JOKING EXTRAORDINARY.

Railway Men Resigning Good Positions to Accept Bogus Ones.

The Orange county papers are filled with accounts of a hoax which is one of the most remarkable on record. It will pass into history by the side of the moon or the New York *Herald's* famous menagerie escape which threw New York in to such a panic a few years ago. The job was put up by Fred Stone, a common switchman in the Jersey City yard. He began at the sell a long time ago, and the first victim was Engineer Gage, who ran the special train to Newburg at the time of the famous Wentz-Ward wedding. Stone told Gage he had powerful friends in New York, and that he could get him General Manager of the New York and Northern railway. He led Gage on for a long time, telling him of fictitious meetings of Board of Directors, introducing him to influential men supposed to be connected with the corporation, etc., which in the light of recent developments makes the whole thing ludicrous enough. At length Gage received his appointment as General Manager. Of course he was elated, and like any other generous man, selected a staff from those with whom he had been associated. He gave Ras Lewis, Erie train despatcher at Jersey City, the berth of General Superintendent, at a large salary; appointed M. M. Rounds, Master Mechanic; took telegraph operator George Holbrook as Superintendent of Telegraph, etc., in each case giving the party taken from the Erie increased wages. The men were all delighted, of course, and sent in their resignations to take effect on December 31st, and the Erie company issued orders filling their places. The new men had worked four or five days, the employees of the road had raised $300 and presented Ras Lewis with a watch, and everything was going on smoothly. But suddenly there came a grand *denouement*, in this way. Lewis went to the company's office to assume management, when those in authority threw him out, metaphorically speaking. In other words, they knew nothing about Stone or any General Manager by the name of Gage. Explanations followed, when the rather heartless joke became apparent. The Newburg *Journal* says what has become of Fred. Stone is not known. It is more than likely the company has "tumbled" to his ability, and given him a high official position in the management. He certainly is too smart a man to remain a switchman. Of course the affair has been the cause of great amusement to railroad men, and the officials who were promoted to high positions only to be so soon done for feel very cheap.

TELEGRAPH DEAL.

How it may Affect the Welfare of the Two Canadian Companies.

The position of the Montreal and Dominion Telegraph Companies in relation to the new consolidated scheme of Jay Gould has caused much comment, and the "bear" onslaught upon the Montreal Company has proved to be much more successful than that upon any stock for years. The drop from 132 to 117 took place within the past three days, and to-day 2,190 shares were sold at prices ranging between 122 and 116½. The position taken by brokers is that Jay Gould, being owner of a very large amount of stock in the Dominion Company, cannot fail to be interested in its success; that having in his scheme of the future two new cable lines from Canada to Europe, he is interested in diverting the traffic of these and existing lines control of the monopoly to the Dominion Company's wires. Thus the Montreal Telegraph Company is likely to lose their share in the business of the Western Union, hitherto so profitable. Whatever faith may be placed in this theory of the brokers, something has created a panic in the minds of holders of the stock. The New York *World's* article upon the subject, talked of on 'Change, contains a rumour that Gould's share in the Dominion Company's stock, purchased by him for $250,000, was to be paid for in $1,000,000 of the new consolidated stock. It is said that the Montreal Telegraph Company's agents in New York are doing all they can to effect a diversion from the present state affairs, even to purchasing from Gould the lease of the Dominion Company. If the Montreal Company has to pay $1,000,000 for the Jay Gould property, and another million for the residue of the Dominion stock and bonds, it will be paying a very high price for its electric whistle. It is more than likely that some satisfactory arrangement will be reached. Meantime there is every prospect that the stock will reach even lower prices. Another rumour is prominent upon the street—that the Government will ask permission from Parliament, by a Bill now being prepared, to assume the ownership of the Montreal Telegraph line, lock, stock and barrel. This is not likely to help matters much so far as the price of the stock is concerned. The Government will likely not pay more than reasonable value for it, unless, perhaps, they want to make one more present to the Canadian Pacific Syndicate.

Man's Noblest Work.

This is an age of great work and wonderful inventions. Steam, electricity, water, air, all are made to serve man, but unquestionably the greatest inventions are those which preserve man's health and prolong his life, and among the greatest of these is DR. KING'S NEW DISCOVERY for consumption. Its effects are truly wonderful and hundreds are happy to-day who once looked forward to an early grave. For coughs, colds, bronchitis, asthma, loss of voice, hay fever, hoarseness, croup, or any affection whatever of the throat, chest or lungs, DR. KING'S NEW DISCOVERY will *positively cure*. We can cheerfully recommend it to all, and can unhesitatingly say it is the only *sure cure* for throat and lung affections. Trial bottle ten cents, regular size $1. For sale by all druggists.

The Death-Rate of

Our country is getting to be fearfully alarming, the average of life being lessened every year without any reasonable cause, death resulting generally from the most insignificant origin. At this season of the year, especially, a cold is such a common thing that in the hurry of every day life we are apt to overlook the dangers attending it and often find [illegible] that a fever or lung trouble has already set in. Thousands lose their lives in this way every winter, while had *Boschee's German Syrup* been taken, a cure would have resulted, and a large bill from a doctor been avoided. For all diseases of the throat and lungs, Boschee's German Syrup has proven itself the greatest discovery of its kind in medicine. Every druggist in this country will tell you of its wonderful effect. Over 950,000 bottles sold last year without a single failure known. For sale by J. G. King, Kingston, and all first class druggists.

