Dinner, \$25

\$100

TIMES ON THE LAKES.

Early History of the Staunch Old Str.
Magnet --- Three Times Saved by
Her Bulwarks.A Montreal paper, the *Witness*, having
stated that there were no vessels on the
lakes built with water-tight compartments,
Mr. F. W. Farnas, of Hamil-
ton, writes of the iron steamer Magnet,
which sailed on Ontario from 1847 to
1854 and during that time had three
accidents, in all of which the boat was
saved by four iron bulwarks, divided
into five compartments. Her hull
would run like a bell. The metal of
her wheels would be used for a hour
and a half on the lake, a still
long before she could reach port, and
when she has been taken care of, her hull
is as sound to day as when it was put
together in 1837 at Niagara. The Go-
vernment had an interest in her, and
she was.

WHEATON, Oct. 23, 1855.

My little daughter was wounded with a bullet
in her hand, and was very much shocked by the
accident. Dr. Hall's Catarach Cure is now
about cured.

WHEATON, Oct. 23, 1855.

I have used "Hall's Catarach Cure," and judge
from the good results I derived from its
use, that it is a valuable remedy. I am
not so much concerned in the safety of
the Catarach as in the safety of my
daughter. If it is not continued for a
reasonable length of time.

W. H. HELLMER.

WHEATON, Oct. 23, 1855.

F. J. GOMBERG, Esq., Toledo, O.
