THE ORIGINAL AND ONLY GENUINE.

ADVICE TO INVALIDS-If you wish to obtain quiet, refreshing sleep, free from headache, relief from pain and anguish, to calm and assuage the weary achings of protracted disease, invigor ate the nervous media, and regulate the circulating systems of the body, you will provide yourself with that marvellous remedy discovered by Dr. J. Collis Browne (late Army Medical Staff) to which he gave the name of CHLORODYNE, and which is admitted by the profession to be the

(HILORODYNE is the best remedy known for Coughs, Consumption, Bronchitis and Asthma WHILOHODYNE acts like a charm in Diarrhosa, and is the only specific in Cholera and HELORODYNE effectually cuts short all attacks of Epilepsy. Hysteria, Palpitation, and THELORODYNE is the only palliative in Neuralgia, Eheumatism, Gout, Cancer, Toothache From Symes & Co., Pharmaceutical Chemists, Medical Hall, Simia, January 5, 1880. To J. T

Davenport, Esq., 33 Great Russell Street, Bloomsbury, London. Dear Sir,-We embrace this op portunity of congratulating you upon the wide-spread reputation this justly esteemed medicine. J. Collis Browne's Chlorodyne, has earned for itself, not only in Hindostan, but all over the East. As a remedy of general utility, we must question whether a better is imported into the country, and we shall be glad to hear of its finding a place in every Angle-Indian home. The other brands, we are happy to say, are now relegated to the native basaars, and judging from their sale, we fancy that their sojourn there will be but evanescent. We could multiply instances do infinitum of the extraordinary efficacy of Dr. Collis Browne's Chlorodyne in Distriber, and Dysentery. Spasms, Cramps, Neuralgis, the Vomiting of Pregnancy, and as a general sedative, that have occurred under our personal observation during many years. In Cholera Diarrhoea, and even in the more terrible forms of Cholera itself, we have witnessed its surprisingly controlling Lockyer's is equal to any of the power. We have never used any other form of this medicine than Collis Browne's, from a firm conviction that is is decidedly the best, and also from a sense of duty we owe to the profession and ne public, as we are of the opinion that the substitution of any other than Collis Browne's is a DELIBERATE BREACH OF FAITH ON THE PART OF THE CHEMIST TO PRESCRIBER AND PATIENT ALIKE We are, Sir. faithfully yours, Symes & Co., Members of the Pharm Society of Great Britain, His Excellency the Vicerov's Chemists.