HINTS TO FARMERS.—Don't let your horses be seen standing much at the tavern door; it don't look right. Don't be without HENRY & JOHNSON'S ARNICA AND OIL LINIMENT near at hand to apply in case of accident. Keep good fences, especially line fences; it promotes good feelings among neighbors. Keep **Downs' Elixir** always in the house, and use in cases of sudden coughs, &c., as a safeguard against consumption and other dangerous diseases. BAXTER'S MANDRAKE BITTERS, taken according to directions, saves large expense in doctor's bills.

EVERYBODY uses "TEABERRY," the new toilet gem to beautify the teeth—to sweeten the mouth and breath—delightfully refreshing. Emphatic testimony of its superior excellence—try it. Price 35c. Sample packages five cents.

FRATRICIDE BY A NEGRESS

To Prevent a Brother's Marriage She Poisons His Supper.

A letter just received here from the town of Seialia, Tenn., near the border of Virginia, gives a brief statement of how the marriage of Ham Dewham, colored, was prevented by his sister, who disliked and objected to his prospective bride. The story goes that Ham, who was rather a good looking mulatto boy of twenty-two years, had wooed and won the affections of a damsel much darker in color than himself. He conducted his courtship quietly and secretly, knowing that if his olive complexioned sister discovered his intentions she would interpose and cause serious trouble. His plans succeeded admirably, as he believed, and all the preparations had been completed to make the object of his affections his wife.

Unfortunately, however, just on the eve of the culmination of his happiness his sister by some means became possessed of his secret, and she broke forth into a volley of the most violent vituperation and denunciation. She vowed that the marriage should never take place, but finding Ham determined that it should this female fiend resolved on a most devilish crime to prevent it. She at first, as she says, tried to reason him out of it; but failing in this, her logic proving worthless, she adhered to her desperate purpose. On the evening of Monday last, the day in which the couple were to be united, she deliberately mixed a deadly poison in his supper. The expectant but unsuspecting bridegroom came and ate heartily. Soon after the meal he was taken suddenly ill and was attacked by violent spasms. These continued for twenty hours. The murderess was arrested, and is now confined in the county jail.

Charlatans and Quacks

Have long plied their vocation on the suffering pedals of the people. The knife has pared to the quick, caustic applications have tormented the victim of corns and conviction shaped itself, there's no cure. PUTNAM'S PAINLESS CORN EXTRACTOR proves on what a slender basis public opinion often rests. If you suffer from corns get the Extractor and you will be satisfied. Sold by all druggists every where. By J. G. King, Heath & Gunn, and by N. C. Polson, agents for Ontario.

Zopesa.

Zopesa, from Brazil, has now come into Canada. It is a mild purgative, acting as a wonder, and giving strength and energy to the digestive apparatus of the human stomach, correcting and increasing the acids. It is strongly anti bilious and carries off all surplus bile, tones up the liver, gives sound digestion and speedy health to the dyspeptic and bilious. Ask Heath & Gunn or Henry Wade for a ten cent sample bottle and test Zopesa, the new compound. Large eight ounce bottles 75 cents.

SPREAD THE GOOD NEWS.—As a family medicine and tonic, there is no remedy at present giving such universal satisfaction and effecting so many astonishing cures, as Electric Bitters. Our druggists report a lively demand for them, at times being unable to supply the many calls. All bilious attacks, stomach, liver and kidney complaints, diabetes and gravel, readily yield to their curative qualities. Sold by all druggists, at fifty cents a bottle.

Sir Astley Cooper's

VITAL RESTORATIVE,

FOR

Strengthening the Nerves and Purifying the Blood.

TRADE MARK: "Elixir Vitæ."

This Preparation is Pronounced by the Most Eminent Members of the Medical Profession to be Unequalled for its Power in Replenishing the Vitality of the Body.

By its supplying all the essential constituents of the blood and nerve substance and for developing all the powers and functions of the system to the highest degree.

IT IS AGREEABLE TO THE PALATE, AND INNOCENT in its action while retaining all its extraordinary properties, and, as a specific, surpassing all the known therapeutic agents of the day for the speedy and

Permanent Cure of

Nervous prostration, Liver Complaints, Palpitation of the Heart, Dizziness, Noises in the Head and Ears, Loss of Energy and Appetite, Hypochondria, General Debility, Indigestion, Incapacity for Study or Business, Lassitude, Trembling of the hands and Limbs, Impaired Digestion, Mental and Physical Depression, Consumption in its early stages, Impaired Sight and Memory, Nervous Debility, Impoverished Blood, Nervous Debility, Breathlessness, Premature Decline, Shortness of Breath, and all morbid conditions of the system arising from whatever cause.

