

the service Mr. Gunn was to the country. He was not a prominent speaker like Tupper, (Voice—Or Plumb, Lougher, but he is an intelligent and well-informed man and worthy representative of Kingston. (Cheers.) He did not say that Mr. Gunn was a political public speaker, but he knew more about commerce and manufacturing than any man in Kingston. (Cheers.) He had been a successful banker, importer and manufacturer, some knew the value of the man except those who did business with him. He was remarkably unassuming and his business was conducted without show, but both were first class. (Applause.) He had no occasion to leave Mr. Gunn who was a strong opponent. Mr. Gunn who could sell cheaper than Mr. Gunn had to get up early. (Mr. Hartley—laughing)—He drove me out of the country. Who gets the benefit of cheap goods? The people. Speaking of Sir Richard Cartwright, Mr. Fenwick retired after expressing the delight which he experienced in attending his first political meeting and expressing the hope that Alexander Gunn would be elected.

Daily British Whig.

Office per Urban Door.

Sir John Macdonald is to open his Lennox campaign by a public meeting in the Opera House at Napanee on Saturday afternoon next. The announcement was made in Napanee this morning, and sent broadcast over the country. The Reformers are invited to discuss and it is said that Mr. Blake has been asked to come, but it is not yet known whether he will be available for that day. It is probable that he will be heard in Lennox some time during the campaign, however.

THE PUBLIC DEBT.

The following table (see Public Accounts, page 19) shows the net and gross debt of Canada on the first day of July in each year since Confederation.

Table with columns: NET DEBT, GROSS DEBT, and rows for years 1867 to 1881.

THE POOR WORKING MAN.

The Conservative caucus on Friday evening lauded the workman. It was likewise most affectionately regarded in 1873. The election speeches in the Kingston City Hall by Sir John and the followers in past campaigns bristled with indignation over the bare-headed Chinamen who were not permitted from working upon the Canadian Pacific Railway in British Columbia. No Chinamen were at work, but the tears came profusely at the bare possibility. Speeches were not alone sufficient, so a cartoon was procured in 1874 in order to picture the terrible outrage that might happen "Canada for the Canadians" was the cry, and the people answered it finally in 1875 by placing Sir John in power. He has proved the sincerity of his love for the home toilers. He and his party still shed tears over them, but it is not when they come to the door of office at Ottawa and ask for work. It is when their votes are wanted.

MAINE NEWS.

The sloop Julia is loading 8,000 bushels of oats for Oswego, for R. J. Eilbeck. The tug Conqueror is coming down the lake with a raft belonging to Messrs. Platt & Bradley, of Hamilton. Wheat is carried from Chicago to Kingston at 4 cents, which is low compared with former rates. A Cheboygan dispatch reports Platt, Bradley & Co. loading the schooner Bismarck with pine timber for Kingston. The stern of the Genera was damaged by being run into on Saturday by the Africa. The collision took place in the slip at McKay's wharf, Hamilton. Garden Island had quite a lively appearance this morning, as everything in the shape of a man or boy was being utilized in unloading the fleet of vessels. But with the increased facilities now in use there for unloading besides Captain Allen thinks he can leave the harbor clear before Wednesday noon, and give the boys a half holiday to take in the celebration in the city during the afternoon.

Her Best Thanks.

Mrs Mary Scanlon desires to express her grateful acknowledgments of the testimonial of \$107, in cash from the citizens generally, through Messrs. G. E. Ashley, W. R. McRae, M. Morrison and J. S. Henderson. The promptness and timeliness of the gift increases her obligations.

General Physician's Notice.

It is generally considered a pretty difficult task to outdo a physician, but the following will conclusively prove mine were correct. The only remedy that will surely and permanently cure you. Dr. King's New Discovery for Consumption is also a cure for Rheumatism, Gout, and all other ailments. It is a simple, safe, and effective remedy. It is a simple, safe, and effective remedy. It is a simple, safe, and effective remedy.

Bright's Disease, Diabetic.

Beware of the stuff that pretends to cure these diseases or other serious kidney, urinary or liver diseases, as they only relieve for a time and makes you ten times worse afterwards, but rely solely on Hop Bitters, the only remedy that will surely and permanently cure you. It destroys and removes the cause of disease so effectually that it never returns.

THE PEOPLE'S CANDIDATE.

Last night Mr. Alex. Gunn received the most positive evidence of his worthiness to bear the title, conferred upon him at his advent in the Parliamentary field four years ago, of being the People's Candidate. Not only was the meeting so crowded as to exclude late comers, and those present so served to the utmost with enthusiasm as to break out very frequently in plaudits and cheers, but Mr. Gunn received a personal ovation quite equal to that tendered him as the standard-bearer of the party politically. Every class of the citizens was well represented, and most prominently so the merchants, mechanics and workmen of the city, the honest and sincere of the people. Not only were his gifts of good fellowship acknowledged by everybody, but his ability as a merchant, his enterprise as a manufacturer, his generosity as a patron of every good cause, and his fairness and impartiality as a citizen, were each made a fitting theme for the praise of those who have reason as members of a common weal to feel grateful for the exercise of these qualities. The People's Candidate, Mr. Gunn, most assuredly was again crowned last night, and unless numbers, unity and enthusiasm have ceased to be indications of coming success, he has no reason to doubt that the people's cause will again triumph in his name.

