JAMES I. FELLOWS, Esq.

SIR:—I have been using your medicine for over a year now and with the best effects, I have used 12 bottles of the Hypophosphites, and it has made a new man of me. I have been ailing over six years with a number of diseases, but lung difficulty was the most prominent. I have been under the care of a great many doctors, and have taken quantities of medicine without any apparent benefit, but appeared to be still growing worse and weaker until I accidentally came across one of your circulars, and was constrained to try your medicine, and I found its effects almost magical, upon me, and I was a surprise to myself and friends, having gained so rapidly in flesh.

I remain respectfully,

LAWRENCE DORAN.

Sensible Advice.

You are asked every day through the columns of the newspapers and by your druggist to use something for your dyspepsia and liver complaint that you know nothing about, you get discouraged spending money with but little success. Now to give you satisfactory proof that GREEN'S AUGUST FLOWER will cure you of Dyspepsia and Liver Complaint with all its effects, such as Sour Stomach, Sick Headache, Habitual Costiveness, Palpitation of the Heart, Heart-burn, Water-brash, Fullness at the pit of the Stomach, Yellow Skin, Coated Tongue, Indigestion, Swimming of Head, Low Spirits, &c., we ask you to go to J. G. King, druggist, and get a sample bottle of GREEN'S AUGUST FLOWER for 10 cents and try it, or a regular size for 75 cents. Two doses will relieve you.

Zopesa and Brazil.

As a result of the new commercial enterprise just assuming importance with Brazil, is the introduction of ZOPESA, so justly celebrated where it is known for the cure of all forms of Indigestion. The company have opened a laboratory in Toronto. ZOPESA comes to us highly endorsed and recommended, its certainty to relief and cure Dyspepsia and Constipation, makes this remarkable compound a necessity in Canada. The company make sample bottles at the trifling cost of 10 cents, to be had of Heath & Gunn and Henry Wade.

RELIGIOUS CRIMINALS.

Rev. H. W. Beecher's Expressed Opinion of Eleventh Hour Repentance.

On Sunday Mr. Beecher expounded the text, "If any man come to me and forsake not his father and mother, and wife and children, and brethren and sisters, yea, his own life also, he cannot be my disciple." What He demanded was simply that a man should put the love of God over his soul first and above all other things. When that was once established so that it controlled everything, and was the mainspring of life, then there was nothing in the whole region of human life that was not open to man. The Saviour meant simply that the thought of God and immortality should be in men so strong that if there ever were a conflict with it or an attempt to set it aside whatever thing in the lower sphere, however sacred, should come between the man and this ruling, intense purpose of life should be set aside—and that was a very different thing from the ascetic view of it. When a man has been living a wicked and a sordid life, and then in the last hour trumps up a kind of repentance, do you suppose that is a substitute for the religion that has run through the whole of life like the keel of a ship? If there is one thing I consider indecent to the last degree it is the way in which criminals are cosseted and carried out of life. A man who would commit a murder is regarded with horror while at liberty; but a murderer once arrested and put into prison becomes at once, because he is a criminal and going to die, an object of the most abnormal sympathy in the community, and women send flowers to him, and the priest runs and the philanthropist runs after him and books and tracts are scattered about him. "He is going to die." Are there not ten thousand men dying in the community? Why don't folks go to them? Mothers are dying here and fathers are dying there, leaving sorrowful children, but there is no sympathy for them. When a criminal is going to die prophets and priests and women vie in attentions, and prayer meetings are held, and it is printed in the newspapers that he died trusting in Jesus. "Bah!" exclaimed Mr. Beecher, with an expression of disgust so intense as to cause a ripple of laughter over the congregation, "What mischief that poor thief did on the cross!" He added, "Do you suppose that the growth of a man's life—that a man's whole character from top to bottom—can be trumped up in that way? Do you suppose that the lore of heaven can be learned in a minute, that selfishness can sit in the seat of disinterestedness? Can a boer invited into refined society learn good manners over night? No, I don't believe it; I don't believe it. If a man is going to be a Christian he can't begin too soon. It takes the whole of your life, there is so much of it."

THE ATTENTION of owners of Farm Property and Residences is invited to the above Pyramid, showing the uniform and sure growth, during the last seventeen of its 27 years of existence, of a fire insurance company whose charter limits its business to their class of property—the **Agricultural Insurance Company**, of Watertown, N. Y. The figures represent the amount set apart at the dates given for the PROTECTION OF POLICY HOLDERS.

Twenty-seven years of patient toil has made this the strongest and largest Company doing an exclusive Dwelling Business in the United States, if not in the world. It now issues 45,000 polices a year. No other like Company can show such growth and increase.

The history of this Company proves that a LARGE business, well scattered, managed with prudence, *can be done with a very small profit from each risk*, and afford perfect security, which will grow stronger every year.

While nine-tenths of the "Mutual" fire insurance companies, and many of the Stock companies, have failed on account of reckless or extravagant management, or doing too small a business, the OLD AGRICULTURAL, by economy, energy and prudence, has every year added a substantial amount to its Assets, for the indemnity of its patrons, and now occupies a position in the confidence of the public second to no other Company.

From year to year it spreads the base of its Pyramid and gains strength.

EXTRACT FROM CHARTER—"*Article 2.* This Company is formed for the purpose of insuring Farmers' Dwellings, Private Residences, Barns and Outbuildings, with their contents, and other property not more hazardous," and is strictly confined to this class of property.

I have used it in Consumption, Asthma, Diarrhœa and other diseases, and am perfectly satisfied with the results."

"Earl Russell communicated to the College of Physicians that he received a despatch from Her Majesty's Consul at Manilla to the effect that cholera has been raging fearfully, and that the only remedy of any service was CHLORODYNE."—See *Lancet*, 1st December 1878.

CAUTION.—*Beware of Piracy and Imitations.* The public are further cautioned a forgery of government stamp having come to the knowledge of the Board of Inland Revenue.

CAUTION. Vice Chancellor Sir Page Wood stated that Dr. J. Collis Browne was undoubtedly the inventor of CHLORODYNE: that the story of the defendant Freeman was deliberately untrue, which he regretted to say, had been sworn to. See *Times*, July 13, 1874.
