MARRIAGES IN FRANCE.

Advocacy of Divorce. Gradual Change of Public Opinion.

Few French papers, Parisians or provincial, put the question of divorce better than the *Patriote de l'Ouest*, the Republican organ of Angers. The writer furnishes statistics which prove beyond a doubt that at least one section of French society, and that a very considerable one, desires this change in the marriage laws. We mean, of course, the women of France, who are certainly hardest dealt by under the existing order of things. Witness the enormous majority of the petitions for separation put forward by wives. Out of 100 of these petitions 90 are made by women.

The strongest possible argument surely for bringing about the proposed change. These requests for the most part are based on the legal pleas permitted by the Code, namely: Services, excess, injuries, graves; and the number of such petitions is very largely on the increase. In 1853 the tribunals pronounced 1,200 separations; in 1870, 2,234. Surely, says the writer from whom we quote, divorce would be a deliverance for these martyrs of marriage. He points, moreover, to the significant fact that in 1874, when the question was brought before the Chamber, there were only 32 voices in favour of divorce to set against 216 recently given. There is little doubt that the measure will be carried in due time. Besides, the women of France have on their side in this question the younger men of the present generation. "When the law of divorce is passed," said lately a truthful young Frenchman, "parents will think twice before forcing rich, but otherwise unsuitable, marriages on their sons and daughters. Marriages will become less mercenary; more, indeed, as they are in England." Nothing is so hateful to a French mind as an *enlandre*, which is the inevitable climax of many a marriage now contracted by money loving French parents for their sons and daughters.—*Pall Mall Gazette.*

Cimon and Perrault.

There was good reason why the *Herald and Gazette* had nothing further to add in regard to the election which took place on Saturday, but we did think our contemporary would offer some explanation with respect to the result in Charlevoix. The first news from the county gave Mr. Cimon the seat, which was afterwards confirmed, the majority being 89. A rather curious incident, however, occurred in the early part of the campaign, when the candidates met. Mr. Perrault, in addressing an audience, declared that he was the nominee of the Government, and pulled out of his pocket a document containing the authority from Sir John A. Macdonald to claims the Conservative vote. Mr. Cimon on the other hand tendered his credentials over the signature of Mr. Chapleau, but declared that he would be dependent upon the vote of the Liberals if he was to succeed in securing the election. Mr. Cimon's position is, therefore, under these circumstances, an independent one, and we cannot see that the Premier in Parliament the other day was justified in claiming that Mr. Cimon's success was a Conservative triumph. Mr. Cimon has been very ill for some days, but a despatch to his friends in Montreal pronounces him much improved and out of danger. The Government's friends in Montreal were relieved of $7,000 to promote the success of the cause in Bellechasse. Mr. Amyot's majority was 33.—*Montreal Herald.*

Beauty's Rivalry

In answer to his advertisement offering $10,000 for the services of the the most beautiful women in America, for three months, Adam Forepaugh the circus manager has received 1,130 photographs from women in all sections of the country, who think they will fill the requirement and are justly entitled to the prize. Thus far a Chicago girl is the favorite. Four applications were received from Toronto, three from Hamilton, two from Ottawa, and nine from Montreal.

Northport, Wis., May 6, 1879.

JAMES I. FELLOWS, Esq.

SIR:—I have been using your medicine for over a year now and with the best effects. I have used 12 bottles of the Hypophosphites, and it has made a new man of me, I have been ailing over six years with a number of diseases, but lung difficulty was the most prominent. I have been under the care of a great many doctors, and have taken quantities of medicine without any apparent benefit, but appeared to be still growing worse and weaker until I accidentally came across one of your circulars, and was constrained to try your medicine, and I found its effects almost magical, upon me, and I was a surprise to myself and friends, having gained so rapidly in flesh.

I remain respectfully,
LAWRENCE DORAN.

Holloway's Pills.

