DOMINION EXHIBITION.

THE PART KINGSTONIANS TAKE IN I

A PEW OF THE ENTRIES ORDER OUT OF LHAOS. encance Teste day Light-Pressmen on the Ground-Mongoba Exhibit a Loading Attraction - Unfortunate

Events.

Yesterday there was great activity It is unfortunate that several build the Crystal Palace. All Saturday ings commenced in anticipation of the might, Sunday night and Monday the streets running to the Fair ground were lined with teams conveying huge boxes to the Exhibition: Horses, cattle. sleep, pigs, poultry, &c., were brought in droves and for a time everything was in choas, but the painstaking Superin tendents soon brought order out of and the exhibitors were then allotted their space. Boxes and bales filled up the interior of the palace and many per sons were busily engaged in setting their entries in the best possible posi-Each section was fitted up as the best taste of the exhibitor suggested Before night fall many of the displays were completed and the owners of them very happy. In every other building similar work was done and out of the confusion came harmony and neatness The buildings, when all arranged for public inspection, will no doubt be very attractive. The Superintendent's au-Secretary's offices were both besieged with people who desired this, that and the other thing done for their accommo dation. The staff were pushed to then utmost limit. Directors and members of Council were found everywhere mak ing things run as smoothly as possible testuraunt and amusement booths were erected. Mr. John Metcalfe has the entire control of the refreshments and he has re-let them to several parties who will do their best to meet the wants

of the visitors. The gates were closed all day, so that few except those on business gamed ad mission. To day, everything it is hoped will be in good shape and the crowls of visitors can then have a good idea o

what the show is like. For newspaper men, of whom there are many on the grounds, including Messis Compbell and Scott, of the Globe, Parkhurst and Robin, of the Mail, 1. Southworth, of the Brockville Broader and representatives of the Water and News, there was a little work to do yes ter-lay. The exhibitors were too busy to talk and the wares were not in position to be seen to advantage. However, we were cuabled to pick up a few ex

WITHIS THE CRYSTAL PALACE. In the south east wing, near the entrance, was the display of Messrs. For & Sons, leither marchants of this city. They show harness and saddlers' leath er shoe leather from fine to heavy, beltings and lace leather, polished sheep skins, for saddlers' use, polished shoe and other kin la, the leather all being cured and finished here. The hides and and skins from which the leather is manufactured was bought in this vice nity. Messrs. Ford & Sons have been exhibiting at shows for the past twenty. five years and have taken a large num ker of prizes. The firm has been in existence over forty years. Their goods | eye of all the ladies. find a ready market in Ontario. Quebec and the other Provinces. Besides they

ship great quantities to England and Scotland A. Chown & Co., have a very fine dis play. They show manufactured goods, consisting of horse nails, mixed paints, enamelled leathers, whips, a fine assort ment of malleable hardware, top leather

grain measures, rakes, &c. John Mckay shows a case of uppers, made in England from flae French

Wm. Peacock, of Montreal, shows his enterprise by exhibiting numerous cricket bats. They are well recommended. He holds three diplomas and two medal-awarded at different Exhibitions a. I has the honour to be under the dis inguished patronage of His Royal High ness Prince Arthur and the Marquis of Lorne, Governor General of Canada. has offered a fine batfor competition by

the local cricksters. Miss H. C. Hubbell has a neat display of bric a brac and cornics. There are also very peculiar looking pieces of plate, including a huge Egyptian cup and saucer. Had Oscar Wilde lived a the time of their use he would have disclaimed more vigorously than he dees against the unwieldy delf confronting

him on breakfast tables. ARTICLES IN FRET WORK. George C. Hewitt has a cuckoo clock in scroll and fret work. Every time the clock strikes a cuck so comes forth and chirps the boar just passed The invention is a novelty.

John R. Rattenbury, one of Kingston a most talented workers in scroll and fret work, has a very commendably display. It includes a clock, brackets, picture frames, and many other things of a delicate character. The goods are

machine made Miss Carborry has a display of hand made tret work, and we really believe t cannot be eclipsed. A fan is made so delicately that a person would have to look twice before feeling that it could be done by hand. Brackets of unique design, picture frames, and a five o'clock tea table, made out of soft wood, complete the display.

COLLECTION OF CURIOSITIES. P. E. & W. E. Ward have their de unct two headed calf in a prominer place. This monstrosity is certainly a
