THE BOARD OF CIVIL SERVICE COMMISSIONERS. Having arrived at the conclusions above stated as to the advantages of the system we recommend we have now to propose the means for giving effect to our suggestions.

THE BOARD OF CIVIL SERVICE COMMISSIONERS. We propose that this Board should be composed of men holding an independent position, and capable of commanding general confidence.

THE BOARD OF CIVIL SERVICE COMMISSIONERS. The duties to be assigned to it will be set forth in more detail further on, but it will be generally stated that, in addition to its ordinary duty of conducting the competitive examinations for the appointments to and promotions in the service, they will be charged with the duty of considering and advising with the deputy heads of the departments as to the re-organization from time to time of the departments, and of all the offices of the various outside services, and the classifying and reclassifying of Customs posts, which will be necessary in a service so constantly expanding as that of this country.

THE BOARD OF CIVIL SERVICE COMMISSIONERS. The Board should have power to obtain the assistance of persons who have had experience in the education of the youth of the Dominion, and with such assistance periodical examinations should be held in the most important cities and towns, especially at Halifax, St. John, Charlottetown, Quebec, Montreal, Toronto, London, Ottawa, Winnipeg, and Victoria.

THE BOARD OF CIVIL SERVICE COMMISSIONERS. These examinations no person should be admitted until he has satisfied the Commissioners: 1. That he is within the limits of age prescribed for the situation or employment to which he desires to be admitted, and which, for first admissions, should not be less than eighteen, nor more than twenty-five years.

THE BOARD OF CIVIL SERVICE COMMISSIONERS. That he is free from any physical defect, disease, or infirmity which would be likely to interfere with the proper discharge of his duties.

THE BOARD OF CIVIL SERVICE COMMISSIONERS. That his character is such as to qualify him for such situation or employment.

THE BOARD OF CIVIL SERVICE COMMISSIONERS. With the exception hereinafter mentioned, all appointments made to the Civil Service of Canada after the first day of January, 1882, should be by means of competitive examinations, according to regulations to be from time to time framed by the Board of Civil Service Commissioners, and approved by the Privy Council, and all regulations having reference to the qualifications of clerks or officers of any department should be settled by the commissioners after consultation with the chief authorities of the department.
