OPERATION OF TARIFFS The revenue tariff of the late Gov. ernment has been repeatedly referred News to talk about crookedness. to by the Conservative press and speak ors as a tariff which produced deficits. Our Tory critics are not usually legical and they are less logical than usual in this instance. In the five years during which the Liberals were in power there were deficits, but these were not a new experience; they had occurred previously under circumstances which admitted of less being said in pallication of them. It would have been an easy matter for Sir Richard Cartwright to tax the people high enough to enable bim to meet all the Government obligations and create a surplus quite equal to that of which the present Instead of calling the medal after his Administration have so much bonsted. own name he desired that it should be It has been stated that their was a known as the "Graduates Gold Medal. reason why such a policy was not foland he hoped that each year some gralowed prior to 1878 - every court it tax ation would have been her ; 'rit by the people while the depression lasted ; medal might be continued.
