They can not be adulterated.

And the Many Things Phat Followed It in the Lives of Two Young People.

This story was begun in Whig of Nev. 16th | was. He saw her every day, and the hand of sympathy between them, and the vague memory which continually baffled his efforts of recollection, was kept alive by the thoughtful beauty e. her face, the womanly sweetness of her voice, and the simple dignity of her behaviour. She never sat at table with him, she never shared their evenings i the drawing room, she never joined any general conversation, and, espec sally, never spoke to him unless he directly challenged it; but in spite o this he in inaged to see enough of her to torm, in some sort, an estimate of character. He saw that she was in a a lady is refisement and cultivation, while occupying so inferior a station, and he could not but admire the digity which could command respect under such embarrasing circumstancee. Miss Hartley would not have been flattered if she could have read the mental comparisons drawn between

herself and the dress maker nurse; and she would have been alarmed for the success of her schemes if she had known low many times, even in her presence. his thoughts were full of the same humble individual. The mystery about her, the haunting conviction that he had seen her somewhere before, continnally attracted him to fancies and speculations concerning her, and drew his steps often to the sick room, which was still her constant post. He never said much to her when there, for there were always others in the room; bu he observed every motion that she made, every word that she uttered, and every shade of thought or feeling that

with an eagerness that surprised her- walked down the long street and passed change smaller than a 5c. nickel.
