TEA TABLE TALK.

Dull matches are not in force this season.

—Who shall decide when doctors agree? The undertaker.

—Sparking across the fence admits of a good deal being said on both sides.

—Many persons will accept the olive branch only from such persons as they cannot kick.

—Cakes are now made which hold a pint of whiskey. All a man has to do is to raise his cane and imbibe.

—During the census in Switzerland 917 women refused to tell their ages and each one was returned at 46 and fined $1.20.

—The abandonment of Cannalar has been definitely decided upon by the Canada Council.

—A libel suit has been entered against the Ottawa *Free Press*, on account of remarks made about ex-Sheriff Powell and Mr. F. Cleiow.

—Solomon was a great man and a wise man, but even Solomon couldn't sew a button on the back of his shirt collar, without taking the shirt off, and we know it.

—A French chemist claims to be able to create thunder storms at pleasure, each one having an area of 400 miles. What are we coming to?

—A little man who wore a jacket filled with lead and weighing forty one pounds, took over $600 out of the town of Whitewater, Wis., on bets that he could not weigh 160 pounds as he stood.

—The French are always bragging about their sharp detectives, and yet thirty-four murders were committed in Paris alone last year and not an arrest made. The detective business is two thirds brag.

—The exodus of the laboring classes in the vicinity of Quebec is causing much inconvenience, and some employers of labor and mechanics are unable to find men to work.

—Charles Shipway *alias* Dutch Charlie, ran amuck in William street, Toronto, while drunk on the 28th, and damaged five women and two men more or less with an axe-handle and a flat iron.

—When the news of Laycock's defeat of Geo. H. Hosmer reached Sydney, N.S.W., there was great rejoicing, and the hotels at which sporting men held meetings were decorated with bunting in honor of the event.

—Wallace Ross having named Monday, Aug. 15, as the date of his proposed match with Robert Watson Boyd, and stated that he would not ask an allowance for expenses on account of rowing the race in England, the men will meet in London they day after the Hanlan and Laycock race to sign articles and make good a deposit.

—John S. Morton, who was a "respectable" robber in Philadelphia, and who stole thousands, has been pardoned. The Philadelphia man who stole that chunk of beef to keep his starving family alive is still in jail.

—A North Carolina young lady drowned herself because her father failed in an election to the legislature. The Syracuse *Standard* wonders that more young ladies do not kill themselves when they find out what fools these fathers can make of themselves after they get there.

—A Chicago paper tells of a man who was complaining that he had invested a rather large sum of money in Wall street and lost it all. A sympathizing friend asked him whether he had been a bull or a bear. He replied, "Neither; I was a jackass."

—An Oil City boy was sent out collecting and when he returned and handed in his bills unpaid, he said: "The people around this town like me first rate. They were so anxious to see me often; every man I went to told me to call again."

—A western paper announced: "Mr. Maguire will wash himself before he assumes the office of sheriff." This made Maguire very angry, and he demanded a retraction, which the paper made thus: "Mr. Maguire requests us to deny our statement that he will wash himself before he assumes the office of sheriff." Oddly enough this only enraged Maguire the more.

—L. P. Scogles, aged eighteen years, and Annie F. Slamper, aged sixteen, arrived at Maysville, Ky., hotly pursued by enraged parents. They desired to reach Ohio, but the river was filled with running ice and navigation closed. The tears of the bride caused a volunteer crew to be made up to make the effort. When in midstream the enraged parents arrived. The boat had nearly reached the Ohio side when the bridegroom in waving a farewell fell headlong into the river and the floating ice completely covered him. With a great effort he was rescued, and when strong enough to stand up the couple were married.

Quick Time.

The "Circassian's" mail left Halifax at 3:05 a.m. on Saturday 22nd, and arrived in Toronto at 10:45 p.m. on Sunday, being 45 hours and 40 min., for a total distance run of 1,177 miles. The passengers who left Liverpool on the 13th inst., and Londonderry on the afternoon of the 14th, arrived at Halifax on Friday night, the 21st, and were landed in Toronto on Sunday 23rd. This time beats the New York and Boston routes.

Remedy For Hard Times.

Stop spending so much on fine clothes, rich food and style. Buy good, healthy food, cheaper and better clothing, get more real and substantial things of life every way, and especially stop the foolish habit of running after expensive and quack doctors, or using so much of the vile humbug medicine that does you only harm, and makes the proprietors rich, but put your trust in the greatest of all simple, pure remedies, Hop Bitters, that cures always at a trifling cost, and you will see better times and good health. Try it once. Read of it in another column.

Stop That Cough.

If you are suffering with a cough, cold, asthma, bronchitis, hay fever, consumption, loss of voice, tickling in the throat, or any affection of the throat or lungs, use Dr. King's New Discovery for consumption. This is the great remedy that is causing so much excitement by its wonderful cures, curing thousands of hopeless cases. Over one million bottles of Dr. King's New Discovery have been used within the last year, and have given perfect satisfaction in every instance. We can unhesitatingly say that this is the only sure cure for throat and lung affections, and can cheerfully recommend it to all. Call and get a bottle for ten cents, or a regular size for $1. Sold by all druggists.

