## Dr. J. Collis Browne's Chlorodyne.

THE ORIGINAL AND ONLY GENUINE. ADVICE TO INVALIDS—If you wish to obtain quiet, refreshing sleep, free from headache, re-lief from pain and anguish, to calm and assuage the weary achings of protracted disease, invigor-

ate the nervous media, and regulate the circulating systems of the body, you will provide (curself with that marvellous remedy discovered by Dr. J. Collis Browne (late Army Medical Staff) to which he gave the name of CHLORODYNE, and which is admitted by the profession to be the most wonderful and valuable remedy ever discovered. CHILORODENE is the best remedy known for Coughs, Consumption, Bronchitis and Asthma HILORODYNE acts like a charm in Diarrhoea, and is the only specific in Cholera and Dysentery. THLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache

From Symes & Co., Pharmaceutical Chemists, Medical Hall, Simla, January 5, 1880. To J. T Davenport, Esq., 38 Great Russell Street, Bloomsbury, London. Dear Sir,-We embrace this opportunity of congratulating you upon the wide-spread reputation this justly esteemed medicine, Dr. J. Collis Browne's Chlorodyne, has earned for itself, not only in Hindostan, but all over the East. As a remedy of general utility, we must question whether a better is imported into the country, and we shall be glad to hear of its finding a place in every Angle-Indian home. The other brands, we are happy to say, are now relegated to the native bazaars, and judging from their sale, we fancy that their sojourn there will be but evanescent. We could multiply instances del lost. No other hair dressing is requisite. Large infinitum of the extraordinary efficacy of Dr. Collis Browne's Chlorodyne in Distribute. entery, Spasms, Cramps, Neuralgia, the Vomitivg of Pregnancy, and as a general sedative, that have occurred under our personal observation during many years. In Cholera Diarricea, and even in the more terrible forms of Cholers itself, we have witnessed its surprisingly controlling power. We have never used any other form of this medicine than Collis Browne's, from a firm conviction that is is decidedly the best, and also from a sense of duty we owe to the profession and ne public, as we are of the opinion that the substitution of any other than Collis Browne's is a DELIBERATE BREACH OF PAITH ON THE PART OF THE CHEMIST TO PRESCRIBER AND PATIENT ALIKE We are, Sir, faithfully yours, Symes & Co., Members of the Pharm. Society of Great Britain, His Excellency the Vicerov's Chemists. CAUTION .- Vice Chancellor Sir Page Wood stated that that Dr. J. COLLIS BROWNE was undoubt. edly the inventor of CHLOROBYNE; that the story of the defendant, Freeman was deliberately untrue, which, he regretted to say, had been sworn to .- See Times, July 13, 1864. Sold in bottles at 1s. 13d., 2s. 9d., 4s. 6d., and 11s. each. None is genuine without the words ' Dr J. Collis Browne's Chlorodyne" on the Government Stamp. Overwhelming medical testimo: y ac-
