.

Mrs. Buchanan, 36 Sumbridge St., Toronto, at one time was about to submit to a surgical operation for bad humours of the knee joint, all other treatment having failed, when Hagyard's Yellow Oil was tried, and speedily cured her.

Tan Sher truthfully accuses of insanity in Bright's Disease of the Kidneys. Commencing with a little pain in the back, it hurries the sufferer to a premature grave. Dr. Van Buren's Kidney Cure is the only known remedy that prevents the fatal result. Take it in time.

"Tan Sherry" of having a bottle of Perry Davis' Pain-Killer in the house, in that you are prepared for the "worst." Croup or Cholera, the Pain-Killer is a sovereign remedy.

Mrs. J. McPhie, Appin, writes:—During the last eight years I have used almost every medicine recommended for rheumatism, but found nothing equal to Carter's Blues. If you suffer try it. Price 25 cents.

Miscellaneous.

Plain Truths!

The blood is the foundation of life, it circulates through every part of the body and unless it is pure and rich, good health is impossible, if disease has entered the system the only sure and quick way to drive it out is to purify and enrich the blood.

These simple facts are well known and the highest medical authorities agree that nothing but iron will restore the blood to its natural condition; and also that all the iron preparations hitherto made blacken the teeth, cause headache, and are otherwise injurious.

Sulphur and Iron Bitters will thoroughly and quickly assimilate with the blood, purifying and strengthening it and thus drive disease from any part of the system, and it will not blacken the teeth cause headache or constipation and is positively not injurious.

St. Johnsbury, Vermont Oct. 2nd 1883.

For six years I have been a great sufferer from nasal catarrh, dyspepsia and constipation, and became so debilitated that I could not remain anywhere on my stomach, as food did not digest and from dyspepsia as well as catarrh. I am now taking the 6th bottle and have not felt so well for years as at present.

MRS. S. J. MOORE.

Sulphur and Iron Bitters effectually cures dyspepsia, indigestion and weakness, and renders the greatest relief and benefit to persons suffering from such diseases as kidney and liver complaints, dyspepsia, indigestion etc.

IMPORTANT TO STEAM USERS AND ENGINEERS.

How to Keep Boilers Clean.

FISHER'S PATENT AUTOMATIC BOILER CLEANER, when properly applied to a steam boiler, never fails to remove all

Muddy Deposits and Sediments

from water before they become baked into scale. The Cleaner is automatic and certain in its action and will prevent a scale from forming. A boiler kept clean is always in good and safe repair, as well as a reduced liability to explosion.

Having the agency for this section of the country, we are prepared to fit them up and guarantee them to do all the patentee claims for them.

For further information apply to
