CALL AND EXAMINE... No Trouble to Show Goods... HARDY & MURRAY'S...

JUVENILE BOOKS... GREAT PROFUSION... Beautifully Illustrated and Bound in Showy Covers...

READ THE FOLLOWING LIST... Little Bo Peep, picture book, 25c...

John Henderson & Co., Books, Stationery, &c. PRINCESS STREET - KINGSTON.

MEMORANDUM... The Regular Meeting of the City Council will be held as follows: On Wednesday, 13th Oct., at 12.30 p.m. in the Council Chamber...

REMEMBER... Remember the last sale of Italian marble will take place by Hutchison on Friday and Saturday. No reserve.

REMEMBER... Remember the opening on Saturday at E. Delaney's, 288 Princess Street, of millinery and fancy dry goods. Great bargains.

A DEER KILLED... In the early part of the week D. Sly, a boatman, saw a fine buck deer swimming across Cranberry Lake and going in pursuit killed it with a club. It was probably "bound" into the water.

Police Court... Jane Wells, for allowing her cow to roam at large, was fined \$1.00. Michael O'Flaherty, who had not returned a "tag" he hired from...

Italian Marble and alabaster vases, statuary, &c. Five cases more opened and will be sold by Hutchison on Friday and Saturday afternoon and evening, at 2.30 and 7.30 o'clock.

THE MOFFAT and Barlow troupe is making big jumps. It played in Quebec on Tuesday evening in October on Wednesday, in Brockville last night. Tonight it appears in Westport, tomorrow in Kingston, then to Toronto and Rochester.

ON THE EVENING... Today Joel S. Cottrell, who engaged in the Passmore robbery case, left on his return to England. He had been purchased for him by the Chief of Police, his local expenses were paid, and then he was given the balance of \$87 left for him by his late mother but not received.

ON THE EVENING... Dr. St. Clare, Chief of the Consular Bureau, in the city today, informed us that he did not anticipate an increase in the duties on hay, eggs and other products so far as the American Government was concerned. He thought there would be a modification of any change were made. The feeling at Washington, he says, is drifting more and more towards reciprocity.

ON THE EVENING... This entertaining and popular piece was well received at the Opera House last night and will have another popular run to night. The company has lost nothing in talent since it left here last, and it is no wonder that it is enabled to keep up the lengthened run of the play. The situations are quite seasonal, and yet natural. "Nap & Luck" are uncommonly clever.

ON THE EVENING... The Police... This morning a charge of insanity was laid against a French Canadian and a sister by trade, and that he arrived on Monday by the prop. Persia. He alleged that his wife and family live on St. Andrew Street in this city. Montreal, the Chief of Police, Mr. Paré, is unable to discover their whereabouts, and expresses grave doubts as to their ever forming a permanent portion of the community.

ON THE EVENING... Sheriff Sweetland and Bailiff J. O'Connell arrived here last night from Ottawa, having in custody Rajotte, Sparrow, Cooper and Noble, recently sentenced at the Assizes to the Kingston Penitentiary. The three first named convicts were connected with the counterfeiting case. Rajotte and Sparrow were for engraving the plates. Noble was arrested for theft and got two years. The others will serve three years. Rajotte and Sparrow are to be worth about \$50.00. The sum will have been considerably increased during their incarceration if the money has been well invested.

ON THE EVENING... William Hagen, visited the Police Court this morning, his face covered with dried and clotted blood, his ear and left side of his head carved as if he had passed through the dissecting room of the Medical College. He stated his case, and had the documents presented by which two women, neighbors and residents, on Orleans Street, will appear before the Magistrate to-morrow. They are charged with assaulting him. It seems that they and his wife got into a difficulty, and when he rushed to the rescue they pounced upon him. They knocked him down, and while prostrate the son of one of them made a couple of slashes at him with a knife, with the result we have indicated. He looked as if he had been through a desperate encounter.

ON THE EVENING... Remember the opening on Saturday at E. Delaney's, 288 Princess Street, of millinery and fancy dry goods. Great bargains.

HONORIED BURIAL... To-day the remains of the Hon. John Hamilton were conveyed to their last resting place in the family plot at Cataragui. A start was made from the residence of the deceased gentleman on Mainland street, at 2.30. The procession wound its way to Princess Street by way of King, West and Clergy streets, in the following order:

Students of Medical College, Medical Faculty, Students in Arts in Anatomical Costume, Members of University Council, Pallbearers: C. F. Giddings, T. Howard, (Montreal), G. B. Hatch, J. Carruthers, S. C. Merrill and G. Davidson.

Among the latter were the city and county members of the Legislature and House of Commons, Mayor and members of the City Council, civic and government officials, officers and employees of the Royal Mail, leading citizens and clergy including the Dean of Ontario, Rev. Messrs. Chambers, Kirkpatrick, Jackson, Rogers, McCaug, Wilson, Caray, Cartwright. The legal and medical professions were also well represented. At the house a short service was held. Rev. Dr. Smith, who was the pastor of the deceased gentleman, made a short opening and appropriate prayer, followed by the reading of the Scripture. Prof. Mowat followed with another short prayer, then the benediction was pronounced. A halt was not made at the church, but at the grave the usual burial service was read.

