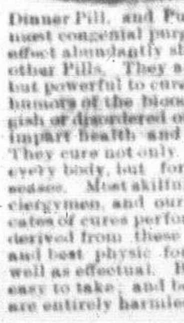
Ayer's Cathartic Pills,

For all the purposes of a Family Physic,

Curing



Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentry, Foul Stomach and Breath, Headache, Erysipelas, Piles, Rheumatism, Eruptions and Skin Diseases, Biliousness, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a Dinner Pill, and Purifying the Blood, are the most congenial purgative yet perfected. Their effect abundantly show how much they excel all other Pills. They are safe and pleasant to take, but powerful to cure. They purge out the foul humors of the blood; they stimulate the sluggish or disordered organs into action; and they impart health and tone to the whole being. They cure not only the every day complaints of every body, but formidable and dangerous diseases. Most skilful physicians, most eminent clergymen, and our best citizens, send certificates of cures performed, and of great benefits derived from these Pills. They are the safest and best physic for children, because mild as well as effectual. Being sugar coated, they are easy to take; and being purely vegetable, they are entirely harmless.

Ida Hillier, a dissolute character in Napanee gaol, will go to Mercer Reformatory to benefit her health and morals.

A reward of $200 is offered for the parties who set fire to the hotel in Wellington in December, 1879, and February, 1880.

W. H. Collins, Mill Point, has left for Saginaw, Mich. He had been head gardener for Mr. H. B. Rathbun for fourteen years.

D. W. Ball, of Bath, has completed his new mill. He can turn out 8,000 feet of lumber a day, and has lots of logs to cut.

Several high toned Napanee youths have lately been carrying on in an ungentlemanly manner. The papers threaten to expose them.

Between Grindstone Island and Wolfe and Howe Island there are frozen bars of ice which will require strong winds to break up.

The recent freshet on the Napanee River did much harm. Dams at Napanee, Petworth, Newburg and Clark's Mills were carried away.

I. A. Way, Bloomfield, has had 200 tons of hay pressed and drawn to Picton. He has sold his farm to Alfred Noxon for $10,000.

The Picton *Gazette* points out that Wellington should be made a shipping port for the P.E. railway. The $2,000 given to dredge the harbor will give a sufficient depth of water for any craft.

Mr. Geo. D. Hawley, M.P.P., did not succeed in getting a special grant for the people of Amherst Island, to enable them to construct a submarine electric cable, but hopes to be able to do so at the next session.

The little blind infant of Mrs. Navin, now in Napanee gaol for murder, is being indifferently cared for by Sarah Simpson, her sister. The Napanee *Beaver* askes for charity to be bestowed upon it.

Miss May Rogers, of Bath, has been shut out from the light for over two months, from disease of the eye. Owing to the scientific treatment of Dr. C. N. Lavell, of Kingston, she is in a fair way of recovering her sight.

The Methodists of Delta have paid over $350 on the parsonage debt this year. The contract for the new church at Elgin has been let. The missionary collections go fifty per cent. ahead of last year. Rev. John Ferguson is pastor.

A tramp entered the house of H. Brown, Centreville, while the family were out. A quantity of vegetables, groceries and clothing he stuffed into a lady's under garment and decamped. The owner captured him and secured the goods.

The editor of the *Echo* says if all the aspiring candidates for the next general election emigrate he will offer his services for the House of Commons. Asa would make things hot for the present Ministry. We all remember how his editorial bounced O'Connor from the Postmastership.

The Gananoque Rifle Association has elected the following officers: President, Major Mackenzie; Vice-President, A. Petrie; Sec.-Treasurer, Capt. Jackson; Range Committee, Sergt.-Major Shields, Sergt. McKellar, Sergt. Murchie and M. Wright. Lieut. Gillies, Executive Officer.

Real estate is changing hands to a great extent around Napanee. Many valuable properties have been sold. N. P. Wood has purchased the Perry farm, Ernesttown, from Jacob Hawley, paying over $4,000. Mr. Hawley had it in his possession only about two weeks, and made $200 in the operation.

The Picton *Times* has come across a model magistrate. His orthography is as unique as his chronology. He has summoned a man to appear at no date and at nowhere, for an offence committed in May 1881. He served the papers on one man himself and requested him to hand the other to his fellow offenders. He was not appointed by Mr. Mowat.

A lad named Mead threw a four pound stone at a companion in Gananoque on Wednesday last. It missed him but struck a boy named Allen, causing a deep indentation of the skull. The boy was carried home. He hovered between life and death, but finally rallied and is now improving. Young Mead suffered greatly in mind for his rash act.

Napanee justice is stern. Frederick Schryver and Jesse Johnson were fined $40 and costs for creating a row in the Campbell House. John Briggs was committed for trial for assaulting Chief Allen and G. Herrings. Wm. Huff (a erudite constable), John Tucker and Jessie Johnson answered the charge of resisting the police on the same occasion.

A temperance meeting was held at Bath a few evenings ago. Two young men acted as disturbers. They were ordered to be ejected. One of them having more courage than brains pulled off a very tall plug hat and his overcoat, placed himself for fight. A row ensued. The next day the young gent had the templars arrested for assault. A verdict of not guilty was rendered, and the disturber mulcted in costs.

The Tamworth *Echo* was telegraphed that the N. T. & Q. RR. would be pushed through. After the first shock was over the editor penned: "Courage boys! The N. T. & Q. is not busted yet. A live dog is better than a dead lion. Stranger things have happened than the grading of the road between now and the 20th of December. There are more ways than one to kill a cat. Just keep a stiff upper lip, and our word for it the tail of the Q will wiggle all right yet."

