"FORGIVE US OUR SINS," A Sermon Preaching the Use of the Lord's Prayer by Rev. J. B. Law, Esq., at the St. Andrew's Society.

On Sunday morning Rev. Henry Wilson, D.D., delivered a sermon in defence of the use of the Lord's Prayer. Below will be found a synopsis of it.

"The best way," said the speaker, "to oppose false teaching is to give the truth. To counteract the bad effect of a half truth, give the whole truth. This I desire to do this morning on the very important matter of the Lord's Prayer."

He gave the prayer publicly to show that he gave it privately to show that it was for private Christians. He gave it first to a great multitude of people, good and bad, to show that it was for all.

Christ teaches us here what all experience teaches, that the holiest of all prayers is found to be true, that we never get to God the more we realize our own sinfulness and the constant need of Christ's blood to take it away.