The Mystery Explained.

Nothing succeeds like success. This explains why PUTNAM'S PAINLESS CORN EXTRACTOR has risen so rapidly into public favor. It positively succeeds in accomplishing all that is claimed for it. Corns are as easily and painlessly cured by its use as the greatest sufferer could desire. Putnam's Painless Corn Extractor. Mark the name. Sold by druggists everywhere. And by J. Geo. King, Heath & Gunn, and by N. C. Polson & Co., Agents for Ontario.

HINTS TO FARMERS.—Don't let your horses be seen standing much at the tavern door; it don't look right. Don't be without HENRY A. JOHNSON'S ARNICA AND OIL LINIMENT near at hand to apply in case of accident. Keep good fences, especially line fences, it promotes good feelings among neighbors. Keep **Downs' Elixir** always in the house, and use in cases of sudden coughs, &c., as a safeguard against consumption and other dangerous diseases. BAXTER'S MANDRAKE BITTERS, taken according to directions, saves large expense in doctor's bills.

SIX DAYS' WALK.

Feat Unparalleled Feat by Hughes in Fredericton.

Herald.

In the fall of 1878, in a small hall in the upper part of the city, a solitary man was hobbling along in a slouching ungainly fashion over a small circular track, in a six day race. The hall was half exposed to the elements, and a bit of canvass was hung up so as partially to shield the man from the weather. He was showing the "white feather" every now and then, complaining and whimpering at every ache and pain, and retiring to his sleeping quarters constantly, only to be driven out again on to the track in uncomplimentary terms by his employers. He started out to do 500 miles, and by vocal and physical assistance accomplished about four hundred miles in the six days, when his "friends" contemptuously turned their backs on him. Hatter he challenged O'Leary for the Ashley belt, but only accomplished the ridiculous distance of 310 miles. But the idea kept on doggedly at his six days' races and in December, 1879, astonished the pedestrian world by by scoring 530 1-4 miles, and again last night by breaking the "best on record" here or abroad, in a 142 hour match. Some four hours in advance of the time limit the bulletin last evening showed "Hughes, 567 miles," thus lowering Rowell's wonderful record in the late English race. The result was wholly unexpected, and it was not until half the race was over that it became apparent that the despised racer of 1878 was to become champion in 1881. In the interval he had learned his physical weaknesses here and there in his frame and had remedied them; had acquired courage and self-confidence in his increased powers, and had placed himself under skilful management.

The following is the final score of the five best men: Hughes, 568½ miles; Albert, 558 miles; Vint, 550; Rhone, 539; Howard, 515. The receipts at the door aggregate over $14,000; six per cent of this to be divided among the first five pedestrians. Their shares in round figures will be about as follows: Hughes, $3,200; Albert, $2,400; Vint, $1,200; Rhone, $800; Howard, $400. In addition to this Hughes gets the special prize of $1,000 for beating the record, and many valuable presents.

THE ATTENTION of owners of Farm Property and Residences is invited to the above Pyramid, showing the uniform and save growth, during the last seventeen years of existence, of a fire insurance company whose charter limits its business to their class of property—the **Agricultural Insurance Company**, of Watertown, N.Y. The figures represent the amount set apart at the dates given for the PROTECTION OF POLICY HOLDERS.

Twenty seven years of patient toil has made this the strongest and largest Company doing an exclusive Dwelling Business in the United States, if not in the world. It now issues 40,000 policies a year. No other like Company can show such growth and increase.

The history of this Company proves that a LARGE business, well scattered, managed with prudence, can be done with a very small profit from each risk, and afford perfect security, which will grow stronger every year.

While nine-tenths of the "Mutual" fire insurance companies and many of the Stock companies, have failed on account of reckless or extravagant management, or doing too small a business, the OLD AGRICULTURAL by economy, energy and prudence, has every year added a substantial amount to its Assets for the indemnity of its patrons, and is now occupies a position in the confidence of the public second to no other Company.

From year to year it spreads the base of its Pyramid and gains strength.

EXTRACT FROM CHARTER.—*Article 5.* This company is formed for the purpose of insuring Farmers' Dwellings, Private Residences, Barns and Out-building, with their contents, and other property not more hazardous, and is strictly confined to this class of property.

FIRST PRIZE AND SILVER MEDAL,

THE MEDAL OF HONOUR,

MESSRS. WEBER & CO., in announcing their success at the World's Fair, would call the attention of the Canadian public to the fact that after the most searching examination by gentlemen eminent for their Musical talent their Pianos have been awarded the above prizes. These Instruments were not made for the Exhibition, but taken from stock, being a fair representation of their Pianos. This should be a great boon to Canadians that Canada can produce as good Pianos as the best imported Instruments. 18mo PRICE LIST on application.