Health's Fountain.—It cannot surely be necessary to remind any intelligent reader that the purity of the blood determines every individual's health and vigour. Holloway's medicine searches out the slightest taint in the vital fluid and neutralizes or expels it, so that the circulation supports the system in place of sowing the seeds of decay. When epidemics are advancing and disease is steadily on the increase, it behoves every one to have a restorative like these Pills ready to set right any irregularity in the stomach, liver, bowels, or Kidneys. Holloway's treatment is especially suitable for the young, delicate, and nervous, who are most susceptible of any prevailing sickness, and whom violent measures would endanger little less than the epidemic.

Remember This.

Now is the time of the year for Pneumonia, Lung Fever, Coughs, Colds, and fatal results of predisposition to Consumption and other Throat and Lung Disease. Roschee's German Syrup has been used in this neighborhood for the past two or three years without a single failure to cure. If you have not used this medicine yourself, go to J. G. King, druggist, and ask him of its wonderful success among his customers. Two doses will relieve the worst case. If you have no faith in any medicine, just buy a sample bottle of Roschee's German Syrup for 10 cents and try it. Regular size bottle 75 cents. Don't neglect a cough to save 75 cents.

Zopess and Brazil.

As a result of the new commercial enterprise just assuming importance with Brazil, is the introduction of Zopessa, so justly celebrated where it is known for the cure of all forms of Indigestion. The company have opened a laboratory in Toronto. Zopessa comes to us highly endorsed and recommended, its certainty to relief and cure Dyspepsia and Constipation, makes this remarkable compound a necessity in Canada. The company make sample bottles at the trifling cost of 10 cents, to be had of Heath & Gunn and Henry Wade.

A NARROW ESCAPE.—At midnight the inmates of a boarding house were aroused from their slumbers by the agonizing cries of a boarder. He had eaten cucumbers for supper and the result was *colic*. As usual no remedy was at hand; the sufferer was speechless with agony for some time. At last he gasped out, "Look in my valise!" A friend did as he desired, and beheld a bottle of Star Relief. A teaspoonful in water was at once given to the sufferer. The spasms ceased and sleep ensued. Death was averted and recovery complete. Star Relief is for sale at Wade's Drug Store, cor. King & Brock streets. Price 25 cents per bottle.

FALL RIVER STRIKE.

What the Employers Want. Operatives on the Look-out for "Knob Sticks."

Work at Chase mill, Fall River, Mass., was suspended on Tuesday on account of the spinners' strike, and all help are idle. The officers of the mill made efforts to secure spinners from Suncook, N.H., and other places, but notices signed by officers of the Trade Council were sent to all printing cloth manufacturers notifying operatives to keep away from the city. The weavers also voted to strike if "knob stock" help should be employed. The operatives, however, feel confident of being able to prevent the employment of "knob sticks," and sentinels are posted around to keep would-be workers away. Deep indignation is excited by the circulation of agreements like the following: "We, the undersigned, each for himself and not jointly, in consideration of our respective employment by mills and apart of our respective agreement with the same, do hereby severally agree with said company, (1) that we will not, while in the employ of said corporation, belong to or be influenced by the action of, any association whose members are subject to the will of the majority in the matter of wages or any other subject connected with the free right of any person to work for whom and at such rates as they may see fit; (2), that should we wish to leave the employ of said company we will give notice in writing to our overseers, and will continue to work ten days after said notice, it being understood that the notices of not more than one eighth of any one class of operatives will be accepted within one week, and if less than eight in any branch is employed, not more than one notice from such branch, and should we leave the mill without giving said notice we will forfeit all money that may be due us from the corporation for labor previously performed; (3), any breach of this agreement or printed regulations pasted in the mills, shall be considered misconduct on the part of the respective subscribers hereto, and shall be sufficient cause for summary discharge from employment of said corporation without notice or payment of wages."

The Secret of Happiness.

