disallowance. He again forgot to state the true opposition to its disallowance. The question, is simply, Shall a body of thirteen men at Ottawa sit in judgment and deny to Ontario its provincial right to legislate on local questions. If the Provincial Parliament has passed an Act that is wrong or bad then the voters of the noble Province can put in better men. But for thirteen men at Ottawa to constitute themselves into a second Chamber and disallow an Act passed by the Ontario House and sanctioned by her people, is the very thing Ontario will resent. In conclusion he asked the electors for their support, thanking

OUR CHILDREN AND SCHOOLS. Meeting a Failure - School Population Increased-Much Needed Water

Last evening was the time appointed for the regular meeting of the Board of cient number of memoers not being

very little business to be done. After a year's delay it seems that the Water Works Company have commend ed to lay the pipes to Louise Street School, and probably after the holidays the pupils will not be compelled at recess to scour the neighbourhood and beg for water to drink. A hydrant will be placed for fire purposes at the corner of Johnson and Division streets.

During the past month the attendance at the city schools totalled 1,815. In senior classes there has been a falling off-a usual circumstance at this sea son, as many of the larger pupils have secured positions in factories and other places. The loss to the senior classes is counterbalanced, however, by an in creased attendance in the junior classes. In many of the schools the rooms occu in every county. Amongst the arrivals pied by these are crowded to excess. The younger pupils were detained at home during the cold weather, some Macpherson has adopted a new method on account of the distance that had to of securing domestics for the ladies of be traversed. Persse, Ontario Immigra. to play upon the streets, they are domestics to the applicants when they ever, mere infants. It is better to keep a child at home until it has reached the age of eight years.

The members of the School Board and the Inspector have been discussing the desirability of having the examina tions of the senior classes held next week in Ontario Hall. The examination then will not only expedite matters, but give the public a better oppor tunity to julge of the system of grading introduced by Inspector Kidd.

The promotion examinations are now being held by Inspector Kidd. Excel lent work has been accomplished by the teachers. In several instances the vari ous rooms will be occupied by newscholars -those who have been promote i from lower to higher classes. Yester day, in the Queen Street School, Mass Middleton passed 84, all who tried, to advance from Part I. to the Second Class; Miss Givens passed 28 out of 83 from Part II. to the Junior Third; and Miss Davidson passed 86 out of 37 from

the Janior to the Senior Third Class. The children are anxiously anticipat ing their usual summer vacation. They deserve it, and when the holidays come they will enjoy them. Not a solitary book should be opened during the holi days. Let the youngsters get out into The water in the harbor this year is the country, breathe pure air, and have all the frolic they wish, then they will return to their books with renewed zest
