DISASTER AT SEA.

A Japanese Passenger Steamer Burned on Her First Trip—Sixty-four Lost.

The Yokohama papers contain reports of a sad disaster at sea through which sixty-four persons lost their lives. The passenger steamer "Toyokuni," a new vessel recently launched from the works of Messrs. E. & C. Kirby & Co., was on a trip from Osaka to Shimonoseki. The owner and a large number of passengers were on board, and everything presaged a pleasant run until an

ALARM OF FIRE

was raised while the steamer was crossing the Idzumi Nada. Terrible confusion at once ensued, and as the conflagration was in the coal bunks nothing could be done to extinguish it, the vessel being without pumps or any other appliance useful for such a purpose. The *Hiogo News* says the steamer was so ill-provided that only three of the ordinary buckets used for washing decks could be found. The solitary boat was made fast over the position of the fire, and could not be cleared away, so that the wretched passengers were without any means of escape,

NOT EVEN LIFE BUOYS

being part of the vessel's equipment. Owing to the heat below it was impossible to get at the engines to stop them, and the flames soon reached the boilers and caused the steamer to be propelled through the water at terrific speed. Some of the crew managed to get forward and let go the anchor, in the hope that it would impede progress through the water; but the effect was almost imperceptible. By this time the burning ship was only some

TWENTY MILES FROM LAND,

and the "Tokiomaru" could be seen coming up to the assistance of those on board. It is certain that if at this time the "Toyokuni" could have been stopped all or nearly all on board would have been saved. But as the vessel sped on the flames drove the unfortunate passengers aft, and the people on board the "Tokiomaru" could see men, women and children throwing themselves overboard to escape the more painful death inevitable by remaining in the burning ship. The excitement on the "Toyokuni" was intense, and it must have been a fearful sight to witness these

POOR CREATURES PERISHING

without any possible means to save them. At length, owing, it is supposed, to the intense heat injuring some portion of machinery, the "Toyokuni" suddenly stopped, and the pursuing steamer was enabled to get close up. A boat was immediately lowered and rowed as near the burning ship as the flames would allow. Eighteen men were found to be hanging over the vessel's side

CLINGING TO THE ROPES,

and were taken on board the "Tokiomaru," with the exception of one, the purser, who insisted upon going to his native place in a small fishing boat which came up just at the time. These eighteen were the sole survivors of eighty-two souls, who a few hours previously were anticipating a speedy return to their friends or relatives.

The Late Captain Reith.

The deceased received a classical education in Scotland. Being a Highlander he was fond of conversing in his native tongue, the Gaelic, which he spoke fluently. The family were among the first settlers in Glenburnie, where he spent the most of his days, and so strongly was he attached to the name that when the people desired a Post Office he wrote to the Postmaster-General requesting him to call it Glenburnie Post Office. As a magistrate he always endeavoured to make friends between parties, seldom or never making any charge for fees. Being well posted in municipal matters he held high positions in the councils. He and the late John Mowat, father of the Premier of Ontario, and the late Col. Waggoner, took a very great interest in getting the road opened up from Division street to Glenburnie, since which time it has been macadamised and become the Perth Joint Stock Road. In the rebellion of 1836-7 he served his country loyally, being a well disposed officer and much respected by all who had the pleasure of his acquaintance.

A Chinese Lily.

A Chinaman working about a saloon in Virginia City, Nev., the other night brought to his employer a Chinese lily in full bud. He said it would be seen that the plant would bloom just at 12 o'clock, with the coming of the Chinese New Year. The plant was brought to the saloon about 10 o'clock. The Chinaman dosed it with a white powder dissolved in warm water, and performed over it several ceremonies. The buds were observed to swell visibly, but at 11:40 o'clock not one had opened. The hands of the clock were fast moving up to the midnight hour. When it lacked but about three minutes of 12, John drew out a piece of bamboo, about an inch in diameter, from some secret recess about his raiment. Placing this to his mouth, he gently blew his warm breath on one of the buds, and almost instantly it was seen to expand and send forth a full-blown flower. In rapid succession flower after flower was thus brought out, and at midnight the whole plant was a mass of blossoms.

Remedy For Hard Times.

Stop spending so much on fine clothes, rich food and style. Buy good, healthy food, cheaper and better clothing; get more real and substantial things of life every way, and especially stop the foolish habit of running after expensive and quack doctors, or using so much of the vile humbug medicine that does you only harm, and makes the proprietors rich, but put your trust in the greatest of all simple, pure remedies, Hop Bitters, that cures always at a trifling cost, and you will see better times and good health. Try it once. Read of it in another column.

Holloway's Ointment and Pills.

In sickness it was a momentous matter to find an easy, ready, and reliable remedy for outward disfigurations and inward disorders before the inestimable discovery of those preparations. No invalid need now betat a loss for successfully managing ulcers, sores, tumors, boils, bruises, sprains, &c. Enveloping Holloway's medicine are very intelligible printed directions for using them which should be attentively studied and immediately followed by the application of his treatment. Sooner or latter the sufferer will assuredly triumph over the worst cases. This searching Ointment dispels all those malignant humors which aggravate many diseases of the skin, often prevent the cicatrization of ulcers, and even kindle inflammatory tendencies in the system.

