ADDINGTON INTO LINE

A telegram from Harrowsmith announces that Mr. John B. Aylsworth, of Newburgh, has been chosen, on a unanimous ballot, to contest Addington. There was great confidence felt at the convention in regard to his success. Mr. Joseph Connolly, of Yarker, reported to have been converted by the na tional policy, being a manufacturer, today made a rattling speech, saying that the present Government's acts were ten times worse than the Pacific Scandal. Mr. Aylsworth, too, made a confident address, and will go earnestly into the contest. The news is gratifying. In the last election in Addington, as in and inaction. The blunder will not be following: repeated. The electors have long been determined to redeem the constituency, and they will by organizations energy and fidelity to a good cause win success, and do that which Dr. Sullivan recommended to the Kingston Conservatives, atone fer a past offence.

> CAUSE OF BAD TIMES.

The Tory press and leaders never tire of making the false and absurd, charge that the depression existing between 1874 and 1878 was due to the policy of the Mackenzie Government. Had the depression been confined to Canada there would have been some color for the charge. But it originated in the United States and spread over the whole commercial world. No change, in the policy of Canada that could injuriously affect our interests was made. The Government was economical, the expenditure for 1878, its last year, be.