How often have we longed for perfect enjoyment and how seldom found it. Misfortune has come, or ill health overtakes us. Perhaps a cough has come upon us which threatens that dreaded of all diseases, consumption, and we feel that death is near. With what joy should we be filled then, when such a remedy as Dr. King's New Discovery for Consumption is placed with in our reach. It has cured thousands who were near the grave than ourselves and made their lives peaceful and happy. Asthma, bronchitis, hoarseness, loss of voice, difficulty of breathing, or any affection of the throat and lungs are *positively cured* by this wonderful discovery. Now to give you satisfactory proof that Dr. King's New Discovery *will cure* if you call at your Drug Store you can get a trial bottle for ten cents, or a regular size for $1.00. Sold by all druggists.

Corns! Corns!

Tender corns, painful corns, soft corns, bleeding corns, hard corns, corns of all kinds and of all sizes, are alike removed in a few days by the use of *Putnam's Painless Corn Extractor*. Never fails to cure, never causes pain, never leaves deep spots that are more annoying than the original discomfort. Give Putnam's Painless Corn Extractor a trial. Beware of substitutes. Sold by all druggists everywhere. And by J. Geo. King, Heath & Gunn, and by N. C. Polson & Co. agents for Ontario.

MARCH WINDS! The sudden changes and high winds which prevail in March makes a bottle of DOWNS' ELIXIR always necessary to have at hand. It is a cure cure for sudden colds and all lung diseases.

BAXTER'S MANDRAKE BITTERS will cure all bilious Diseases. Sold everywhere at 25 cts. per bottle. Try it.

The best remedy for strains and galls on horses is HENRY & JOHNSON'S ARNICA AND OIL LINIMENT. Good for man and beast.

BUCKLEN'S ARNICA SALVE.—The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all kinds of skin eruptions. This salve is guaranteed to give perfect satisfaction in every case or money refunded. Price 25 cents per box For sale by all druggists.

FOR COUGHS.—Mix one teaspoonful of Perry Davis' Pain Killer in three tablespoonfuls of syrup, and take two or three teaspoonfuls of the mixture every half hour, till relief is obtained.

MANHOOD RESTORED.

A victim of early imprudence, causing nervous debility, premature decay, etc., having tried in vain every known remedy has discovered a simple means of self-cure, which he will send free to his fellow-sufferers. Address J. H. REEVES, 43 Chatham st., N.Y.

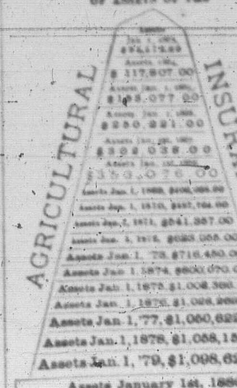
PYRAMID

OF ASSETS OF THE



Assets January 1st, 1880,

$1,137,549.00

Capital, $500,000. Net Surplus $238,183.81.

THE ATTENTION of owners of Farm Property and Residences is invited to the above Pyramid, showing the uniform and sure growth, during the last seventeen of its 17 years of existence, of a fire insurance company whose charter limits its business to their class of property—the **Agricultural Insurance Company**, of Watertown, N. Y. The figures represent the amount set apart at the dates given for the protection of Policy Holders.

Twenty-seven years of patient toil has made this the strongest and largest Company doing an exclusive Dwelling Business in the United States, if not in the world. It now issues 45,000 policies a year. No other like Company can show such growth and increase.

The history of this Company proves that a LARGE business, well scattered, managed with prudence, can be done with a very small profit from each risk, and afford perfect security, which will grow stronger every year.

While nine-tenths of the "Mutual" fire insurance companies, and many of the Stock companies, have failed on account of reckless or extravagant management, or doing too small a business, the OLD AGRICULTURAL, by economy, energy and prudence, has every year added a substantial amount to its Assets, for the indemnity of its patrons, and it now occupies a position in the confidence of the public second to no other Company.

From year to year it spreads, the base of its Pyramid gains strength.

KEYSTONE FARM CHARTER.—*Article 2.* This Company is formed for the purpose of insuring Farmers' Dwellings, Private Residences, Barns and Outbuildings, with their contents, and other property not more hazardous," and is strictly confined to this class of property.
