THE POET'S PERSONAL APPEARANCE. Mr. Wilde has suffered by the caricatures which have been published by the English and American press. His lecture costume has been peculiar, 'tis true, but in his ordinary "walk and con versation" he is free from affectation and noted for his excellent taste in dressing, his gentleness, keenness of vision, and intelligent, good-natured natured attempts to awaken in the public and individual a love for those things which become a joy to the beholder. He has many followers, and his lectures afford food for their reflection. has," says one, after listening the development of his thoughts, and being moved by his use of choice language-"he has excited by his lecture what he holds to be a proof of superiority in music, poetry or painting, pleasurable feeling, an æsthetic feeling, a sensation which, though in some respects vague, is yet of value as suggesting further examination into what he insists is the secret of life. The arch-methetic is a most agreeable person. He is tall and æsthetic, is graceful in action and given at times to that posing which has been so much admired and the imitations of which have been him, and generally hums some mournful indifferent at best. His face is oval and decidedly pleasant, the embodiment in fact of mildness; his eyes are poetic; ken to Court.