Flags hung at half mast upon the principal buildings and upon the vessels and steamboats in the harbor. All along the route travelled by the funeral the utmost sorrow was manifested by the people. It has been felt by all that a good man has been removed, leaving foot-prints upon the sands of time.

INSPECTION TOUR... Dr. St. Clare, Chief of the Consular Bureau, Washington, arrived here yesterday afternoon from the west, to which he has spent a few days, visiting agencies at St. Thomas, Sarina, Hamilton, Toronto and Belleville. He spent his time here very agreeably. Colonel Twichell took him in hand, and escorted him to the Point Barracks, the Military College, and other interesting points. He was not long engaged in an examination of local affairs, the office in Kingston being one of the most efficiently conducted in Canada. Dr. St. Clare has been Chief of the Consular Bureau for three years, but before becoming the successor of Mr. A. B. Wood (now Consul at Belfast) he was in the Department of State for four years. He is a very pleasant gentleman, and perhaps 30 years of age. He is a physician, and practiced his profession before entering the public service. He was in the late American war, as Surgeon of the First Pennsylvania Cavalry, and saw several engagements, the most important being that at Gettysburg, where he contracted hospital dysentery and was subsequently mustered out of the army on account of physical disability. He had a brother, who in nineteen months was promoted, from Assistant Surgeon of the First Michigan Cavalry, to Surgeon of the Fifth Michigan Cavalry, then to Surgeon in Chief of a Brigade, and finally Medical Director of the Transport Service on the Potomac. He died twelve months after the close of the war. He performed the only successful operation in the army known as peritonitis, mentioned in circular No. 6 issued by the Surgeon-General, U.S.A. Dr. St. Clare went eastward today, and will visit Montreal and two places between here and there. He is warmly received at all the agencies.

TO-DAY at Montreal the Military College Cadets were to have their first football match, namely that with the students of McGill College. The Montreal Star says of the Cadets: "The Kingston team this year is exceptionally strong, the men being almost all heavy, in the prime condition, full of energy, and expert at carrying off the furlows." A July, young of ex-Premier Joly, of Quebec, a youth of 23, weighs over 180 lbs, and is a regular Hercules among his classmates. He carried off the trophy in his college, a feat which can only be won by the contestant who carries off the most prizes in every competition during three years. He is also known to have run a race of 100 yards in 13 seconds. The names and weights of the members of the Kingston Club are as follows: A. Joly, 181 lbs; H. Strange, 149 lbs; W. Warner, 147 lbs; M. Neiland, 159 lbs; E. Duffas, 135 lbs; Von Strabenitz, 149 lbs; J. T. Lang, 164 lbs; Von Hugel, 149 lbs; S. Davidson, 149 lbs; W. B. Carruthers (Captain), 149 lbs; D. C. Campbell, 135 lbs; J. L. Waller, 152 lbs; J. Woodman, 155 lbs; W. A. Von Iffland, 155 lbs, and G. Twynning, 157 lbs.

Entertainment in Centreville... A concert was held at Centreville on Tuesday evening under the auspices of the Canada Methodist Church of that place, and was a success notwithstanding that a good many other attractions were going on in the village the same evening. J. W. Bell, Esq., M. P., occupied the chair, and a lengthy and satisfactory programme was very well rendered by the following ladies and gentlemen from the city: Miss S. Burton, Mrs. Jas. Galloway, Miss Galloway, Mrs. Taylor, and Messrs. Galloway and J. Middleton, as well as Miss Wills, from Newburgh; Mrs. Rose, Mrs. Bates, Rev. Mr. Bates and Mr. Rose, of "Tamworth"; and Messrs. Paul and Wood, of Centreville. After the concert was finished the party adjourned to the Orange Hall, where a splendid feast of good things was prepared and which all enjoyed. The Kingston party reached home about four o'clock all right, none the worse for their long drive.

Your bonnets, gloves and underwear can be best bought at Hardy & Murray's. Large stock, low prices, and no trouble to show goods "the photo."

RACING RESULTS... A Larger Attendance - A Runaway and Three Trotting Races - Proceedings of the Day in Brief Form. The weather at least favored the second day's meeting of the Kingston Race Association. On Wednesday it was estimated that there were at least 350 persons present; there was double that number yesterday, and we believe the spectators were generally well satisfied with the day's events. It was considerably after 2 o'clock before the appearances of a rain storm; indeed there was a mist which some regarded as the avast courier of a regular down-pour and deprived themselves the gratification which a view of the sports would have afforded. The track was in very good condition, but a trifle hard, the earth being clayey and inclined to pack. It will probably be plowed up before the advent of winter and a little sand introduced in order that the surface may be kept soft for speedier purposes. Horsesmen who were on the ground yesterday said the courses now laid out, will in time become one of the best in Canada.

TROTTING PURSE OF \$150... Open to all horses owned in Canada at date of this bill that never beat three minutes. To the first, \$90; to the second, \$45; to the third, \$20. The entries are: Marsh Clark, J. L. Vance, Pictou; J. H. Davidson, J. E. Jones, Mississippi; Harry B. third, W. Carson, Kingston.