THE PEOPLE'S CANDIDATE.

Mr. Gunn, as a member, appears to have gained materially in strength while in public service, though it is not usual for those sitting in the cold shades of opposition to add to their influence. His extreme courtesy, however, to the electors of both parties, and his faithful regard for the local interests, coupled with a dignified and creditable bearing, have won for him as high a regard and credit in office as he had previously borne out of it. His usefulness as a member was well attested, and as it is only a question of a short time when Mr. Blake shall come to power Kingston will then, indeed, be fortunate, viewing her good treatment in the past at the hands of Reform governments in having in her member a friend at court so zealous in her advancement and so heartily in sympathy with the people.

A CONCERT ON MID OCEAN.

The Mad Act of Two Kingstons on their Way to Old England.

On April 26th one of the members of the S.S. "Parisian," then lying in Boston, fell from the rigging, and, striking the deck, was instantly killed. Great sympathy was expressed by his officers and fellow sailors, the man being steadily advancing in his calling, and this feeling was also shared by the passengers, especially when it was known that he left a widow and children in Liverpool, who would not hear of his death until the ship's arrival. Two Kingston gentlemen, passengers on board, undertook the arrangement of a concert for the benefit of the widow, and after considerable practice by the best amateurs on board the programme was selected and ready for the press.

MILITARY REVIEW.

Preparations for the Review of the 14th P. W. O. Rifles. We hope the weather and the local arrangements will be complete and entirely satisfactory for a celebration of the Queen's Birthday to-morrow. It is to be entirely a military exercise, reviving the memories of long ago, of epochs marked in history as they have not been since this city ceased to be the lodgment of Imperial troops. The review will take place on historic ground. It will not be taken part in by as many men as on some former occasions, as when for instance Lord Dufferin paid his visit to Kingston during the training of the district militia, but the proceedings promise to be exceedingly interesting. It is to be regretted that the Government did not carry out its original intention to pay the expenses of a dozen or more corps, the field movements of which would have attracted hither many more people than can now be anticipated, though the visitors will perhaps number thousands.

MILITARY REVIEW.

When we go back to the formation of the 14th P. W. O. Rifles we get to an important period in the history of the militia force. Away back on the 30th there was no organization, but annually the volunteers met and had a parade. Mr. Gunn, as a member, appears to have gained materially in strength while in public service, though it is not usual for those sitting in the cold shades of opposition to add to their influence. His extreme courtesy, however, to the electors of both parties, and his faithful regard for the local interests, coupled with a dignified and creditable bearing, have won for him as high a regard and credit in office as he had previously borne out of it. His usefulness as a member was well attested, and as it is only a question of a short time when Mr. Blake shall come to power Kingston will then, indeed, be fortunate, viewing her good treatment in the past at the hands of Reform governments in having in her member a friend at court so zealous in her advancement and so heartily in sympathy with the people.

When we go back to the formation of the 14th P. W. O. Rifles we get to an important period in the history of the militia force. Away back on the 30th there was no organization, but annually the volunteers met and had a parade. Mr. Gunn, as a member, appears to have gained materially in strength while in public service, though it is not usual for those sitting in the cold shades of opposition to add to their influence. His extreme courtesy, however, to the electors of both parties, and his faithful regard for the local interests, coupled with a dignified and creditable bearing, have won for him as high a regard and credit in office as he had previously borne out of it. His usefulness as a member was well attested, and as it is only a question of a short time when Mr. Blake shall come to power Kingston will then, indeed, be fortunate, viewing her good treatment in the past at the hands of Reform governments in having in her member a friend at court so zealous in her advancement and so heartily in sympathy with the people.

MILITARY REVIEW.

When we go back to the formation of the 14th P. W. O. Rifles we get to an important period in the history of the militia force. Away back on the 30th there was no organization, but annually the volunteers met and had a parade. Mr. Gunn, as a member, appears to have gained materially in strength while in public service, though it is not usual for those sitting in the cold shades of opposition to add to their influence. His extreme courtesy, however, to the electors of both parties, and his faithful regard for the local interests, coupled with a dignified and creditable bearing, have won for him as high a regard and credit in office as he had previously borne out of it. His usefulness as a member was well attested, and as it is only a question of a short time when Mr. Blake shall come to power Kingston will then, indeed, be fortunate, viewing her good treatment in the past at the hands of Reform governments in having in her member a friend at court so zealous in her advancement and so heartily in sympathy with the people.