Sensible Advice.

You are asked every day through the columns of the newspapers and by your druggist to use something for your dyspepsia and liver complaint that you know nothing about, you get discouraged spending money with but little success. Now to give you satisfactory proof that GREEN'S AUGUST FLOWER will cure you of Dyspepsia and Liver Complaint with all its effects, such as Sour Stomach, Sick Headache, Habitual Costiveness, Palpitation of the Heart, Heart-burn, Water-brash, Fullness at the pit of the Stomach, Yellow Skin, Coated Tongue, Indigestion, Swimming of Head, Low Spirits, &c., we ask you to go to J. G. King, druggist, and get a sample bottle of GREEN'S AUGUST FLOWER for 10 cents and try it, or a regular size for 75 cents. Two doses will relieve you.

IMPORTANT SEIZURE.

$2,000 Worth of Scalp Tickets Seized in a St. James Street Store.

(*Montreal Witness.*)

Yesterday afternoon Mr. S. J. Quinn, bailiff, armed with the necessary writ, visited the premises of Levi Abrahams, scalp ticket dealer on St. James street, and there seized, at the instance of the Great Western Railway, a large number of scalp tickets, valued in the aggregate at $2,000. The circumstances under which the seizure was made are as follows: Several years ago an individual, whose name is now withheld for obvious reasons, occupied the important position of ticket agent for the Great Western Railway Company at Ogdensburg, and continued in that capacity until about three years ago, when he severed his connection with the company. Subsequent events go to prove that in handling over the property of the company, he retained a number of tickets. The tickets issued from that office were known as coupons, and were good from Montreal to Minnesota, reading from Montreal to Detroit, from Detroit to Chicago, and from Chicago to Minnesota. The first coupon was torn off, and the scalp ticket when then sold was good only from Detroit to Minnesota, which was under the control of an American line. The ticket being issued by the G. W. Railway, the Detroit and Milwaukee Company preserved the coupons, which they, at fixed periods, presented for payment to the Great Western Railway Company. These coupons, it was found, had not been issued by any responsible agent or employee of the company, and enquiries being made it was found that some of them had been bought from Mr. Abrahams, who says he bought them for $400 from the ex-agent at Ogdensburg. The company believe that Mr. Abrahams bought the tickets in a *bona fide* manner. The arrest of the Ogdensburg man is hourly expected.

Mr. Abrahams says that some time since he purchased the tickets from the Great Western agent at Ogdensburg. A few days ago the agent of the company in this city had come to him and said, "Those tickets you have been selling have never been paid for. Let me see the tickets and I will give them back to you." He then gave him the tickets, which were taken away to the company's office. Mr. Abrahams went over to the office and asked for the return of the tickets, but just then a bailiff entered and seized them in the name of the company. He says they will be obliged to return them to him.

THE ATTENTION of owners of Farm Property and Residences is invited to the above Pyramid, showing the uniform and sure growth, during the last seventeen of its 27 years of existence, of a fire insurance company whose charter limits its business to their class of property—the **Agricultural Insurance Company**, of Watertown, N.Y. The figures represent the amount set apart at the dates given for the PROTECTION OF POLICY HOLDERS.

Twenty-seven years of patient toil has made this the strongest and largest Company doing an exclusive Dwelling Business in the United States, if not in the world. It now issues 45,000 polices a year. No other like Company can show such growth and increase.

The history of this Company proves that a LARGE business, well scattered, managed with prudence, *can be done with a very small profit from each risk*, and afford perfect security, which will grow stronger every year.

While nine-tenths of the "Mutual" fire insurance companies, and many of the Stock companies, have failed on account of reckless or extravagant management, or doing too small a business, the OLD AGRICULTURAL, by economy, energy and prudence, has every year added a substantial amount to its Assets for the indemnity of its patrons, and now occupies a position in the confidence of the public second to no other Company.

From year to year it spreads the base of its Pyramid and gains strength.

EXTRACT FROM CHARTER.—"*Article 2.* This Company is formed for the purpose of insuring Farmers' Dwellings, Private Residences, Barns and Outbuildings, with their contents, and other property not more hazardous," and is strictly confined to this class of property.

CHLORODYNE acts like a charm on Diarrhœa, and is the only specific in Cholera and Dysentery.

From W. Vesalius Pettigrew, M.D., formerly Lecturer at St. George's Hospital, London. "I have no hesitation in stating that I have never met with any medicine so efficacious as an Antispasmodic and Sedative. I have used it in Consumption, Asthma, Diarrhœa and other diseases, and am perfectly satisfied with the results."

"Earl Russell communicated to the College of Physicians that he received a despatch from Her Majesty's Consul at Manilla to the effect that cholera has been raging fearfully, and that the only remedy of any service was CHLORODYNE."—See *Lancet*, 1st December, 1864.

CAUTION.—*Beware of Piracy and Imitations.* The public are further cautioned against a government stamp having come to the knowledge of the Board of Inland Revenue.

CAUTION.—Vice Chancellor Sir Page Wood stated that Dr. J. COLLIS BROWNE was undoubtedly the inventor of CHLORODYNE; that the story of the defendant, Freeman, was deliberately untrue, which, he regretted to say, had been sworn to.—See *Times*, July 16, 1864.