Between the heats of the trotting race there was a flat race between a couple of gentlemen, who desired to have a little fun and at the same time to test the merits of the respective running horses, a bay and a chestnut. The bay won easily.

W. T. Norris was present, decked out in ribbons and burdened with a fan exceedingly aesthetical in appearance. He was very anxious indeed to arrange for a walking match with some one, and complained about the manner in which his challenges were ignored. Expecting to be matched against some one he attended the races both days "under exposure."

Mr. J. Carson had a mishap. Before the race began he was speeding his horse around the track. On the second round, and about 22 yards of the judges' stand, the animal shied and ran into the fence on the inner side of the track. The front axle of the light vehicle which the worthy Alderman drove was broken, and the "rig" otherwise wrecked. Carson held on and succeeded in stopping the horse before further damage was done. He thinks he did what perhaps not another member of the Committee would have accomplished.

THE PHOENIX NEWS... The large Otomabee is loading 127 tons of soapstone for Montreal. The Philo Bennett has left, Eilleck's elevator for Oswego with 7,000 bush barley.

PERSONAL MENTION... The Bishop of Kingston left for New York to-day. Wesley Hicks, of South Bay, took three children within a week from diptheria.

W. C. Rathbun, jr., is at the British American. A number of commercial men are at the same hotel.

Dr. Col. Irwin on the 1st November will take up his residence at Ottawa, as Dominion Inspector of Artillery and War Stores. The Superintendent of the Newcastle Hatchery expects to collect 2,600,000 fish eggs in this vicinity. He left for Pigeon Island to-day.

Wm. K. Vanderbilt denies having purchased an island in the St. Lawrence as was lately reported, and says he does not intend to, either. On his way home from the Bay Saturday, President Arthur remarked he had a pleasant time and should likely visit the St. Lawrence next summer.

Capt. Allan, who has commanded the schooner D. Freeman, has been promoted by the Superintendency of grain shipments for Messrs. Dewney & Prestons, Belleville.

Sergt. Phillips, of "A" Battery, at Sherbrooke military camp, acted as Brigade Major (7). The officers present of him with an address and purse of money in appreciation of his services. Major General Eard and staff, Lieut. Col. Irwin, of Quebec, and Major Walker, of Kingston, have gone forward to inspect Sisset camp, in New Brunswick. They ought to unitedly be equal to the task.

Mr. John Bell, Q.C., Grand Trunk RR. Solicitor, arrived in the city this afternoon, and took the str. Masd for Cape Vincent, en route to New York. He ran from Belleville to Kingston on a special train.

BOARD OF EDUCATION... A regular meeting of the Board of Education was held last evening. There were present: Dr. Fox (Chairman), Messrs. Anglin, Hersey, Polson, Robinson, Rogers, Savage, Waldron and J. Wilson.

From Mr. Marling, Secretary of the Education Department, the following letter was read: "SIR, I am directed by the Hon. the Minister of Education to acknowledge the receipt of your letter of the 2nd inst., and to state that the Public School Act, sub-sec. 2, provides that the County Board shall consist of the County and City Inspectors and two or more competent persons. The City Inspector should act as a member, and require a notice of them to be sent to him. Your remarks as to the Model School will require due attention."

On motion of Mr. Rogers, a copy of the decision was ordered to be sent to the County Board. PROVISION OF SCHOOL ACCOMMODATION. Mr. J. Wilson handed in the following report of the Committee on School Property: "Agreeably with instructions your Committee on School Property beg to report that they have examined the various available sites for a Central School, also carefully considered the matter of additional school accommodation. They feel convinced that the time has arrived when definite action on the said matters should be taken. They accordingly recommend that the City Council be asked to sanction the issue by the School Board of Debentures to the extent of \$8,000, for school purposes, the said debentures to bear interest at the rate of 6 per cent. per annum, and to be spread over a period of ten years, in other words that they be made payable at the rate of \$800 per annum and interest. The proceeds of the \$800 to be applied as follows:

1. In the purchase of the property known as the "Ardouche's folly" \$2,750. 2. In the repairs and alterations to the said property \$1,250. 3. In the purchase of the McCutcheon property adjoining the Louise School \$1,000. 4. In the purchase of a new wing to the said school \$3,000. The titles to said properties purchased are to be indisputable.

On motion of Mr. J. Wilson, seconded by Mr. Hersey, the report was received and adopted.

ATTENDANCE FOR THE MONTH... The Inspector submitted his monthly report for September. He stated that the number of boys attending at the schools during the month was 1,681; the number of girls 834; number of boys 817; daily average attendance 1,306; number of truancies 11; pupils suspended 1; teacher late 1; teachers absent, 9 half days, teachers accompanying their pupils to the playground at recess 16, and 13 that do not go; average time required from pupils for home work 49 minutes. All the rooms are reported as having been cleaned, swept and properly ventilated daily during the month.

Mr. J. Wilson stated that the Committee on School Property were having two rooms on the first floor of the building adjoining Louise School fitted up for a class room.
