Ellen Todd played the cards better than her husband. She had a baby in her arms, and huge tears stood out on her cheek as she faced his Worship, "Were you drunk?"

"Yes, I had a glass or so, but this is the first time in seventeen years that .

"Well," said the Magistrate with a merry twinkle in his eye, "you should be encouraged to do well. Don't come here again for another 17 years. She thanked the Court and retired. A case of keeping liquor for sale was

adjourned until to morrow morning. The lad Keegan and two other little fellows, Clark and Fraser, implicated in the same theft, were placed in the dock. The boys undoubtedly entered Mrs. Shufflebottom's hoase and appropriated the tobacco, but the complainant did not press the charge. The boys had not yet reached years of discretion and were in consequence not worthy of receiving punishment by the Court. They were. however, lectured very plainly and have been so thoroughly scared that they will not likely again commit themselves. Five boys, Patrick Purcell, William Walsh, Charles O'Toole, Wm. Burton, and James Welsh, were charged with stealing or receiving stolen fruit from

Dr. Stewart. The case was adjourned Love." until to-morrow. A LIGHT SENTENCE. At noon Macdonald was brought into burt and sentenced to three months' imprisonment in the Central Prison. Verily, considering his conduct, the

prisoner has been leniently dealt with.

Steamship Inspection. all times. The Americans are much ! more particular than the Cauadians in regard to the condition and management the passenger steamers. At Cape

Vincent, for instance, Customs' officials count the passengers as they leave the trains, and, as seen as the limit is reached, forbid more to board the A heavy penalty is imposed in case the law is transgressed. On the Canadian side the steamers are limited in regard to the number of passen. gers they are permitted to carry, but, so far as we are aware, it seems to be the duty of no particular official to see that Government orders are obeyed.

Further Laprovements.

R. J. Eilbeck is erecting at his grain warehouse a 25 horse power Corliss engine. The boiler house is now being built, and the boiler will be enclosed i brick. The engine will run beside the elevator, the stones used in grinding corn meal and feed for farmers.
