Band Sawing, Scroll Sawing, Shaping, etc., done to order. Orders for house fluishing, etc., executed with care and despatch.

IS THE MOST ECONOMICAL APPLIANCE KNOWN forfeeding boilers or pumping purposes, on account of the great range of its duties, and the small expenditure of steam required for work It is intended to take the place of Pumps and Injectors and may be used in their stead to great advantage. It differs materially,

Construction & Working Qualities

from the class of boiler feeders known as injetors-inasmuch as it has one set of tubes for ifting and another set of tubes for forcing water-a combination entirely new, reliable and efficient. They are simple to operate, alway ready for use and altogether a very reliable feed PAMPHLETS OF INSTRUCTION furnished on application, also testimonials if required We guarantee every Inspirator according to recommendation or no charge.