METHODIST COUNCIL.

Arrangements for the Coming Wesleyan Œcumenical Conference.

A meeting of the different Wesleyan bodies in Great Britain and Ireland was held on Tuesday of the week before last, in London, to consider the report of the Executive Committee and to make further arrangements for the forthcoming Conference. Some special difficulties had arisen in consequence of the wishes of some of the Wesleyans in the United States of America to have certain matters discussed which had been carefully excluded by the original basis of agreement, as it was accepted on both sides of the Atlantic. Dr. Osborn moved, and Dr. Cook seconded, a resolution approving the work of the Executive as a whole, and especially in the exclusion of doctrinal discussion. The resolution was carried unanimously, and there is no doubt it will be accepted in America, and so will end the temporary difficulty of questions of doctrines, standards and polity. It was suggested from America that Friday, August 5th, be observed as a day of special prayer by Methodists throughout the world for the blessing of God upon the Œcumenical Conference, and the convention unanimously agreed to the suggestion. Some conversation arose on the subject of the guarantee fund. The executive had agreed that the sum of £12 10s. should be raised for each representative by the body sending him, and it was agreed that the guarantee fund should amount to £2,500. The conference will consist of two general divisions, the eastern and western sections, with their affiliated conferences and missions. The eastern section will consist of Episcopal and non-Episcopal Methodists, and the western section will consist of the Wesleyan Conference Methodists and the Methodists of all other denominations. Four working committees were appointed—the Reception Committee, the Publication Committee, and the Business Committee; the first committee having power to add to its number. The Conference will commence on Wednesday, the 7th September, and will be held in two sessions, the first in London and the second in Leeds.

Reminders!

Bellmen were appointed in London in 1556, to ring the bells at night and cry, "Take care of your fire and candle, be charitable to the poor, and pray for the dead." We are constantly reminded by circumstances to take care of our health, and preserve in a proper way our bodies. This, alas! is too often neglected. The dyspeptic and bilious are induced to make trial of some drug or patent medicine, which often aggravates the malady. Be sure and provide yourself with Baxter's Mandrake Bitters; they are highly prized by all who have used them, as the most effectual cure for all disorders of the stomach.

A NARROW ESCAPE.—At midnight the inmates of a boarding house were aroused from their slumbers by the agonizing cries of a boarder. He had eaten cucumbers for supper and the result was *colic*. As usual no remedy was at hand; the sufferer was speechless with agony for some time. At last he gasped out, "Look in my valise!" A friend did as he desired, and beheld a bottle of STAR RELIEF. A teaspoonful in water was at once given to the sufferer. The spasms ceased and sleep ensued. Death was averted and recovery complete. STAR RELIEF is for sale at Wade's Drug Store, cor. King & Brock streets. Price 25 cents per bottle.

I deem it a duty to state that Mr. ——, of this county, had his right lung seriously affected with tubercular deposit, accompanied with night sweats, frequent hemorrhage copious expectoration and much emaciation; the use of Fellow's Syrup of hypophosphites seems to have arrested the progress of the disease almost immediately, the hemorrhage has not returned, his appetite is excellent, and he is able to attend to his business as usual.

A. SMITH, M.D., Campbelltown, N.B.

"THANK HEAVEN FOR THAT," cried a farmer's wife upon seeing her child sleeping peacefully after it had suffered much pain during the night time. STAR RELIEF had conquered the pain and brought on "nature's sweet restorer, balmy sleep." Here is another instance of the value of STAR RELIEF. It saved a child's life and made the mother thankful and happy. STAR RELIEF can be procured at Wade's Drug Store, cor. King & Brock streets. Price 25 cents per bottle.

BUCKLEN'S ARNICA SALVE.—The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all kinds of skin eruptions. This salve is guaranteed to give perfect satisfaction in every case or money refunded. Price 25 cents per box. For sale by all druggists.

THE ATTENTION of owners of Farm Property and Residences is invited to the above Pyramid, showing the uniform and sure growth, during the last seventeen of its 27 years of existence, of a fire insurance company whose charter limits its business to their class of property—the **Agricultural Insurance Company**, of Watertown, N. Y. The figures represent the amount set apart at the dates given for the PROTECTION OF POLICY HOLDERS.

Twenty-seven years of patient toil has made this the strongest and largest Company doing an exclusive Dwelling Business in the United States, if not in the world. It now issues 45,000 polices a year. No other like Company can show such growth and increase.

The history of this Company proves that a LARGE business, well scattered, managed with prudence, *can be done with a very small profit from each risk*, and afford perfect security, which will grow stronger every year.

While nine-tenths of the "Mutual" fire insurance companies, and many of the Stock companies, have failed on account of reckless or extravagant management, or doing too small a business, the OLD AGRICULTURAL, by economy, energy and prudence, has every year added a substantial amount to its Assets, for the indemnity of its patrons, and now occupies a position in the confidence of the public second to no other Company.

From year to year it spreads the base of its Pyramid and gains strength.

EXTRACT FROM CHARTER.—"*Article 2.* This Company is formed for the purpose of insuring Farmers' Dwellings, Private Residences, Barns and Outbuildings, with their contents, and other property not more hazardous," and is strictly confined to this class of property.

I have used it in Consumption, Asthma, Diarrhœa and other diseases, and am perfectly satisfied with the results."

"Earl Russell communicated to the College of Physicians that he received a despatch from Her Majesty's Consul at Manilla to the effect that cholera has been raging fearfully and that the only remedy of any service was CHLORODYNE."—See *Lancet*, 1st December, 1864.
