RUMORED CABINET CHANGES.

It is understood that the Dominion, Cabinet will undergo reconstruction shortly. Sir John Macdonald, for real sons which do not undertake to explain -probably because the duties of the Premiership have prevented him from giving the attention he would like to departmental details-has failed to give . satisfaction as Minister of the Interior His land regulations especially are con demaed by political friends and foes. It is said he will become Minister o Militia. Undoubtedly a change is de sirable in the Militia Department. Mr. Caron does not command the admiration of the volunteers, who have been hop ing for an improvement in the system. and a liberality the further refusal of which must have an injurious effect upon the service. The head of the the regular politics of the Federation. Militia Department should himself be a volunteer in order to sympathise with those who are prepared to take up arms | the edifice would be founded in a divorce. in defence of the country, and provide the consequence of a bitter enmity for the military as they deserve. Mr. Kirkpatrick would have filled this posi by the Costigan Smith movement, has perty, of public works, of the division for the present. He will not even get the Imperial Legislature and the Local way to the clamours of the French once the capital of Irish incendiarism goes members. The most surprising rumour and be debated with revolutionary fury. is to the effect that Hon. Mr. Chapleau Mr. Smith adds : will become Minister of Railways, and Sir Charles Tupper Minister of the In. terior. They are most surprising be cause most improbable. The appointment of Hon. Mr. Caron as Secretary of State would be the placing of that gentleman in the office for which perhaps be is best fitted.

EMBARKATION OF TROOPS

The Scots Guards embarked in the steamship Crient from the East India docks, Blackwall, London. The Orient belongs to the Orient Steam Navigation perity which before the outbreak the Company, London. This line runs a fortnightly service in conjunction with the Pacific Steam Navigation Company triotic, are invited to consider what between London and Plymouth and the | would be the condition of Ireland if the New Zealand and Australian ports via the Suez Canal. The Orient was built at Glasgow in 1879 by John Elder & Co.. eminent ship builders, who constructed the Arizoca at the same time. These vessels were, at the date of their launch the largest merchant yessels in the world. In the building of the Orient and her sister ship, the Austral, special attention was paid to fitting up for the conveyance of troops, and consequently the Orient is admirably adapted for a tribunal ownership, of which some pertroop ship Herdimensions are: Length, -460 ft.; beam, 46 ft. 6 in.; depth, 36 ft 6 in.; tonnage, 5.380; gross tonnage. 6,500; nominal horse power, 1.000; ac uai horse power, 5,400. She is fitted up with all the latest improvements. She has three engines in addition to her marine engines for loading and unload. ing, working sails, heisting in and out boats, etc., has large condensers, ice making apparatus and all the most modern requirements, including a large bakery, supplying bread for nearly 2,000 daily. In addition to her usual accommodation for 500 or 600 cabin passengers she can carry 1,000 troops with base, and without any alteration in her internal fittings. She is commanded by Capt. Harrison, late Commodore of the Pacific Company, and has made the long purse, and which would rob him at fastest passage between England and once of a good deal of his strength, and Australia on record. It may be re of a still larger measure of his wisdom. London market.
