County Election-Public Opinion.

To the Editor of the British Why. SIR, -I see in last week's WHIG that the name of Elijah Joyler, Esq., was proposed as a candidate for the Local Legislature. Now, from what I have seen of his ability in the County Council and his straightforward course in the past, and his recognized ability, I certainly would strongly support his candidature, if it were not that he is a non-resident, ·I believe he has every qualification for the position of M.P.P., and as this is a rural riding and a very large majority of the electors are farmers, I think we ought to have a men her who is one of the class who sends him, so that he may knew their feelings and wants and therefore properly represent them. Now, in he were a resident I think that "J. A.