THE ACTION OF THE VITAL RESTORATIVE IS TWO-FOLD.

on the one hand increasing the principle which constitutes nerve energy, and on the other the known therapeutic and flesh generating agent, renovating impaired marvellous medicine. It quickly imparts broken down constitutions and aids to such a degree the function of assimilation, emaciated, anxious, and where for years an emaciated condition has existed, the vital crease in quantity and strength will rapidly increase and the whole system return to a robust state of health.

The Vital Restorative

acts electrically upon the organic substance, it assists nature to generation, for in electricity which renews and rebuilds the human muscular, nervous, membranous and osseous tissue. It operates on the system without the system care or thought upon the individual as to giving cess. It moves the lungs, liver, heart, kidneys, stomach and intestines with a harmony, vigor, yet mildness, unparalleled in medicine.

The Vital Restorative

gives back to the human structure, in a suitable form, the phosphorus or animating element of life which has been wasted, and exerts an important influence directly on the spinal marrow and nervous system, of a nutritive tonic and invigorating character, maintaining that buoyant energy of the brain and muscular system which renders the mind cheerful, brilliant, and energetic, entirely overcoming that dull, sluggish disposition which many persons experience in all their actions.

Finally, the Vital Restorative

maintains a certain degree of activity in the previously debilitated nervous system; its use enables all debilitated organs to return to their sound state and perform their natural functions. Persons suffering from Nervous Debility, or any of the hundred symptoms which this distressing disease assumes, may rest assured of an effectual and even speedy cure by the judicious use of this most invaluable remedy.

THIS MEDICINE IS EXTENSIVELY USED IN THE ARMY, and is also in very general use in Hospitals and Public Sanitary Institutions throughout the East, as well as in private practice, and is considered as an invaluable remedy.

Beware of Spurious Imitations.

Ask for "Sir Astley Cooper's VITAL RESTORATIVE." Do not let the Chemist persuade you to take any other. The argument of larger bottles and less price is put forward.

It is QUALITY the afflicted require, not quantity. Sold by all Chemists, at 2s 9d., 4s. 6d., 11s. and 22s. per bottle.

PROPRIETORS—HILTON & HARGRAVE, 9 Northumberland Street, Strand, London, England.

CAUTION.—See that the words "SIR A. COOPER'S VITAL RESTORATIVE" are blown on each bottle, and that our Trade Mark "Elixir Vitæ" is on the label, without which it cannot be genuine.

LOCKYER'S SULPHUR HAIR RESTORER will darken gray hair, and in a few days completely bring back the natural colour. The effect is superior to that produced by an instantaneous dye, and does not injure the skin. Large Bottles, 1s. 6d.—Lockyer's is equal to the most expensive hair restorer.

LOCKYER'S SULPHUR HAIR RESTORER is the best for restoring grey hair to its former colour. It produces a perfectly natural shade and is absolutely harmless. Recommended for destroying scurf and encouraging growth of new hair.

LOCKYER'S SULPHUR HAIR RESTORER.—Sulphur being highly prized for its stimulant cleansing, healthful action on the hair glands, LOCKYER'S RESTORER is strongly recommended. It is most agreeable in use, and never fails in its action on the colour glands, always restoring and maintaining that which has been lost. No other hair dressing is requisite. Large bottles, 1s. 6d. Sold by chemists, hairdressers and perfumers in London, the country, and throughout the year. Lockyer's is equal to any of the high-priced preparations.

Dr. J. Collin Browne's Chlorodyne.

THE ORIGINAL AND ONLY GENUINE.

CHLORODYNE is admitted by the Profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best known remedy for Coughs, Consumption, Bronchitis and Asthma.

CHLORODYNE effectually checks and arrests those too often fatal diseases, Diphtheria, Fever and Croup, Ague.

CHLORODYNE acts like a charm on Diarrhœa, and is the only specific in Cholera and Dysentery.

CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation and Spasms.

CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Meningitis, &c.

From W. Vesalius Pettigrew, M.D., formerly Lecturer at St. George's Hospital, London: "I have no hesitation in stating that I have never met with any medicine so efficacious as an Anti-spasmodic and Sedative. I have used it in Consumption, Asthma, Diarrhœa and other diseases, and am perfectly satisfied with the results."

"Earl Russell communicated to the College of Physicians that he received a despatch from Her Majesty's Consul at Manilla to the effect that cholera has been raging fearfully, and that the only remedy of any service was CHLORODYNE."—*See Lancet*, 1st December, 1864.

CAUTION.—*Beware of Piracy and Imitations.* The public are further cautioned; a forgery of government stamp having come to the knowledge of the Board of Inland Revenue.

CAUTION.—Vice Chancellor Sir Page Wood stated that that Dr. J. Collis Browne was undoubtedly the inventor of CHLORODYNE, that the story of the defendant, Freeman, was deliberately untrue, which, he regretted to say, had been sworn to.—*See Times*, July 16, 1864.

Sold in bottles at 1s. 1½d., 2s. 9d., 4s. 6d., and 11s. each. None is genuine without the words "Dr. J. Collis Browne's Chlorodyne" on the Government Stamp. Overwhelming medical testimony accompanies each bottle.
